ORATION BY FREDERICK DOUGLASS Berkley Publishing Group

"It's history that reads like a race-against-the-clock thriller." —Harlan Coben Daniel Stashower, the two-time Edgar award-winning author of *The Beautiful Cigar Girl*, uncovers the riveting true story of the "Baltimore Plot," an audacious conspiracy to assassinate Abraham Lincoln on the eve of the Civil War in *THE HOUR OF PERIL*. In February of 1861, just days before he assumed the presidency, Abraham Lincoln faced a "clear and fully-matured" threat of assassination as he traveled by train from Springfield to Washington for his inauguration. Over a period of thirteen days the legendary detective Allan Pinkerton worked feverishly to detect and thwart the plot, assisted by a captivating young widow named Kate Warne, America's first female private eye. As Lincoln's train rolled inexorably toward "the seat of danger," Pinkerton struggled to unravel the ever-changing details of the murder plot, even as he contended with the intractability of Lincoln and his advisors, who refused to believe that the danger was real. With time running out Pinkerton took a desperate gamble, staking Lincoln's life—and the future of the nation—on a "perilous feint" that seemed to offer the only chance that Lincoln would survive to become president. Shrouded in secrecy—and, later, mired in controversy—the story of the "Baltimore Plot" is one of the great untold tales of the Civil War era, and Stashower has crafted this spellbinding historical narrative with the pace and urgency of a race-against-the-clock thriller. Battle Cry is the riveting Marine epic by the bestselling author of such classics as *Trinity* and *Exodus* Originally published in 1953, Leon Uris's *Battle Cry* is the raw and exciting story of men at war from a legendary American author. This is the story of enlisted men--Marines at the beginning of World War II. They are a rough-and-ready tangle of guys from America's cities and farms and reservations. Led by a tough veteran sergeant, these soldiers band together to emerge as part of one of the most elite fighting forces in the world. With staggering realism and detail we follow them into intense battles--Guadalcanal and Tarawa--and through exceptional moments of camaraderie and bravery, *Battle Cry* does not extol the glories of war, but proves itself to be one of the greatest war stories of all time.

The Legend of Bass Reeves Penguin

Born into slavery, Bass Reeves became the most successful US Marshal of the Wild West. Many "heroic lawmen" of the Wild West, familiar to us through television and film, were actually violent

scoundrels and outlaws themselves. But of all the sheriffs of the frontier, one man stands out as a true hero: Bass Reeves. He was the most successful Federal Marshal in the US in his day. True to the mythical code of the West, he never drew his gun first. He brought hundreds of fugitives to justice, was shot at countless times, and never hit. Bass Reeves was a black man, born into slavery. And though the laws of his country enslaved him and his mother, when he became a free man he served the law, with such courage and honor that he became a legend.

In this one-of-a-kind historical picture book, author Glennette Tilley Turner tells the story of Fort Mose, which was founded in St. Augustine, Florida, and was the first free African settlement to legally exist in what later became the United States. Fort Mose was not only the first free black settlement, but it was also the most southern link of the Underground Railroad as a haven of refuge, just as cities in Canada were the northern most link. Beginning with the story of Francisco Menendez, the Captain of the Black Militia of St. Augustine, FORT MOSE follows the history of slavery from West Africa to America, recounts what daily life was like, and describes the founding of the Spanish colony's Fort Mose. Established in 1738, Fort Mose gave sanctuary to escaped Africans, challenging slavery in the English colonies. Approximately one hundred Africans lived together, creating a frontier community that drew on a range of African backgrounds, blending them with those of Spanish, Native American, and English people and cultural traditions. The book includes more than forty archival images, an afterword about uncovering Fort Mose (which is now part of the National Parks), a glossary, an author's note, a bibliography, and an index. Praise for Fort Mose Starred Review: "Turner's graceful account clearly distinguishes between fact and supposition. The paragraphs discussing the transport of slaves and their treatment at the "pest" house on Sullivan's Island are particularly vivid and informative. Brightening every page of this large, handsome book are deep-green borders of tropical leaves. A significant addition to African American history collections for young people. -Booklist, starred review "This is a useful addition to libraries with strong African-American history collections, and for teachers and librarians looking for unique stories about colonial America." -School Library Journal "This handsomely designed book offers an eye-opening look at a hitherto little-known community and a notable figure in Colonial American history." -Kirkus Reviews

The Seven Husbands of Evelyn Hugo Henry Holt and Company (BYR)

Against the backdrop of eighteenth- and nineteenth-century New Orleans, A New Orleans Voodoo Priestess: *The Legend and Reality of Marie Laveau* disentangles the complex threads of the legend surrounding the famous Voodoo priestess. According to mysterious, oft-told tales, Laveau was an extraordinary celebrity whose sorcery-fueled influence extended widely from slaves to upper-class whites. Some accounts claim that she led the "orgiastic" Voodoo dances in Congo Square and on the shores of Lake Pontchartrain, kept a gigantic snake named Zombi, and was the proprietress of an infamous house of assignation. Though legendary for an unusual combination of spiritual power, beauty, charisma, showmanship, intimidation, and shrewd business sense, she also was known for her kindness and charity, nursing yellow fever victims and ministering to condemned prisoners, and her devotion to the Roman Catholic Church. The true story of Marie Laveau, though considerably less flamboyant than the legend, is equally compelling. In separating verifiable fact from semi-truths and complete fabrication, Long explores the unique social, political, and legal setting in which the lives of Marie Laveau's African and European ancestors became intertwined. Changes in New Orleans engendered by French and Spanish rule, the Louisiana Purchase, the Civil War, Reconstruction, and Jim Crow segregation affected seven generations of Laveau's family, from enslaved great-grandparents of pure African blood to great-grandchildren who were legally classified as white. Simultaneously, Long examines the evolution of New Orleans Voodoo, which until recently has been ignored by scholars.

The Unwanted Wife University Press of Florida

National Book Award Finalist: “This man’s ideas may be the most influential, not to say controversial, of the second half of the twentieth century.”—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. “Don’t be put off by the academic title of Julian Jaynes’s *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor.”—The New York Times “When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis.”—John Updike, *The New Yorker* “He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior.”—*American Journal of Psychiatry*
