Come with Me Alice James Books

Think. Invent. Organize. Share. Don't be evil. And change the world. Larry Page and Sergey Brin started out as two Stanford college students with a wild idea: They were going to organize the world's information. From that one deceptively simple goal, they created one of the most influential and innovative companies in the world. The word "google" has even entered our vocabulary as a verb. Now, find out the true history of Google—from its humble beginnings as a thesis project made out of "borrowed" hardware and discount toys through its revolution of the world's relationship with technology to a brief glimpse of where they might take us next. In *Google It*, award-winning investigative reporter Anna Crowley Redding shares an inspiring story of innovation, personal and intellectual bravery, and most importantly, of shooting for the moon in order to change the world.

The Choke Simon & Schuster Books for Young Readers

You're probably wondering how I ended up here. I'm still wondering the same thing. Olivia, Kelly, Christopher, Jason, and Eva have one thing in common: They're addicts. Addicts who have hit rock bottom and been stuck together in rehab to face their problems, face sobriety, and face themselves. None of them wants to be there. None of them wants to confront the truths about their pasts. And they certainly don't want to share their darkest secrets and most desperate fears with a room of strangers. But they'll all have to deal with themselves and one another if they want to learn how to live. Because when you get that high, there's nowhere to go but down, down, down.

Notes from the Velvet Underground Simon and Schuster

"What does it really mean to "be undocumented," particularly in the contemporary United States? Political philosophers, policymakers and others often define the term "undocumented migrant" legalistically—that is, in terms of lacking legal authorization to live and work in one's current country of residence. *Socially Undocumented: Identity and Immigration Justice* challenges such a pure "legalistic understanding" by arguing that being undocumented should not always be conceptualized along such lines. To be socially undocumented, it argues, is to possess a real, visible, and embodied social identity that does not always track one's actual legal status in the United States. By integrating a descriptive/phenomenological account of socially undocumented identity with a normative/political account of how the oppression with which it is associated ought to be dealt with as a matter of social justice, this book offers a new vision of immigration ethics. It addresses

concrete ethical challenges associated with immigration, such as the question of whether open borders are morally required, the militarization of the Mexico-U.S. border, the perilous journey that many Mexican and Central American migrants undertake to get to the United States, the difficult experiences of many socially undocumented women who cross U.S. borders to seek prenatal care while visibly pregnant, and more"--

Sorry Not Sorry Feiwel & Friends

"A painful and propulsive memoir delivered in the honest tones of a woman who didn't always think she'd live to tell her story." —The New York Times A Buzzfeed Best Book of September In the vein of *Educated* and *The Glass Castle*, Daniella Mestyaneck Young's *Uncultured* is more than a memoir about an exceptional upbringing, but about a woman who, no matter the lack of tools given to her, is determined to overcome. Behind the tall, foreboding gates of a commune in Brazil, Daniella Mestyaneck Young was raised in the religious cult The Children of God, also known as The Family, as the daughter of high-ranking members. Her great-grandmother donated land for one of The Family's first communes in Texas. Her mother, at thirteen, was forced to marry the leader and served as his secretary for many years. Beholden to The Family's strict rules, Daniella suffers physical, emotional, and sexual abuse—masked as godly discipline and divine love—and is forbidden from getting a traditional education. At fifteen years old, fed up with The Family and determined to build a better and freer life for herself, Daniella escapes to Texas. There, she bravely enrolls herself in high school and excels, later graduating as valedictorian of her college class, then electing to join the military to begin a career as an intelligence officer, where she believes she will finally belong. But she soon learns that her new world—surrounded by men on the sands of Afghanistan—looks remarkably similar to the one she desperately tried to leave behind. Told in a beautiful, propulsive voice and with clear-eyed honesty, *Uncultured* explores the dangers unleashed when harmful group mentality goes unrecognized, and is emblematic of the many ways women have to contort themselves to survive.

Yankee in Atlanta Moody Publishers

The Fault in Our Stars meets *Go Ask Alice* in this dramatic romance about a teenage girl who survives a terminal cancer diagnosis, only to get trapped in the deadly spiral of addiction. Fans of Gayle Forman and Sara Zarr will be swept away by this gritty romance, the first in a duology. Evie is living on borrowed time. She was diagnosed with terminal cancer several months ago and told that by now she'd be dead. Evie is grateful for every extra day she gets, but she knows that soon this disease will kill her. Until, miraculously, she may have a second chance to live. All Evie had wanted

was her life back, but now that she has it, she feels like there's no place for her in it—at least, not for the girl she is now. Her friends and her parents still see her as Cancer Girl, and her boyfriend's constant, doting attention is suddenly nothing short of suffocating. Then Evie meets Marcus. She knows that he's trouble, but she can't help falling for him. Being near him makes her feel truly, fully alive. It's better than a drug. His kiss makes her feel invincible—but she may be at the beginning of the biggest free fall of her life.

