New Trees

Oxford University Press, USA
A rollicking novel about Nat Love, an African-American cowboy with a famous nickname: Deadwood Dick. Young Willie is on the run, having fled his small Texas farm when an infamous local landowner murdered his father. A man named Loving takes him in and trains him

in the fine arts of shooting, riding, reading, and gardening. When Loving dies, Willie rechristens himself Nat Love in tribute to his mentor, and heads west. In Deadwood, South Dakota Territory, Nat becomes a Buffalo Soldier and is befriended by Wild Bill Hickok. After winning a famous shooting match, Nat's peerless marksmanship and charm earn him the nickname Deadwood

Dick, as well as a beautiful woman. But the hellhounds are still on his trail, and they brutally attack Nat Love's love. Pursuing the men who have driven his wife mad, Nat heads south for a final, deadly showdown against those who would strip him of his home, his love, his freedom, and his life.

Femtosecond Laser Surgery in Ophthalmology Knopf
In this volume Martin Heidegger confronts the

philosophical problems of language and begins to unfold the meaning behind his famous and little understood phrase "Language is the House of Being." The "Dialogue on Language," between Heidegger and a Japanese friend, together with the four lectures that follow, present Heidegger's central ideas on the origin, nature, and significance of language. These essays reveal how

one of the most profound philosophers of our century relates language to his earlier and continuing preoccupation with the nature of Being and human being. One the Way to Language enable readers to understand how central language became to Heidegger's analysis of the nature of Being. On the Way to Language demonstrates that an interest in the meaning of language is

one of the strongest bonds between analytic philosophy and Heidegger. It is an ideal source for studying his sustained interest in the problems and possibilities of human language and brilliantly underscores the originality and range of his thinking. A Cultural History of Climate Polity After immigrating with his German Jewish family to South America in the

1930s, Heinz Magnus hopes to escape the Nazi regime and build a new life for himself. But with the storm clouds of war gathering over Europe, the Politeama Theatre in Buenos Aires is chosen as the venue for the Chess Tournament of Nations. The world's eyes are suddenly fixed on Heinz's newly adopted city. Heinz and a colorful cast of characters--drawn from real life, the author's imagination, and stolen

from the pages of Stefan Zweig--find themselves caught up in a web of political intrigue, romantic entanglements, and sporting competition that seems to hold the fate of the world hanging in the balance. Ariel Magnus leaves no stone unturned in his efforts to learn more about his grandfather and the country to which he emigrated in the 1930s.

Chess with My Grandfather is a playful, genre-shifting novel combining tales of international espionage, documentary evidence, and family lore. In this extraordinary book, Magnus blends fact and fiction in a delirious exploration of a dark period of history, family, identity, the power of art and literature and, of course, the fascinating world of chess.

Bodies of Summer

Bloomsbury Publishing In 1918, the Italian-Americans of New York, the Yupik of Alaska, and the Persians of Mashed had almost nothing in common except for a virus -- one that triggered the worst pandemic of modern times and had a decisive effect on twentieth-century history. The Spanish flu of 1918-1920 was one of the greatest human disasters of all time. It infected a third of the people on Earth -- from the poorest immigrants of New York City to the king of Spain, Franz Kafka, Mahatma Gandhi, and Woodrow Wilson. But despite a death toll of between 50 and 100 million people, it exists in our memory as an afterthought to World War I. In this gripping narrative history, Laura Spinney traces the overlooked pandemic to reveal how the virus travelled across the globe, exposing mankind's vulnerability and putting our ingenuity to the test. As socially significant as both world wars, the Spanish flu dramatically disrupted -- and often permanently altered -- global politics, race relations and family structures, while spurring innovation in medicine, religion and the arts. It was partly responsible, Spinney argues, for

pushing India to independence, South Africa to apartheid, and Switzerland to the brink of civil war. It also created the true "lost generation." Drawing on the latest research in history, virology, epidemiology, psychology and economics, Pale Rider masterfully recounts the little-known catastrophe that forever changed humanity. Pale Rider Crown The moving, playful

memoir of Hans Rosling, Swedish statistics mastermind, researcher extraordinaire and author of the global bestseller, Factfulness, with Ola Rosling and Anna Rosling Rönnlund This is a book that contains very few numbers. Instead, it is about meeting people who have opened my eyes. It was facts that helped him explain how the world works. But it was curiosity and commitment that made the

late Hans Rosling, author of the bestselling book Factfulness with Ola Rosling and Anna Rosling Rönnlund, the most popular researcher of our time. How I Learned to Understand the World is Hans Rosling's own story of how he became a revolutionary thinker, and takes us from the swelter of an emergency clinic in Mozambique, to the World Economic Forum at Davos. In collaboration

