MILES ELLEN

Continuity for Centuries Routledge

A miser learns the true meaning of Christmas when three ghostly visitors review his past and foretell his future.

The Rare and Extraordinary History of Holy Russia Library of American Comics Presents the story of Walt Disney and his creation of Mickey Mouse and numerous other animated characters, his feature films, and theme parks, and contains over eight hundred illustrations.

Życie Harry N. Abrams

This book deals with the confrontation of Buddhism and Brahmanism in India. Both depended on support from the royal court, but Buddhism had less to offer in return than Brahmanism. Buddhism developed in a manner to make up for this.

Rip Kirby Humana Press

The definitive biography of a fascinating and paradoxical figure, one of the most influential artists of his—or any—age To this day, mention the name “Andy Warhol” to almost anyone and you’ll hear about his famous images of soup cans and Marilyn Monroe. But though Pop Art became synonymous with Warhol’s name and dominated the public’s image of him, his life and work are infinitely more complex and multi-faceted than that. In Warhol, esteemed art critic Blake Gopnik takes on Andy Warhol in all his depth and dimensions. “The meanings of his art depend on the way he lived and who he was,” as Gopnik writes. “That’s why the details of his biography matter more than for almost any cultural figure,” from his working-class Pittsburgh upbringing as the child of immigrants to his early career in commercial art to his total immersion in the “performance” of being an artist, accompanied by global fame and stardom—and his attempted assassination. The extent and range of Warhol’s success, and his deliberate attempts to thwart his biographers, means that it hasn’t been easy to put together an

accurate or complete image of him. But in this biography, unprecedented in its scope and detail as well as in its access to Warhol’s archives, Gopnik brings to life a figure who continues to fascinate because of his contradictions—he was known as sweet and caring to his loved ones but also a coldhearted manipulator; a deep-thinking avant-gardist but also a true lover of schlock and kitsch; a faithful churchgoer but also an eager sinner, skeptic, and cynic. Wide-ranging and immersive, Warhol gives us the most robust and intricate picture to date of a man and an artist who consistently defied easy categorization and whose life and work continue to profoundly affect our culture and society today.

The Cold War in the Classroom Springer Nature

They were born in Liverpool and came of age in Hamburg, but it was London where the Beatles became international icons matched only by the swinging city itself. From the chambers of Abbey Road to the rooftops of Savile Row, the Beatles are as much a part of London as Her Majesty, the Houses of Parliament and Hyde Park. They defined their times and this was their turf. Authoritative, detailed and entertaining, *The Beatles’ London* places the world’s greatest group in the fascinating context of the world’s greatest city—the place they worked, played, and called home. A must-have for Beatles’ fans, this up-to-date guidebook includes special sections for record sleeves and film locations, rare photographs, detailed maps and scores of fascinating entries.

Art Since 1980 Austrian Film Museum Examines contemporary art from its roots to the present day *Art Since 1980*:

Charting the Contemporary presents a chronological survey from the late 20th century into the early 21st century. This title is built around short discussions on individual artists. Author Peter Kalb maintains a balance between a social history of institutions and contexts, and attention to individual aesthetic choices. Works cited come from these fields:

painting, photography, and sculpture, plus installation, performance, and video art. This title is available in a variety of formats -- digital and print. Pearson offers its titles on the devices students love through CourseSmart, Amazon, and more. To learn more about pricing options and customization, click the Choices tab.

Die Fotografie Dark Horse Books

"Flash Gordon is the hero of a space opera adventure comic strip created by and originally drawn by Alex Raymond. First published January 7, 1934, the strip was inspired by, and created to compete with, the already established Buck Rogers adventure strip."--Wikipedia.

Kev BRILL

The Authority are seven super-powered individuals who have vowed to make the world a better place, answering to nobody, and taking no prisoners as they go. Kev Hawkins is the man the British government calls when they want someone removed - permanently. A former SAS Corporal turned assassin, he has just been given the most difficult assignment of his career: find and eliminate the Authority...From the twisted minds of Garth Ennis (Preacher) and Glenn Fabry (Slaine, Global Frequency) come a couple of darkly humorous tales involving Kev, the Authority, tigers and aliens! This is the Authority as you never thought you'd see them!

Millie is back in a new, hilarious wintertime adventure

Mac Raboy's Flash Gordon Mühlbeyer Filmbuchverlag

This book is open access under a CC BY 4.0 license. This book explores how the socially disputed period of the Cold War is remembered in today’s history classroom. Applying a diverse set of methodological strategies, the authors map the dividing lines in and between memory cultures

across the globe, paying special attention to the impact the crisis-driven age of our present has on images of the past. Authors analysing educational media point to ambivalence, vagueness and contradictions in textbook narratives understood to be echoes of societal and academic controversies. Others focus on teachers and the history classroom, showing how unresolved political issues create tensions in history education. They render visible how teachers struggle to handle these challenges by pretending that what they do is 'just history'. The contributions to this book unveil how teachers, backgrounding the political inherent in all memory practices, often nourish the illusion that the history in which they are engaged is all about addressing the past with a reflexive and disciplined approach.