Naughty But Rice / Rice Back at You! Oxford University Press, USA

Latin American Immigration Ethics advances philosophical conversations and debates about immigration by theorizing migration from the Latin American and Latinx context.

All We Have Left Bloomsbury Publishing USA

"A call-to-action to everyone out there who wants to fight back." —Bustle "Scandal, justice, romance, sex positivity, subversive anti-sexism—just try to put it down." —Kirkus Reviews (starred review) "Cuts straight to the core of rape culture—masterfully fierce, stirring, and deeply empowering." —Amber Smith, New York Times bestselling author of *The Way I Used to Be* Three misfits come together to avenge the rape of a fellow classmate and trigger a change in the misogynist culture at their high school transforming the lives of everyone around them in this searing and timely story. Who are the Nowhere Girls? They're everygirl. But they start with just three: Grace Salter is the new girl in town, whose family was run out of their former community after her southern Baptist preacher mom turned into a radical liberal after falling off a horse and bumping her head. Rosina Suarez is the queer punk girl in a conservative Mexican immigrant family, who dreams of a life playing music instead of babysitting her gaggle of cousins and waitressing at her uncle's restaurant. Erin Delillo is obsessed with two things: marine biology and *Star Trek: The Next Generation*, but they aren't enough to distract her from her suspicion that she may in fact be an android. When Grace learns that Lucy Moynihan, the former occupant of her new home, was run out of town for having accused the popular guys at school of gang rape, she's incensed that Lucy never had justice. For their own personal reasons, Rosina and Erin feel equally deeply about Lucy's tragedy, so they form an anonymous group of girls at Prescott High to resist the sexist culture at their school, which includes boycotting sex of any kind with the male students. Told in alternating perspectives, this groundbreaking novel is an indictment of rape culture and explores with bold honesty the deepest questions about teen girls and sexuality.

Eight Simon and Schuster

In a free form narrative, the author describes events in her life, covering such topics as "her" pedophile, the routine and automatic motions performed every day, and touch therapy.

Damaged HarperCollins

Are you bored of the endless scroll of your social media feed? Do you swipe left before considering the human being whose face you just summarily rejected? Do you skim articles on your screen in search of intellectual stimulation that never arrives? If so, this book is the philosophical lifeline you have been waiting for. Offering a timely meditation on the profound effects of constant immersion in technology, also known as the Interface, *Wish I Were Here* draws on philosophical analysis of boredom and happiness to examine the pressing issues of screen addiction and the lure of online outrage. Without moralizing, Mark Kingwell takes seriously the possibility that current conditions of

life and connection are creating hollowed-out human selves, divorced from their own external world. While scrolling, swiping, and clicking suggest purposeful action, such as choosing and connecting with others, Kingwell argues that repeated flicks of the finger provide merely the shadow of meaning, by reducing us to scattered data fragments, Twitter feeds, Instagram posts, shopping preferences, and text trends captured by algorithms. Written in accessible language that references both classical philosophers and contemporary critics, *Wish I Were Here* turns to philosophy for a cure to the widespread unease that something is amiss in modern waking life.