with Swedish
journalist

Michael Pye's
The Edge of
the World is
an epic
adventure:

from the
Vikings to the
Enlightenment
, from barbaric
outpost to
global centre,
it tells the
amazing story
of northern
Europe's
transformation
by sea. 'An
utterly
beguiling
journey into
the dark ages
of the north
sea. A
complete
revelation . . .
Pye writes like
a dream.
Magnificent'
Jerry Brotton,
author of A
History of the
World in
Twelve Maps
This is a story
of saints and
spies, of
fishermen and

pirates,
traders and
marauders -
and of how
their wild and
daring
journeys
across the
North Sea
built the world
we know.
When the
Roman Empire
retreated,
northern
Europe was a
barbarian
outpost at the
very edge of
everything. A
thousand
years later, it
was the heart
of global
empires and
the home of
science, art,
enlightenment
and money.
We owe this
transformation
to the tides

and storms of the North Sea. The water was dangerous, but it was far easier than struggling over land; so it was the sea that brought people together. Boats carried food and raw materials, but also new ideas and information. The seafarers raided, ruined and killed, but they also settled and coupled. With them they brought new tastes and technologies - books, clothes, manners, paintings and

machines. In this dazzling historical adventure, we return to a time that is largely forgotten and watch as the modern world is born. We see the spread of money and how it paved the way for science. We see how plague terrorised even the rich and transformed daily life for the poor. We watch as the climate changed and coastlines shifted, people adapted and

towns flourished. We see the arrival of the first politicians, artists, lawyers: citizens. From Viking raiders to Mongol hordes, Frisian fishermen to Hanseatic hustlers, travelling as far west as America and as far east as Byzantium, we see how the life and traffic of the seas changed everything. Drawing on an astonishing breadth of learning and packed with human stories and revelations,

this is the epic drama of how we came to be who we are. 'A closely-researched and fascinating characterisation of the richness of life and the underestimated interconnections of the peoples all around the medieval and early modern North Sea. A real page-turner' Chris Wickham, author of *The Inheritance of Rome: A History of Europe from 400 to 1000* 'Elegant writing and

extraordinary scholarship . . . 'Miraculous' Hugh Aldersey-Williams, author of *Periodic Tales and Anatomies* 'Splendid. A heady mix of social, economic, and intellectual history, written in an engaging style. It offers a counterpoint to the many studies of the Mediterranean , arguing for the importance of the North Sea. Exciting, fun, and informative' Michael Prestwich,

Professor of History, Durham University Michael Pye has written eleven previous books, translated into eleven languages, including two British bestsellers and two New York Times Notable Books of the Year. He took a First and various prizes in Modern History at Oxford, and was then for many years a highly successful journalist, columnist and broadcaster in

London and New York. He now lives between London and rural Portugal. *Invisible Natives* Penguin
 "Dan Jones is an entertainer, but also a bona fide historian. Seldom does one find serious scholarship so easy to read."
 - The Times, Book of the Year A New York Times bestseller, this major new history of the knights Templar is "a fresh, muscular and compelling

history of the ultimate military-religious crusading order, combining sensible scholarship with narrative swagger" - Simon Sebag Montefiore, author of *Jerusalem* A faltering war in the middle east. A band of elite warriors determined to fight to the death to protect Christianity's holiest sites. A global financial network unaccountable to any government. A

sinister plot founded on a web of lies. Jerusalem 1119. A small group of knights seeking a purpose in the violent aftermath of the First Crusade decides to set up a new order. These are the first Knights Templar, a band of elite warriors prepared to give their lives to protect Christian pilgrims to the Holy Land. Over the next two hundred years, the Templars would become

the most powerful religious order of the medieval world. Their legend has inspired fervent speculation ever since. In this groundbreaking narrative history, Dan Jones tells the true story of the Templars for the first time in a generation, drawing on extensive original sources to build a gripping account of these Christian holy warriors whose

heroism and alleged depravity have been shrouded in myth. The Templars were protected by the pope and sworn to strict vows of celibacy. They fought the forces of Islam in hand-to-hand combat on the sun-baked hills where Jesus lived and died, finding their nemesis in Saladin, who vowed to drive all Christians from the lands of Islam. Experts at channeling money across borders, they established

the medieval world's largest and most innovative banking network and waged private wars against anyone who threatened their interests. Then, as they faced setbacks at the hands of the ruthless Mamluk sultan Baybars and were forced to retreat to their stronghold in Cyprus, a vindictive and cash-strapped King of France set his sights on their fortune. His administrators quietly mounted a damning case

