Following nearly a decade of research, this account solves the mysterious death of biochemist Frank Olson, revealing the identities of his murderers in shocking detail. It offers a unique and unprecedented look into the backgrounds of many former CIA, FBI, and Federal Narcotics Bureau officials—including several who actually oversaw the CIA's mind-control programs from the 1950s to the 1970s. In retracing these programs, a frequently bizarre and always frightening world is introduced, colored and dominated by many factors—Cold War fears, the secret relationship between the nation's drug enforcement agencies and the CIA, and the government's close collaboration with the Mafia.

The heartwarming autobiography of a vintage Jewish comedian, with a new introduction highlighting his relevance to contemporary culture and cultural studies. Mickey Katz (1909 - 1985), a Jewish comedian and musician, is best known for his parodies — "Theme from Moulin Rouge (Where is My Heart)" became "Where is My Pants?", "(How Much is that) Doggie in the Window" became "Pickle in the Window" — incorporating Yiddish words and accents. His very first English-Yiddish recording, "Haim afen Range," was an instant hit and he went on to record ninety singles and ten albums for RCA and Capitol. Father of performer Joel Grey and grandfather of actress Jennifer Grey, Mickey Katz's irreverent blend of Jewish story-telling, vaudeville routines, African-American jazz, Jewish klezmer and popular dance band music have had a lasting impact on American culture. In this rollicking autobiography, first published in 1977 and reissued here with a new introduction, the King of the Borscht Capades talks frankly about politics, music, family, identity and show business.

Was the Reformation a mistake? In its actual historical context, it hardly seems fair to call the Reformation a "mistake." In 1517, the Church was in need of a spiritual and theological reform. The issues raised by Renaissance humanism - and by the profound corruption of the Church's leaders, the Avignon papacy, and the Great Schism in the fourteenth and fifteenth centuries - lingered unresolved. What were key theological problems that led to the Reformation? Theologian Matthew Levering helps readers see these questions from a Catholic perspective. Surveying nine key themes - Scripture, Mary, Eucharist, Monasticism, Justification and Merit, Saints Priesthood, and Scripture - he examines the positions of Martin Luther and makes a case that the Catholic position is biblically defensible once one allows for the variety of biblically warranted modes of interpreting Scripture. At the same time, Levering makes clear that he cannot "prove" the Catholic case. The book concludes with a spirited response by "mere Protestant" theologian Kevin J. Vanhoozer. X

Women are constantly being told that it's simply too difficult to balance work and family, so if they

don't really "have to" work, it's better for their families if they stay home. Not only is this untrue, Leslie Bennetts says, but the arguments in favor of stay-at-home motherhood fail to consider the surprising benefits of work and the unexpected toll of giving it up. It's time, she says, to get the message across--combining work and family really is the best choice for most women, and it's eminently doable. Bennetts and millions of other working women provide ample proof that there are many different ways to have kids, maintain a challenging career, and have a richly rewarding life as a result. Earning money and being successful not only make women feel great, but when women sacrifice their financial autonomy by quitting their jobs, they become vulnerable to divorce as well as the potential illness, death, or unemployment of their bread-winner husbands. Further, they forfeit the intellectual, emotional, psychological, and even medical benefits of self-sufficiency. The truth is that when women gamble on dependancy, most eventually end up on the wrong side of the odds. In riveting interviews with women from a wide range of backgrounds, Bennetts tells their dramatic stories--some triumphant, others heart-breaking. The Feminine Mistake will inspire women to accept the challenge of figuring out who they are and what they want to do with their lives in addition to raising children. Not since Betty Friedan has anyone offered such an eye-opening and persuasive argument for why women can--and should--embrace the joyously complex lives they deserve.