Invincible Simon and Schuster

For fans of *The Grace Year* and *We Were Liars* comes a mesmerizing, can't-put-it-down psychological thriller—a gender-flipped YA *Great Gatsby* that will linger long after the final line On wealthy Commodore Island, Fern is watching and waiting—for summer, for college, for her childhood best friend to decide he loves her. Then Ivy Avila lands on the island like a falling star. When Ivy shines on her, Fern feels seen. When they're together, Fern has purpose. She glimpses the secrets Ivy hides behind her fame, her fortune, the lavish parties she throws at her great glass house, and understands that Ivy hurts in ways Fern can't fathom. And soon, it's clear Ivy wants someone Fern can help her get. But as the two pull closer, Fern's cozy life on Commodore unravels: drought descends, fires burn, and a reckless night spins out of control. Everything Fern thought she understood—about her home, herself, the boy she loved, about Ivy Avila—twists and bends into something new. And Fern won't emerge the same person she was. An enthralling, mind-altering fever dream, *Tell Me My Name* is about the cost of being a girl in a world that takes so much, and the enormity of what is regained when we take it back. New York Times: "13 Y.A. Books to Add to Your Reading List This Spring" "A lush, gorgeously crafted page-turner." —Jennifer Mathieu, author of *Moxie* "Absolutely took my breath away." —Geek Mom ★ "As much Hitchcockian suspense as Fitzgerald's tarnished glitz." —BCCB (starred review) "A kaleidoscope of light and shadow that will keep you flipping page after page." —Amber Smith, author of *The Way We Used to Be* "Only Amy Reed could write a novel this dark, this gorgeous, this forward-looking while speaking to our present moment." —Wiley Cash, author of *A Land More Kind Than Home* "The best kind of literary thriller—one with as much conscience as pulse." —Brendan Kiely, co-author of *All American Boys* "I haven't felt this way since reading *We Were Liars*—mind blown." —Jaye Robin Brown, author of *Georgia Peaches and Other Forbidden Fruit* ★ "Immersive [and] smartly written." —SLJ (starred review) "This novel is amazing . . . A pulsating, hypnotic retelling." —Lilliam Rivera, author of *The Education of Margot Sanchez* "Relentlessly compelling . . . Reed's latest is a literary thrill ride." —Kelly Jensen, author of *(Don't) Call Me Crazy* and editor at BookRiot "Takes the unreliable narrator to new levels . . . Mesmerizing." —SLC "[A] harrowing tale of personal trauma in a violently polarized society." —Kirkus "A compelling and propulsive thriller." —Jeff Zentner, author of *The Serpent King* "I barely breathed the last 100 pages. Simply stunning." —Megan Shepherd, author of *The Madman's Daughter*

Over You St. Martin's Griffin

NAUGHTY BUT RICE When 26 year old Amy Reed's promotion sends her down to London to meet a prospective new client, she gets a lot more than she bargains for. The hot American she meets in the hotel bar, is more than willing to show her exactly what she has been missing for the past few

years, but will she give into temptation... "Thank you for seeing me to my room," I whisper, as he leans in, putting his mouth to my ear, and I can feel his hot breath. "There are so many things I would really like to do to you... just say the word." My whole body is quivering with just the thought of what he is offering. "I may be a little drunk, but I am not a one night stand type of girl." F**k! My brain says no, but my body says 'Go Girl.' The sensible me takes charge, although it may have something to do with the Bridget Jones Knickers, and the larger ladies serviceable bra I'm wearing, that have seen better days, lurking under my clothing. A sure thing to put an end to any passion fest. The question is, will she be able to refuse him a second time? Isaac Rice's exterior appearance is all business, but under the suit is a whole different kind of American Guy. When Isaac wants something, he will do whatever it takes to get it. Her touch made my body react instantly and I struggled to control my twitching c**k. When I walked her to her room, I just couldn't keep my hands off her. I want her. RICE BACK AT YOU! Back home in Leeds, Amy Reed is jobless and out of sorts, until she manages to bag herself a new start in Bath. New job, new apartment and new acquaintances. Girly nights out, Sambuca shots and a run in or two with a hot rugby player. The perfect scenario to help her forget about Isaac and his sorry arse. Or is it... 'Wow! Look at the hotties at the bar," Petra points. Looking round, I see a group of guys all in sports gear, one of them being Justin. "Oh, the one in the middle is my neighbour, he plays rugby for Bath." "Phwr! I wouldn't mind getting in a scrum with him," says Petra. "How come you have only been here two minutes, and you're already putting the moves on the local men?" Justin catches my eye, and gives me a little wave. I offer a delicate, unassuming wave back, only to catch Kat and Petra waving at him like a couple of flapper girls. These two are going to get me into so much trouble. What Isaac Rice wants, Isaac Rice will do absolutely anything to get, and Amy is the only thing in his sight. 'Who the f**k is this Justin guy? I'm not happy, he seems to be spending a lot of time in her apartment, and often till late. If he's touching her, I'll rip his f'ing head off. I can't wait much longer. I'm itching to make a move, make my presence known. Soon. Very Soon. *** This novel contains mature sexual content and bad language. It is not intended for younger readers or people that are easily offended. ***

