My lies include believing... that those kisses of his that sent shockwaves through me might last. that he'd like being near me for more than a night. Maybe I could make a short term exception of letting my guard down, but you'd never have expected what happened because I absolutely hadn't.

Современный человек уже не представляет своего существования без автомобиля. К настоящему моменту создано огромное количество марок и моделей авто, и у каждой из них своя история. Так, легковые автомобили Cadillac практически сразу после своего появления стали олицетворением американского образа жизни, символом процветания и высокого положения их владельцев в обществе. Но мало кому известно, что в 1920-х гг. зелено-черный седан этой компании приобрел легендарный чикагский гангстер Аль Капоне. А после его ареста спустя десятилетие на нем ездил Франклин Рузвельт. Эти и другие интересные факты вы найдете в настоящем издании. Изучив его, вы узнаете, на какой модели Mercedes-Benz ездил Адольф Гитлер и его приспешники, какое авто получило титул «Автомобиль века», какой суперкар самый дорогой, а какой признан самым быстрым. Кроме того, в книге приведены технические характеристики каждой машины, история ее создания и развития, а красочные иллюстрации помогут вам наглядно представить эти чудеса техники и человеческого гения. *Amanda Ashley Bundle: Bound By Night & Bound By Blood* Motorbooks

In Book 4 of Porsche: Excellence Was Expected Karl Ludvigsen recounts the dramatic events of 2008-09 that cast a deep shadow over what had been the world's most profitable car maker. Although Porsche became part of the VW Group, as a consequence of their maneuvers the Porsche and Piëch families achieved effective control of that vast corporation. Porsche's reaction to the financial ructions was to launch one great new car after another. Among them was the sensational 918 Spyder, the hypercar whose first appearance at Geneva in 2010 went a long way to show that Porsche was still Porsche. These were also the years of the creation and launch of the mid-engined Cayman coupe, which soon established a reputation as one of the world's best-handling sports cars. In 2016 Boxster and Cayman were joined at the hip under the "718" title, a tribute to the great sports-racers of the 1950s and 1960s that carried that project number. In 2009 Porsche introduced the Panamera, its most controversial offering since the Cayenne. Many of the Panamera's components were shared with the Cayenne, which received a major upgrade in 2017. Since the 2014 model year it had a cheeky little sister, the Leipzig-built Macan. Although derived from the Audi Q5, the Macan was a Porsche through and through. Also a fast seller, the Macan secured Porsche's financial future. Flying the all-important sports-car flag was the evergreen 911 Carrera, first with the 997 and then the 991. The 992 arrived as a 2020 model with all the bells and whistles needed to keep it at the top of its class. Although a hybrid variant of the 992 was not imminent, most of the production Porsches were taking advantage of the exploits of the 919 Hybrid. Starting in 2015, this brilliantly engineered LMP1 racer won the 24 Hours of Le Mans three years running, testifying to Porsche's competitiveness. On the horizon was the all-electric Taycan pointing the way to the legendary sports-car maker's future.

A loving relationship can be defined as two imperfect people who refuse to give up on each other. But what if ignorance and alienation become a dominant force within and external prejudice becomes a barrier? Cis, a beautiful, coloured twenty-eight-year-old fashion writer, and Andy, a twenty-eight-year-old Scottish businessman, have been together since university days and married for two years. Both are inexperienced lovers, too busy to care, and are sleepwalking their way to divorce over the desire for a child. Whilst escaping a storm, Cis has a chance meeting with a much older and significantly more experienced professional man, Paul. Whilst sheltering her from the storm, Paul realises her dilemma and starts to educate her in the skills and delights that she so needs for a successful marriage. She wants more, including giving her his child, much against his better judgment as he has a painful history regarding wives and children. Then she wants Paul as well in spite of the clear prejudice that such a relationship would foster for both of them in society. And she will go to any length to keep him. This is a story of prejudice, generational value differences, and want over need, regardless of the consequences, in a culture of 'I want it all, and I want it now'.