against the Templars, built on deliberate lies and false testimony. On Friday October 13, 1307, hundreds of brothers were arrested, imprisoned and tortured, and the order was disbanded amid lurid accusations of sexual misconduct and heresy. They were tried by the Pope in secret proceedings and their last master was brutally tortured and burned at the stake. But were they

heretics or victims of a ruthlessly repressive state? Dan Jones goes back to the sources to bring their dramatic tale, so relevant to our own times, to life in a book that is at once authoritative and compulsively readable. Tambora and the Year without a Summer Graywolf Press The Baader-Meinhof Group--later known as the Red Army Faction (RAF)--was a violent urban guerilla

group which terrorized Germany in the 1970s and '80s, killing 47 people, wounding 93, taking 162 hostages, and robbing 35 banks--all in an attempt to bring revolution to the Federal Republic. Stefan Aust's masterful history of the Group presents the definitive account, capturing a highly complex story both accurately and colorfully. Much new information has surfaced

since the mass suicide of the Groups' leaders in the 1980s. Some RAF members have come forward to testify in new investigations and formerly classified Stasi documents have been made public since the fall of the Berlin Wall, all contributing to a fuller picture of the RAF and the events surrounding their demise. Aust presents the complete history of the RAF, from the creation in 1970 to the breakup in 1998,

incorporating all of the new information. For instance, there is growing evidence that the German secret service eavesdropped on Baader, Meinhof, and the other RAF members imprisoned in Stammheim and that they knew that the terrorists planned a mass suicide, but did nothing to prevent it. Also, there is new information about the role of the RAF lawyers (among them Otto Schily

who later was Minister of the Interior in Gerhard Schröder's cabinet), and the roles of the different RAF members and the rivalry between them. The volume will also contain numerous photos. Terrorism today is never far from most people's thoughts. Baader-Meinhof offers a gripping account of one of the most violent terrorist groups of the late twentieth century, in a compelling

look at what they did, why they did it, and how they were brought to justice.

<p>2023. Europäer waren einst eine GEMEINSCHAFT (EG/EWG), doch von Gemeinschaft kann seit Gründung der EU im Jahr 1992 keine Rede mehr sein.. Brüssel hat sich meilenweit vom Bürger entfernt. Das kafkaeske Konstrukt der EU ist derart undemokratisch, dass es sich selbst nicht als Mitgliedstaat aufnehmen dürfte. Die EU erfüllt nicht die Mindestanforderungen einer</p>	<p>modernen Demokratie - ohne Opposition, ohne Initiativrecht des Parlaments etc. Sven Kesch berichtet in klarer Sprache ausführlich über unglaubliche Geldverschwendung, Korruption, Auswüchse, Regulierungswahn, Umverteilung - und Solidaritätsmissbrauch, sowie all die hochgepriesenen "Säulen" der EU, die sich anders entwickelt haben, als von</p>	<p>den Gründungsvätern gedacht. Als überzeugter Europäer plädiert Sven Kesch für einen Rückbau, für eine grundlegende Reform der EU, ohne all die krankhaften Wucherungen einer vollkommen aus dem Ruder gelaufenen EU. Minna Von Barnhelm Harper Collins The village of Shimae is thrown into turmoil when master carp- catcher</p>
--	--	---

Katsuro suddenly drowns in the murky waters of the Kusagawa river. Who now will carry the precious cargo of carp to the imperial palace and preserve the crucial patronage that everyone in the village depends upon? Step forward Miyuki, Katsuro's grief-struck widow and the only remaining person in the village who knows anything about carp. She alone can

undertake the long, perilous journey to the imperial palace, balancing the heavy baskets of fish on a pole across her shoulders, and ensure her village's future. So Miyuki sets off. Along her way she will encounter a host of remarkable characters, from prostitutes and innkeepers, to warlords and priests with evil in mind. She will endure ambushes and disaster, for the villagers

are not the only people fixated on the fate of the eight magnificent carp. But when she reaches the Office of Gardens and Ponds, Miyuki discovers that the trials of her journey are far from over. For in the Office of Gardens and Ponds, nothing is quite as it seems, and beneath its veneer of refinement and ritual, there is an impenetrable barrier of politics and snobbery that

Miyuki must overcome if she is to return to Shimae.

