Williams & Wilkins

Because principles of nursing process are the building blocks for all care models, the nursing process is the first model nurses need to learn to “think like a nurse.” This trusted resource provides the practical guidance needed to understand and apply each phase of the nursing process, with an increased emphasis on developing both critical thinking and clinical

reasoning skills. With an easy-to-follow and engaging writing style, the author provides strategies, tools, and abundant examples to help nurses develop the skills they need to thrive in today’s complex health care setting.

#### Fundamentals of Nursing

F. A. Davis Company

"Fundamentals of Nursing: The Art and Science of Nursing Care, Seventh Edition, promotes nursing as an evolving art and science, directed to human health and well-being. It challenges

students to cultivate the blended skills they will need to serve patients and the public well. Our aim is to prepare nurses who combine the highest level of scientific knowledge and technologic skill with responsible, caring practice. We want to challenge students to identify and master the cognitive and technical skills as well as the interpersonal and ethical/legal skills they will need to effectively nurse the patients in their care"--