Iniquity HarperCollins

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times • BuzzFeed • Kirkus Reviews • Publishers Weekly • Chicago Public Library "Redefines friendship as something that must be protected, sacrificed for, and tended to with wisdom, patience, and love." —Ocean Vuong, New York Times bestselling author of *On Earth We're Briefly Gorgeous* A poignant coming-of-age novel about two best friends whose friendship is tested when they get the opportunity to leave their impoverished small town for an elite prep school. For fans of *Looking for Alaska*. Life in a small Appalachian town is not easy. Cash lost his mother to an opioid addiction and his Papaw is dying slowly from emphysema. Dodging drug dealers and watching out for his best friend, Delaney, is second nature. He's been spending his summer mowing lawns while she works at Dairy Queen. But when Delaney manages to secure both of them full rides to an elite prep school in Connecticut, Cash will have to grapple with his need to protect and love Delaney, and his love for the grandparents who saved him and the town he has to leave behind. Jeff Zentner's new novel is a beautiful examination of grief, found family, and young love.

Clean McGill-Queen's Press - MQUP

**** COMPELLING - The Sunday Telegraph CONTROVERSIAL ... Sounes' book pushes the standard Reed narrative - The New York Times Lou Reed, who died in 2013, was best known to the general public as the grumpy New Yorker in black who sang 'Walk on the Wild Side'. To his dedicated admirers, however, he was one of the most innovative and intelligent American songwriters of modern times, a natural outsider who lived a tumultuous and tortured life. In this in-depth, meticulously researched and very entertaining biography, respected biographer Howard Sounes examines the life and work of this fascinating man, from birth to death, including his time as the leader of The Velvet Underground - one of the most important bands in rock'n'roll. Written with a deep knowledge and understanding of the music, Sounes also sheds entirely new light on the artist's creative process, his mental health problems, his bisexuality, his three marriages, and his addictions to drugs and alcohol. In the course of his research, Sounes has interviewed over 140 people from every part of Lou Reed's life - some of whom have not spoken publicly about him before - including music industry figures, band members, fellow celebrities, family members, former wives and lovers. This book brings Lou Reed and his world alive.

Tell Me My Name Harper Collins

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Socially Undocumented Simon and Schuster

A compelling #ownvoices story about friendship, rivalry, and sacrifice, original for our Point line. Janelle and Alyssa used to be friends. Best friends. They knew each other's deepest secrets and went through the hardest times together. But that was then. Now? Their status is somewhere between frenemies and full-on rivals. Janelle is all about making a difference in her community, while Alyssa reigns over the shallowest girls in school. Until the day Alyssa collapses and is rushed to the hospital. Suddenly, everyone knows about her declining health and race against time. And, in a stunning twist of fate, the only person who might be able to save Alyssa's life -- is Janelle. But will the girls' bitter past get in the way of their futures? With a fresh, unforgettable voice, Jaime Reed spins a riveting and empowering story of female friendship and how the difficult choices we make -- or don't make -- can change our lives.

In the Wild Light Random House

A San Francisco Chronicle Best Book of the Year, A New York Times Book Review Editors' Choice, A New York Post Best Book of the Week Recommended by Vogue, The San Francisco Chronicle, The Skimm, The BBC, Southern Living, Pure Wow, Hey Alma, Esquire, EW, Refinery 29, Bust, and Read It or Weep "Mind-blowingly brilliant.... Provocative, profound and yes, a little unsettling, *Come With Me* is about how technology breaks apart and then reconfigures a family, and though it has hints of sci-fi, it's so beautifully grounded in reality that it seems to breathe. Although it takes place over just three days, what's so fascinating is that so many lives, and many possibilities, are lived through it. Truly, it's a novel like its own multiverse." — San Francisco Chronicle From Helen Schulman, the acclaimed author of the New York Times bestseller *This Beautiful Life*, comes another "gripping, potent, and blisteringly well-written story of family, dilemma, and consequence" (Elizabeth Gilbert)—a mind-bending novel set in Silicon Valley that challenges our modern constructs of attachment and love, purpose and fate. "What do you want to know?" Amy Reed works part-time as

