In a prose that is so beautiful it is poetry, we see the world of growing up and going somewhere through the dust and heat of Fresno's industrial side and beyond: It is a boy's coming of age in the barrio, parochial school, attending church, public summer school, and trying to fall out of love so he can join in a Little League baseball team. His is a clarity that rings constantly through the warmth and wry reality of these sometimes humorous, sometimes tragic, always human remembrances.

Accidental Love John Wiley & Sons

A refreshing, insightful look into the political and economic dynamics driving globalization today Globalization: it's earlier than you think. That's the provocative message of *Against the Dead Hand*, which traces the rise and fall of the century-long dream of central planning and top-down control and its impact on globalization-revealing the extent to which the "deadhand" of the old collectivist dream still shapes the contours of today's world economy. Mixing historical narrative, thought-provoking arguments, and on-the-scene reporting and interviews, Brink Lindsey shows how the economy has grown up amidst the wreckage of the old regime-detailing how that wreckage constrains the present and obscures the future. He conveys a clearer picture of globalization's current state than the current conventional wisdom, providing a framework for anticipating the future direction of the world economy.

What do Gaby Lopez, Michael Robles, and Cynthia Rodriguez have in common? These three kids join other teens and tweens in Gary Soto's new short story collection, in which the hard-knock facts of growing up are captured with humor and poignance. Filled with annoying siblings, difficult parents, and first loves, these stories are a masterful reminder of why adolescence is one of the most frustrating and fascinating times of life.

Gary Soto writes that when he was five "what I knew best was at ground level." In this lively collection of short essays, Soto takes his reader to a ground-level perspective, resreating in vivid detail the sights, sounds, smells, and textures he knew growing up in his Fresno, California, neighborhood. The "things" of his boyhood tie it all together: his Buddha "splotched with gold," the taps of his shoes and the "engines of sparks that lived beneath my soles," his worn tennies smelling of "summer grass, asphalt, the moist sock breathing the defeat of basesall." The child's world is made up of small things--small, very important things.

Since 2009, Dan Ryckert's life has been well documented.

Whether through his writing, live appearances, tweets, or thousands of hours of videos and podcasts, his work has been seen by many. He's set two Guinness World Records, earned the ire of legendary baseball players, penned two novels about an alligator fighter pilot, raised thousands for charity via custom Super Mario Bros. levels, and works a side job as a professional wrestling manager. These are the stories that people already know. Before jumping headfirst into the public eye, Ryckert's history was just as unique. He's been a Catholic schoolboy and an insufferable movie theater employee. He's befriended the insane and almost been stabbed. Time and time again, he's taken long shots that have inexplicably paid off in ridiculous ways. Dan Ryckert's history of unlikely events didn't start in 2009. They were happening for 25 years prior to that, and the details can be found in *The Dumbest Kid in Gifted Class*.

Have you judged a person without getting to know him first? Have you had prejudice and bias toward someone that led to ungrounded mistrust? Before doing any of this, remember that everyone has a story. This is Mathew Teachey's story, a convicted felon. But before he was an inmate, he was an adventurous boy, a loving husband, and a responsible father. He is a believer of Christ, and he believes that there is goodness in every person. This is an autobiography, discussing an explaining the rea

A Fire in My Hands Chronicle Books

A timely new edition of a pioneering work in Latino literature, National Book Award nominee Gary Soto's first collection (originally published in 1977) draws on California's fertile San Joaquin Valley, the people, the place, and the hard agricultural work done there by immigrants. In these poems, joy and anger, violence and hope are placed in both the metaphorical and very real circumstances of the Valley. Rooted in personal experiences—of the poet as a young man, his friends, family, and

neighbors—the poems are spare but expansive, with Soto's voice as important as ever. This welcome new edition has been expanded with a crucial selection of complementary poems (some previously unpublished) and a new introduction by the author.

Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful

conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Introduction by Russell Banks. The legendary book about writing by the legendary writer is back! Frank O'Connor was one of the twentieth century's greatest short story writers, and one of Ireland's greatest authors ever. Now, O'Connor's influential and sought-after book on the short story is back. *The Lonely Voice* offers a master class with the master. With his sharp wit and straightforward prose, O'Connor not only discusses the techniques and challenges of a form in which "a whole lifetime must be crowded into a few minutes," but he also delves into a passionate consideration of his favorite writers and their greatest works, including Chekhov, Hemingway, Kipling, Joyce, and others.

In thirteen stories full of wit and energy, Gary Soto illuminates the ordinary lives of young people. Meet Angel, who would rather fork over twenty bucks than have photos of his naked body plastered all over school; Philip, who discovers he has a "mechanical mind," whatever that means; Estela, known as Stinger, who rules Jos 's heart and the racquetball court; and many other kids, all of them with problems as big as only a preteen can make them. Funny, touching, and wholly original, *Local News* is Gary Soto in top form.
