Feminist Interpretations of Jean-Paul Sartre Les Editions Du Cenacle

Jean-Paul Sartre was one of the most important philosophers of the twentieth century. His influence extends beyond academic philosophy to areas as diverse as anti-colonial movements, youth culture, literary criticism, and artistic developments around the world. Beginning with an introduction and biography of Jean-Paul Sartre by Matthew C. Eshleman, 42 chapters by a team of international contributors cover all the major aspects of Sartre's thought in the following key areas: Sartre's philosophical and historical context Sartre and phenomenology Sartre, existentialism, and ontology Sartre and ethics Sartre and political theory Aesthetics, literature, and biography Sartre’s engagements with other thinkers. The Sartrean Mind is the most comprehensive collection on Sartre published to date. It is essential reading for students and researchers in philosophy, as well as for those in related disciplines where Sartre’s work has continuing importance, such as literature, French studies, and politics.

The Culture of Reconstruction Susquehanna University Press

This is the first substantial reference work in English on the various forms that constitute "life writing." As this term suggests, the Encyclopedia explores not only autobiography and biography proper, but also letters, diaries, memoirs, family histories, case histories, and other ways in which individual lives have been recorded and structured. It includes entries on genres and subgenres, national and regional traditions from around the world, and important auto-biographical writers, as well as articles on related areas such as oral history, anthropology, testimonies, and the representation of life stories in non-verbal art forms.

Americanism, Media and the Politics of Culture in 1930s France Indiana University Press

Jean-Paul Sartre and His Critics Haus Publishing

Jean-Paul Sartre: Mind and Body, Word and Deed celebrates Sartre’s polyvalence with an examination of Sartrean philosophy, literature, and politics. In four distinct yet related sections, twelve scholars from three continents examine Sartre’s thought, writing and action over his long career. “Sartre and the Body” reappraises Sartre’s work in dialogue with other philosophers past and present, including Maine de Biran, Maurice Merleau-Ponty and Didier Anzieu. “Sartre and Time” offers a first-hand account by Michel Contat of Sartre and Beauvoir working together, and a “philosophy in practice” analysis by François Noudelmann. “Ideology and Politics” uses Sartrean notions of commitment and engagement to address modern and contemporary politics, including insights into Castro, De Gaulle, Sarkozy and Obama. Finally, an important but neglected episode of Sartre’s life—the visit that he and Beauvoir made to Japan in 1966—is narrated with verve and humour by Professor Suzuki Michihiko, who first met Sartre during that visit and remained in touch subsequently. Taken together, these twelve chapters make a strong case for the continued relevance of Sartre today. *Phenomenology World-Wide* Routledge

Countless biographers have tried to unveil the real Jean Paul Sartre without his consent or cooperation. Only John Gerassi was honored with the responsibility of being Sartre's official biographer. His book sheds brilliant light on both the life and the thoughts of the man who embodied one of the prime intellectual movements of the twentieth century. 20 halftones.

Les mots, de Jean-Paul Sartre Reaktion Books

Originally published in 1981. This book looks at the autobiographical work of nine twentieth-century writers – Henry Adams, Henry James, W. B. Yeats, Boris Pasternak, Leiris, Jean-Paul Sartre, Vladimir Nabokov, Henry Green and Adrian Stokes. The author argues that often the writer has shaped his life through his craft, coming to understand the pattern of his own existence through the formalism of language. In each case the writer stamps his personality on the work by mean of a distinctive verbal surface whose discipline enables him to evade narrow egotism and forces both reader and writer into an act of collaboration and corroboration. Written at a time when criticism was turning to focus on the relation between the reader and the text, this study added a provocative dimension to the debate and is still an important read today.

Jean-Paul Sartre: A Bibliography of International Criticism Psychology Press

This series of bibliographical references is one of the most important tools for research in modern and contemporary French literature. No other bibliography represents the scholarly activities and publications of these fields as completely.

Jean-Paul Sartre NTC/Contemporary Publishing Company

First published in 1996. This text provides an introduction to the historical and cultural context of Sartre and his work. It explores and explains the conflicting critical reactions to Sartre's work. A glossary of critical terms and cultural references provides background information.