a PR person for a tech start-up, run by her college roommate's nineteen-year-old son, in Palo Alto, California. Donny is a baby genius, a junior at Stanford in his spare time. His play for fortune is an algorithm that may allow people access to their "multiverses"—all the planes on which their alternative life choices can be played out simultaneously—to see how the decisions they've made have shaped their lives. Donny wants Amy to be his guinea pig. And even as she questions Donny's theories and motives, Amy finds herself unable to resist the lure of the road(s) not taken. Who would she be if she had made different choices, loved different people? Where would she be now? Amy's husband, Dan—an unemployed, perhaps unemployable, print journalist—accepts a dare of his own, accompanying a seductive, award-winning photographer named Maryam on a trip to Fukushima, the Japanese city devastated by tsunami and meltdown. Collaborating with Maryam, Dan feels a renewed sense of excitement and possibility he hasn't felt with his wife in a long time. But when crisis hits at home, the extent of Dan's betrayal is exposed and, as Amy contemplates alternative lives, the couple must confront whether the distances between them in the here and now are irreconcilable. Taking place over three non-consecutive but vitally important days for Amy, Dan, and their three sons, *Come with Me* is searing, entertaining, and unexpected—a dark comedy that is ultimately both a deeply romantic love story and a vivid tapestry of modern life.

The World Book Encyclopedia Tor Teen

Cold, fine drops of rain fall softly on my cheeks as I emerge from the darkness of the ship's interior to the gray, overcast sky of the main deck. Pulling my dark pea coat tighter to my body, the wind lifts red tendrils of my hair. I walk slowly to the railing overlooking the water. I catch my first sight of the Irish coastline; its craggy landscape makes me shiver in dread. I find it difficult to imagine now how the Gancanagh had made this their home for so long without anyone realizing it. The cold, moss-covered edifices practically scream their presence. As I study the shadows between the falling-down stone, I imagine creeping shapes of undead Faeries grasping the rock, waiting for our ship to draw nearer to their position. Tipping my face up, I let the rain wash over me. It bathes away the frigid sweat of fear that has broken on my brow. "You don't know how fiercely beautiful you are, do you?" A quiet voice behind me asks, causing me to stiffen and fix my eyes on the rocks along the shoreline.

The Boy and Girl Who Broke the World Chronicle Books

Named a "Best Book of 2015" by Bustle, Book Riot, Chicago Public Library, Quill and Quire, and the B&N Teen Blog! The sheriff's son, Kellan Turner, is not the golden boy everyone thinks he is, and Romy Grey knows that for a fact. Because no one wants to believe a girl from the wrong side of town, the truth about him has cost her everything—friends, family, and her community. Branded a liar and bullied relentlessly by a group of kids she used to hang out with, Romy's only refuge is the diner where she works outside of town. No one knows her name or her past there; she can finally be anonymous. But when a girl with ties to both Romy and Kellan goes missing after a party, and news of him assaulting another girl in a town close by gets out, Romy must decide whether she wants to fight or carry the burden of knowing more girls could get hurt if she doesn't speak up. Nobody believed her the first time—and they certainly won't now—but the cost of her silence might be more than she can bear. With a shocking conclusion and writing that will absolutely knock you out, Courtney Summers' new novel *All the Rage* examines the shame and silence inflicted upon young women in a culture that refuses to protect them.

I Think I'm Outta Here Simon Pulse

Haunted by serious problems in her recent past, thirteen-year-old Cassie makes a fresh start at a Seattle school but is drawn by dangerous new friends into a world of sex, drugs, and violence, while her parents remain oblivious.

The Nowhere Girls Createspace Independent Publishing Platform

Two teens must come to terms with their friend's death in a car crash in this "haunting," (Kirkus Reviews) gritty, and realistic novel from the author of *Beautiful, Clean, Crazy*, and *Over You*. When Kinsey's best friend Camille dies in a car accident while Kinsey is behind the wheel, she shuts down completely, deciding that numbness is far better than mourning. She wants to be left alone during the last few weeks of high school, but Camille's mysterious boyfriend Hunter, who was also in the car that night, has a different idea. Despite all of Kinsey's efforts, she can't shake Camille, who has been haunting her dreams. Consumed by survivor's guilt, sleep deprived, and on the verge of losing it, she agrees to run away with Hunter to San Francisco. As the pair tries to escape both the ghost of Camille and their own deep fears, Kinsey questions how real her perception of her friendship with Camille was, and whether her former friend's ghost is actually now haunting her. Hunter, meanwhile, falls into a spiral of alcoholism, anger, and self-loathing. Ultimately, Kinsey and Hunter must come to terms with what they've lost and accept that they can't outrun pain.
