 The Polish composer Henry Górecki
 (born 1933) achieved world-wide renown
 in 1992 when his Third Symphony,
 written in 1976, was recorded on CD and
 became an international bestseller. It is
 now one of the best known musical
 compositions of recent years, yet
 Górecki's other music is still relatively
 little known. This study, the first detailed
 account of his works in any language,
 provides biographical information as
 background to the music, and is by a
 leading enthusiast of Górecki's music.
 Adrian Thomas discusses Górecki's
 position as leader of the Polish avant-
 garde in the late 1950s, and his
 subsequent discovery of the folk and
 church music of Old Poland, notably that
 of the Podhale region in southern Poland.
 He describes Górecki's unmistakable
 musical world, from the large orchestral
 scores (Scontri, Refrain, the
 Symphonies) and the choral works
 (Beatus Vir, commissioned by and
 dedicated to Pope John Paul II), to the
 more modest church songs and folk-song
 arrangements. There is a complete list of
 works since 1955 with details of
 instrumentation and recordings, and a
 select bibliography.

 This fascinating collection of letters, notes, and miscellanea from the archives of the Tchaikovsky State House-Museum sheds new light on the world of Pyotr Ilyich Tchaikovsky. Most of these documents have never before been available in English, and they reveal the composer's daily concerns, private thoughts, and playful sense of humor. Often intimate and sometimes bawdy, these texts also offer a new perspective on Tchaikovsky's upbringing, his relations with family members, his patriotism, and his homosexuality, collectively contributing to a greater understanding of a major artist who had a profound impact on Russian culture and society. This is an essential compendium for cultural and social historians as well as musicologists and music lovers.
