[The Lion King - Super Easy Piano Songbook](#) Hal Leonard Corporation
Focus: Music of South Africa provides an in-depth look at the full spectrum of South African music, a musical culture that epitomizes the enormous ethnic, religious, linguistic, class, and gender diversity of the nation itself. Drawing on extensive field and archival research, as well as her own personal experiences, noted ethnomusicologist and South African native Carol A. Muller looks at

how South Africans have used music to express a sense of place in South Africa, on the African continent, and around the world. Part One, Creating Connections, provides introductory materials for the study of South African Music. Part Two, Musical Migrations, moves to a more focused overview of significant musical styles in twentieth-century South Africa - particularly those known through world circuits. Part Three, Focusing In, takes the reader into the heart of two musical cultures with case studies on South African jazz and the music of the Zulu-language followers of Isaiah Shembe. The accompanying CD offers vivid examples of traditional, popular, and classical South African musical styles. [Hans Zimmer and James Newton Howard's The Dark Knight](#) OUP USA
(Piano Solo Songbook). 2019 marks the 25th anniversary of Disney's iconic animated classic, The Lion King, and it is now being brought to a new generation of viewers with a new live action film. The Lion Guard Hal Leonard Corporation

Christopher Nolan's caped crusader trilogy—Batman Begins, The Dark Knight, and The Dark Knight Rises—is considered by many to be one of the

finest translations of comic book characters to the big screen. The second film in the series, The Dark Knight, was both a critical and commercial success, featuring an Oscar-winning performance by Heath Ledger as the Joker. The score—by Academy Award winner Hans Zimmer and eight-time Oscar nominee James Newton Howard—also received accolades, including a Grammy.

Intricately interwoven with the sound design—and incorporating Mel Wesson's ground-breaking ambient music design, —Zimmer's and Howard's music gives the film an added layer of ominous tones that makes palpable the menace facing Gotham City. In Hans Zimmer and James Newton Howard's *The Dark Knight: A Film Score Guide*, Vasco Hexel delves into the composers' backgrounds to reveal the many facets of meaning in the highs and lows of the score. This book also highlights the working methods of Zimmer and Howard and how they collaborated with each other and the filmmaking team to create such a memorable soundtrack. By drawing on unprecedented access to some of the key creators of the film, the author provides unique insights into the score's composition. Hans Zimmer and James Newton Howard's *The Dark Knight: A Film Score Guide* will be of interest to cinema and music scholars, as well as fans of both composers.

Music and Technoculture Hal Leonard Corporation

Moving from web to field, from Victorian parlor to 21st-century mall, the 15 essays gathered here yield new insights regarding the intersection of local culture, musical creativity and technological possibilities. Inspired by the concept of "technoculture," the authors locate technology squarely in the middle of expressive culture: they

are concerned with how technology culturally informs and infuses aspects of everyday life and musical experience, and they argue that this merger does not necessarily result in a "cultural grayout," but instead often produces exciting new possibilities. In this collection, we find evidence of musical practices and ways of knowing music that are informed or even significantly transformed by new technologies, yet remain profoundly local in style and meaning. CONTRIBUTORS: Leslie C. Gay, Jr., Kai Fikentscher, Tong Soon Lee, René T. A. Lysloff, Matthew Malsky, Charity Marsh, Marc Perlman, Thomas Porcello, Andrew Ross, David Sanjek, Jonathan Sterne, Janet L. Sturman, Timothy D. Taylor, Paul Théberge, Melissa West, Deborah Wong. Ebook Edition Note: Four of the 26 illustrations, and the cover illustration, have been redacted.

Disney - Super Easy Songbook Hal Leonard Corporation

Sound has always been an integral component of the moviegoing experience. Even during the so-called "silent era," motion pictures were regularly accompanied by live music, lectures, and sound effects. Today, whether we listen to movies in booming Dolby theaters or on tiny laptop speakers, sonic elements hold our attention and guide our emotional responses. Yet few of us are fully aware of the tremendous collaborative work, involving both artistry and technical wizardry, required to create that cinematic soundscape. Sound, the latest book in the Behind the Silver Screen series, introduces key concepts, seminal moments, and pivotal figures in the development of cinematic sound. Each of the book's six chapters cover a different era in the history of Hollywood, from silent films to the digital age, and

each is written by an expert in that period. Together, the book's contributors are able to explore a remarkable range of past and present film industry practices, from the hiring of elocution coaches to the marketing of soundtrack records. Not only does the collection highlight the achievements of renowned sound designers and film composers like Ben Burtt and John Williams, it also honors the unsung workers whose inventions, artistry, and performances have shaped the soundscapes of many notable movies. After you read *Sound*, you'll never see—or hear—movies in quite the same way. Sound is a volume in the Behind the Silver Screen series—other titles in the series include Acting; Animation; Art Direction and Production Design; Cinematography; Costume, Makeup, and Hair; Directing; Editing and Special Visual Effects; Producing; and Screenwriting.

The Lion King Abrams

"The highest achievers share some of their lowest moments, and there is much wisdom to be gained from those struggles. Captivating, thought-provoking." —David Faber, CNBC The path to success is rarely easy or direct, and good mentors are hard to find. In *Getting There*, thirty leaders in diverse fields share their secrets to navigating the rocky road to the top. In an honest, direct, and engaging way, these role models describe the obstacles they faced, the setbacks they endured, and the vital lessons they learned. They

dispense not only essential and practical career advice, but also priceless wisdom applicable to life in general. *Getting There* is for everyone—from students contemplating their futures to the vast majority of us facing challenges or seeking to reach our potential. "Kudos to Gillian Zoe Segal for assembling this remarkable group of visionaries and helping them all tell their stories without filters or false bravado. *Getting There* is both empowering and illuminating."

—Piper Kerman, *New York Times*-bestselling author of *Orange Is the New Black* "Life-changing, real-world advice." —*Vanity Fair* "Reading *Getting There* is like having an intimate, one-on-one talk with some of the world's most fascinating and accomplished people.

You will be taken aback by their honesty, entertained by their anecdotes, and, most of all, learn invaluable lessons about both business and life. This book is fantastic—you will not be able to put it down!" —JJ Ramberg, bestselling author of *It's Your Business* "Somehow, Gillian Zoe Segal has gotten these leaders to share their stories in a unique, authentic, and revealing way." —Robert Steven Kaplan, former president and CEO of the Federal Reserve Bank of Dallas
