A Kid's Guide to Australia CSIRO PUBLISHING

Marcia Langton: Welcome to Country is a curated guidebook to Indigenous Australia and the Torres Strait Islands. In its pages, respected scholar and author Professor Marcia Langton offers fascinating insights into Indigenous languages and customs, history, native title, art and dance, storytelling, and cultural awareness and etiquette for visitors. There is also a directory of Indigenous tourism experiences, organised by state or territory, covering galleries and festivals, national parks and museums, communities that are open to visitors, as well as tours and performances. This book is essential for anyone travelling around Australia who wants to learn more about the culture that has thrived here for over 50,000 years. It also offers the chance to enjoy tourism opportunities that will show you a different side of this fascinating country — one that remains dynamic, and is filled with openness and diversity.

Australian Bird Guide Oxford University Press, USA

This book is the most up-to-date guide to Australian birds available. Written in everyday language, with crisp, brilliant digital images taken in the wild, this authoritative guide includes:

- The first entry and photograph of the previously believed extinct Night Parrot
- The recently recognised as a full specie Lesser Sooty Owl
- The Thick-billed Grasswren
- All seven species of Quail-thrush
- The Paperbark Flycatcher
- Rare photographs of the male Superb Lyrebird in courtship display
- The Bustard in courtship plumage
- The male Magnificent Riflebird in its courtship dance
- The first photograph of a nesting colony of Australian Swiftlets taken in a deep, dark cave in tropical Queensland . . . and much more.

Beyond a field guide, this book is divided into 27 chapters, with each chapter opening with fascinating background information. The easily accessible information on each bird includes: common and scientific names, size, description, behaviour, preferred habitat, feeding habits, voice, status and breeding. Distribution maps are arranged next to the photographic illustrations of the bird. A binocular icon indicates 'hot spots' to find particular birds. All wild birds that have been regularly recorded on the Australian mainland, Tasmania and offshore continental islands and oceans, including

sub-species where the differences are recognisable in the field, have been included and photographed. Features over 1400 photographs by some of Australia's best wildlife photographers, including Colin Cock, Michael Schmid, Eric Sohn Joo Tan, Duade Patton, John Anderson, Alwyn Simple, Peter Jacobs, Andrew Bell, Tony Ashton, Nolan Caldwell, Chris Wiley, Maureen Goninan, Marlene Lyelle and George Adams to name but a few. This book will be enjoyed by beginners and seasoned 'birdos' alike.

The Rough Guide to Australia (Travel Guide with Free EBook) Reed A H

A Complete Guide to Reptiles of Australia has been the most comprehensive field guide available on the subject since the first edition was published in 2003. As new species are discovered, known ranges extended and higher quality images become available, updated editions of the book have been written to reflect these changes. This new edition adds 92 reptile species, mostly comprising new descriptions since the publication of the fifth edition, plus 10 species that come with the inclusion of Christmas Island and the Cocos (Keeling) Islands. This sixth edition of the book includes images, descriptions and maps for all 1,109 species of Australian reptiles described up until the end of June 2020. Some of these are pictured in life for the first time, and many are represented by several images to depict geographical and sexual differences. The book features easy-to-use diagnostic illustrations to explain anatomical features, a comprehensive glossary, and the more significant reptile habitats are pictured.

Insight Guides Australia (Travel Guide eBook) Penguin
Finding Australian Birds is a guide to the special birds found across Australia's vastly varied landscapes. From the eastern rainforests to central deserts, Australia is home to some 900 species of birds. This book covers over 400 Australian bird watching sites conveniently grouped into the best birding areas, from one end of the country to the other. This includes areas such as Kakadu in the Top End and rocky gorges in the central deserts of the Northern Territory, the Great Barrier Reef in Queensland, rainforests distributed along the eastern Australian seaboard, some of the world's tallest forests in Tasmania, the Flinders Ranges and deserts along the iconic Strzelecki and Birdsville Tracks in South Australia, and the mallee temperate woodlands and spectacular coastlines in both Victoria and south west Western Australia. Each chapter begins with a brief description of the location, followed by a section on where to find the birds, which describes specific birdwatching sites within the location's boundaries, and information on accommodation and facilities. The book also provides a comprehensive 'Bird Finding Guide', listing all of Australia's birds with details on their abundance and where exactly to see them. Of value to both Australian birdwatchers and international visitors, this book will assist novices, birders of intermediate skill and keen 'twitchers' to find any Australian species.

Marcia Langton: Welcome to Country Landlinks Press

Australians have a love-hate relationship with spiders. Some spiders, such as the Redback and the Sydney Funnelweb, inspire fear. Yet Peacock Spiders, with their colourful fan-spreading courtship dances, have won rapturous appreciation worldwide. A Field Guide to Spiders of Australia uses photographs of living animals to help people identify many of the spiders they encounter. Featuring over 1300 colour photographs, it is the most comprehensive account of Australian spiders ever published. With more than two-thirds of Australian spiders yet to be scientifically described, this book sets the scene for future explorations of our extraordinary Australian fauna. This field

guide will be enjoyed by naturalists and anyone with an interest in learning more about Australia's incredible arachnids.