Les mots Bowling Green, Ohio : Philosophy Documentation Center, Bowling Green State University

Published on the occasion of Sartre's Centenary, this book helps to understand the man behind the work, offering a psycho-social analysis of Jean-Paul Sartre with an emphasis on his masculinity. It sets out to contextualize Sartre in terms of his psycho-sexual formation and processes of self-constitution in view of his childhood. The main period under detailed study is 1905-1945, before Sartre became the Sartre. It concentrates on his early childhood, his teenage years in La Rochelle, the years at the Ecole Normale, and the first few years of his adulthood, with specific attention on the war years. An analysis of Sartre's relationships follows, with Simone de Beauvoir and other women and men (including love and sex), before a postscript covering the period 1973-1980. This essay is not a reductive account. It tells the story of Jean-Paul Sartre, from the inside out, so that the achievements of one of the major intellectuals of the 20th Century can be measured against his own internal struggles.

Leçon littéraire sur "Les mots" de Jean-Paul Sartre University of Chicago Press

These critical essays bring together prominent scholars in the social sciences to consider the diverse nature of the legacy of Pierre Bourdieu in contemporary social theory. In offering a range of perspectives on the continuing relevance of Bourdieu’s sociology, the essays of this volume examine Bourdieu’s relationship to both classical and contemporary social theory. This collection constructs an intellectual bridge between French-speaking and English-speaking accounts of Bourdieu’s work.

Fiche de lecture Les Mots de Jean-Paul Sartre (Analyse littéraire de référence et résumé complet) Springer

Introduction to Phenomenology is an outstanding and comprehensive guide to phenomenology. Dermot Moran lucidly examines the contributions of phenomenology's nine seminal thinkers: Brentano, Husserl, Heidegger, Gadamer, Arendt, Levinas, Sartre, Merleau-Ponty and Derrida. Written in a clear and engaging style, Introduction to Phenomenology charts the course of the phenomenological movement from its origins in Husserl to its transformation by Derrida. It describes the thought of Heidegger and Sartre, phenomonology’s most famous thinkers, and introduces and assesses

the distinctive use of phenomenology by some of its lesser known exponents, such as Levinas, Arendt and Gadamer. Throughout the book, the enormous influence of phenomenology on the course of twentieth-century philosophy is thoroughly explored. This is an indispensable introduction for all unfamiliar with this much talked about but little understood school of thought. Technical terms are explained throughout and jargon is avoided. Introduction to Phenomenology will be of interest to all students seeking a reliable introduction to a key movement in European thought.

Sartre, Self-formation, and Masculinities Springer

Jean-Paul Sartre was arguably the best-known and most influential French writer of his time. As a philosopher, as a novelist, as a playwright, as the author of filmscripts, as the editor of *Les Temps Modernes*, as a man who was never afraid to commit himself to the moral and political as well as the literary life of his own times, he was unique. Not since Voltaire has Western civilization produced so humane, manifold, and boldly "engaged" a man of letters. At 59, he undertook his autobiography, bringing to his own childhood the same rigor of honesty and insight which he had applied so brilliantly in earlier books to Baudelaire and Jean Genet. "Directed to the heart as well as to the intellect," the result is like nothing else in the Sartre canon, or in France, where *The Words* has been accorded a place beside that other masterpiece of self-analysis, Rousseau's *Confessions*.--Adapted from publisher description.

Sartre Routledge

An authoritative and original volume on the history of the diary in French writing in the twentieth century with a series of chapter-length studies on works by Andre Gide, Raymond Queneau, Roland Barthes, and Annie Ernaux

Les mots Primento

"What I have just written is false. True. Neither true nor false, like everything one writes about madmen, about men." With these sentences, Jean-Paul Sartre undermines the truthfulness of his own autobiography, *Les Mots*. Undeterred by such circumlocutions, Andrew Leak here cuts through Sartre's own disavowals to unearth the man behind the literary and philosophical giant. This biographical study integrates Sartre's works into his personal life, revealing the intimate contexts in which his philosophy developed. From Sartre's beginnings as a bright and precocious student, Leak explores how he struggled against the repressive strictures of bourgeois expectations, endured cruelty at the hands of schoolmates, and forged his conflicted personality within a fragmented family life. The book probes his particularly influential relationships with a range of people—from Simone de Beauvoir to Gaston Gallimard—and how Sartre was transformed by historical events, in particular his service in World War II. Telling anecdotes, personal correspondence, and archival photographs expose how Sartre's own challenges emerged as predominant themes in his works—such as the often blurred delineation between the real and imaginary, and his preoccupation with definitions of "madness" in the individual. Leak's astute and provocative examination of Sartre himself challenges the philosopher's assertion about the limits of knowledge of the other.

The Words University of Wales Press