On the Way to Language

Little, Brown FULLY UPDATED FOR THE FINAL SEASON! The struggle for the Iron Scone has begun and chaos reigns throughout the Seven Kingdoms. Appetites are rising and kings, queens, knights, liars and honest men battle it out as they play the Game of Scones. Jammy Lannister, by right of birth, blood and

dough, has laid his claim to the Iron Scone of Westeros: join him as he fights his way through the kitchen, encountering edible desserts and baked goods including Unsullied Soldiers (without nuts), Brienne of Tart, Jaime and Cersei's Family Mess, Hodor's Doorstop Sandwich and Tyrion's Shortbread. ARYA HUNGRY? BECAUSE DINNER IS COMING . . . Fully updated

with new recipes for the final season! *Sourdough* Penguin UK Franz Polzer is a man who is dominated by irrational fears; even a friendly smile seems to conceal a hidden menace. He keeps the world at bay by organising his life according to the meticulous routine of his work as a bank clerk. He even rejects promotion because it brings the unknown that will threaten to upset his ordered

existence. But this precarious order is disturbed by the sexual demands of his landlady. Once the first breach has occurred, he is dragged inexorably down into an abyss of degradation which ends in a grisly murder. The horror of Polzer's fall is emphasised by the matter-of-fact sobriety of Ungar's narrative style. For Stefan Zweig, The Maimed was wonderful and horrible, captivating	and repulsive, unforgettable, although one would be glad to be able to forget it. <u>Paradise Sky</u> New Directions Publishing From Robin Sloan, the New York Times bestselling author of Mr. Penumbra's 24-Hour Bookstore, comes Sourdough, "a perfect parable for our times" (San Francisco Magazine): a delicious and funny novel about an overworked and under-socialized	software engineer discovering a calling and a community as a baker. Named One of the Best Books of the Year by NPR, the San Francisco Chronicle, and Southern Living Lois Clary is a software engineer at General Dexterity, a San Francisco robotics company with world-changing ambitions. She codes all day and collapses at night, her human contact
--	--	--

limited to the two brothers who run the neighborhood hole-in-the-wall from which she orders dinner every evening. Then, disaster! Visa issues. The brothers quickly close up shop. But they have one last delivery for Lois: their culture, the sourdough starter used to bake their bread. She must keep it alive, they tell her—feed it daily, play it music, and learn to bake with it. Lois is no baker, but

she could use a roommate, even if it is a needy colony of microorganisms. Soon, not only is she eating her own homemade bread, she's providing loaves to the General Dexterity cafeteria every day. Then the company chef urges her to take her product to the farmer's market—and a whole new world opens up. *Milkman W. Norton & Company* The

femtosecond laser has emerged as a groundbreaking game-changer in ophthalmic surgery. It was first introduced for corneal refractive surgery in flap creation during LASIK, and subsequently for cataract surgery in 2008. The femtosecond laser cuts deeply on a single plane without collateral damage. Its high precision and safety result in excellent outcomes in

the hands of experienced eye surgeons, benefiting virtually everyone. Femtosecond Laser Surgery in Ophthalmology fills an unmet need for a comprehensive, up-to-date resource on growing applications of this state-of-the-art technology. H Burkhard Dick is a world-renowned pioneer who has performed more than 6,000 laser cataract operations. Readers will benefit from

his keen insights along with the collective expertise of co-authors Tim Schultz, Ronald D. Gerste, and a cadre of top-notch contributors. Twenty-nine chapters encompass basic physics, refractive and therapeutic cornea treatment, various aspects of laser cataract surgery, and patient selection. Key Features Clinical pearls, outcomes, and complications management in

femtosecond laser-assisted in situkeratomile usis surgery Discussion of crucial steps including capsulotomy, lens fragmentation, and corneal incisions The use of the femtosecond laser for presbyopia, pediatric cataract surgery, and ocular comorbidities Extensive videos posted in the Thieme MediaCenter further elucidate techniques More than 300 high quality illustrations

and photos add a rich visual dimension. This practical book provides in-depth knowledge on the applications of femtosecond laser surgery, enabling cataract and refractive surgeons to incorporate these techniques into daily practice. Ophthalmologists and ophthalmology fellows and residents will discover an invaluable resource for specialized training. The

Adventurous Simplicissimus
Flatiron Books
A thrilling piece of undiscovered history, this is the true account of a young Jewish woman who survived World War II in Berlin. In 1942, Marie Jalowicz, a twenty-year-old Jewish Berliner, made the extraordinary decision to do everything in her power to avoid the concentration camps. She removed her yellow star, took on an assumed identity, and

disappeared into the city. In the years that followed, Marie took shelter wherever it was offered, living with the strangest of bedfellows, from circus performers and committed communists to convinced Nazis. As Marie quickly learned, however, compassion and cruelty are very often two sides of the same coin. Fifty years later, Marie agreed to tell her story for the first time. Told in her

own voice
with
unflinching
honesty,
Underground
in Berlin is a
book like no
