Time passes and yet it doesn't pass; people come and go, the mountains remain. Mountains are permanent things. They are stubborn, they refuse to move...no matter how hard they try, humans cannot actually get rid of the mountains. That's what I like about them; they are here to stay. Mountains-snow-capped, green and filled with stories. For decades, Ruskin Bond has lived among them and his writings abound in descriptions of these hills-of life as it is lived here, of animals and birds who sometimes even wander into his room, of the many interesting and eccentric characters who he has met here. From having his roof fly off in a freak storm to becoming the 'writer on the hill', Bond has seen it all. Funny, elegiac and filled with beautiful descriptions of people, animals and places, this collection is for every mountain and nature lover.

A tall, stooping, elderly gentleman sat down beside me. I gave him a quick glance, noting his swarthy features, heavy moustache and horn-rimmed spectacles. There was something familiar and disturbing about his face and I couldn't resist looking at him again. I noticed that he was smiling at me.'

The Man Who Was Kipling is a collection of stories which should be on the must-read list of every reader. And then there is the timeless classic 'Sita and the River' that will tug at your heartstrings. Through this collection, Ruskin Bond has us enthralled, yet again, with his effortless storytelling of these tales and more.

While it is often said that a person with a negative attitude cannot be helped, it is also true that a person with a positive attitude cannot be stopped. Life is an obstacle course in which we can often become our own biggest obstacle, but a positive attitude can be transformational. In one sense, this book is a road map for a life journey in achieving more. It offers direction and can help you make positive decisions in a noisy and cluttered environment. Success is neither a miracle nor a mystery. It is the natural outcome of consistently applying certain principles on an ongoing basis.

Success does not depend upon special skills, formal education or superior intelligence. Success is a matter of understanding and acting upon principles that have been in existence for centuries. These principles may be simple in themselves but none of them will work unless they are put into firm and decisive action. This book effectively teaches not only the principles of success but also how to avoid expensive and demoralising mistakes.

The principles themselves are universal, cutting across country, culture and religion. Diligently practising them will help you develop confidence and allow your life to become more meaningful and rewarding. Applying these principles may require a lot of self-discipline and commitment but, once learned and applied, the results can be rewarding and gratifying. If you want to be successful and happy, then become a student and study the life of successful people in depth; if you want to become wealthy, then study the principles of acquiring wealth. Learning to make a living and learning to live are two different things. This book helps you design a more meaningful life, by making positive choices and avoiding the most common pitfalls. Acquiring facts is knowledge; interpreting facts is understanding; and the proper application of facts is wisdom. This book by Shiv Khera is designed to help you create an action plan to optimize your potential - in other words, to achieve more.

The Secret of the Snow (Thea Stilton: Special Edition #3) Penguin Books India

A New York Times Book Review Editors’ Choice “Inferno is a disturbing and masterfully told memoir, but it’s also an important one that pushes back against powerful taboos. . . .” --The New York Times Book Review “Explosive” --Good Morning America “Sublime” --Bookpage (starred review) When Catherine Cho and her husband set off from London to introduce their newborn son to family scattered across the United States, she could not have imagined what lay in store. Before the trip’s end, she develops psychosis, a complete break from reality, which causes her to lose all sense of time and place, including what is real and not real. In desperation, her husband admits her to a nearby psychiatric hospital, where she begins the hard work of rebuilding her identity. In this unwaveringly honest, insightful, and often shocking memoir Catherine reconstructs her sense of self, starting with her childhood as the daughter of Korean immigrants, moving through a traumatic past relationship, and on to the early years of her courtship with and marriage to her husband, James. She masterfully interweaves these parts of her past with a vivid, immediate recounting of the days she spent in the ward. The result is a powerful exploration of psychosis and motherhood, at once intensely personal, yet holding within it a universal experience – of how we love, live and understand ourselves in relation to each other.