The Lore and Language of

Schoolchildren Bloomsbury Publishing USA

Juni 1945. Weesow bei Werneuchen, vor den Toren von Berlin. In einem sowjetischen Internierungslager hat sich ein Häftling auf der Toilette erhängt. Karl Neumann, NSDAP-Mitglied seit 1930, war im Dritten Reich der Mann, der Walt Disney Konkurrenz machen und als Betriebsführer der Deutschen Zeichentrickfilm GmbH eine Trickfilm-Produktion nach amerikanischem Muster aufbauen sollte: keine animierten Propagandafilme, sondern bunte, völlig harmlose Tierfabeln für die ganze Familie. Hitler und Goebbels waren nämlich erklärte Fans disney-animierter Wald-und-Wiesen-Romantik à la SCHNEEWITTCHEN UND DIE SIEBEN ZWERGE - und Goebbels war der Meinung: Was die Amerikaner können, können wir Deutschen ebenso gut oder noch besser. In "Bienenstich und Hakenkreuz" schildert Dr. Rolf Giesen anhand einer Vielzahl von Interviews mit Zeitzeugen die abenteuerlichen Irrwege des deutschen Trickfilms zur Zeit des Nationalsozialismus: Der Bombenangriff auf Berlin wegen lagerte Neumann 1944 einen Teil der Produktion nach Dachau aus, in ein Künstlerheim, nicht weit entfernt vom Konzentrationslager - dort wurden Menschen gequält und vernichtet, hier triumphierte der Edelkitsch um entflozene Kanarienvögel und schneefende Hundewelpen. Millionen wurden in das Projekt gesteckt. Heraus kam nicht viel mehr als heiße Luft. Nur ein Kurzfilm wurde bis Kriegsende fertiggestellt: ARMER HANSI, ein weiterer in Dachau begonnen und nach dem Krieg von der

DEFA übernommen: PURZELBAUM INS LEBEN - aber das von Goebbels großspurig initiierte Unternehmen wirkt im deutschen Animationsfilm bis heute nach...

Walter de Gruyter GmbH & Co KG
This significant study is certain to be the standard work on the subject for many years to come. It demonstrates once and for all that motion pictures differ radically from the traditional arts, and that good plays or novels rarely make good films. Dr. Kracauer is concerned with film as a photographic medium uniquely equipped to capture and reveal the everyday world as it exists before our eyes. "If film is an art," he writes, "it is an art with a difference. It fulfills itself in rendering 'the ripple of leaves, ' . . . street crowds, involuntary gestures, and other fleeting impressions." Dr. Kracauer covers every aspect of black-and-white film. He discusses its background in still photography, the problems inherent in historical and fantasy films, the novel as a cinematic form, experimental films, documentaries, the role of the actor, the uses of dialogue and sound, the contribution of music, and the part played by the spectator. The final chapter focuses on the wider implications of the medium. There Dr. Kracauer sets the cinema "in the perspective of something more general-an approach to the world, a mode of human existence," and thus shows how it reflects the condition of modern man, the moral temper of our society. Theory of Film is an intellectual experience which reaches far beyond film into the realm of general aesthetics and philosophy

Micky Maus Sophi Academic Press

The traces of the Cold War are still visible in many places all around the world. It is the topic of exhibits and new museums, of memorial days and historic sites, of documentaries and movies, of arts and culture. There are historical and political controversies, both nationally and internationally, about how the history of the Cold War should be told and taught, how it should be represented and remembered. While much has been written about the political history of the Cold War, the analysis of its memory and representation is just beginning. Bringing together a wide range of scholars, this volume describes and analyzes the cultural history and representation of the Cold War from an international perspective. That innovative approach focuses on master narratives of the Cold War, places of memory, public and private memorialization, popular culture, and schoolbooks. Due to its unique status as a center of Cold War confrontation and

competition, Cold War memory in Berlin receives a special emphasis. With the friendly support of the Wilson Center. Lustiges Taschenbuch English Edition 02
New York : Library Press

A complete survey of traditional banjo styles complete with tunings, playing tips, and the author's deft drawings. Progresses from easy tunes for the beginner to more difficult pieces. The styles include up-picking or Pete Seeger's basic strum; two-finger picking; three-finger picking; and what had variously been called frailing, clawhammer, knocking, rapping, overhand, fram-style, flayin' hand, and other Appalachian names, here called down-picking. Audio download available online

Millie and the Big Rescue HarperCollins

This book is devoted to 250 years of collecting, organizing and preserving paleontological specimens by generations of scientists. Paleontological collections are a huge resource for modern research and should be available for national and international scientists and institutions, as well as prospective public and private customers. These collections are an important part of the scientific enterprise, supporting research, public education, and the documentation of past biodiversity. Much of what we are beginning to understand about our world, we owe to the collection, preservation, and ongoing study of natural specimens. Properly preserved collections of fossil marine or terrestrial plants and animals are archives of Earth's history and vital to our ability to learn about our place in its future. The approach employed by the editors involves not only an introduction to the paleontological collections in general, but also information on the international and national collection networks. Particular attention is given to new exhibition concepts and approaches of sorting, preserving and researching in paleontological collections and also their neglect and/or threat. In addition, the book provides information on all big public museums, on important state museums and regional Museums, and also on university collections. This is a highly informative and carefully presented book, providing scientific insight for readers with an interest in fossil record, biodiversity, taxonomy, or evolution, as well as natural history collections at large.

Systems Chemical Biology Titan Books (UK)

Lindroos constructs an alternative interpretation on history, time, politics and art, approached through the moment of the Now (Jetztzeit). In the first section, she elaborates the critique of chronologic-

linear way of understanding history. Through a close reading of Benjamin's "Work of Art" essay, the second section examines the problems of origins, authenticity and traditions of art through the ideas of artistic avant-garde and politicization of aesthetics. The end of the book discusses the concept of image and the new images as an Image-Space (Bildraum) of action.

The Art of the Mountain Banjo Interlink Books

Get a unique insight into the image problems librarians face! *The Image and Role of the Librarian* addresses all aspects of professional identity for librarians, including professional roles, cultural images, popular perceptions, and future trends. The book examines historical representations, stereotypes, and popular culture icons and the role each plays in the relationship between librarian and patron. The book also looks at the

profound impact the Internet has had on the services librarians provide and how electronic resources have transformed the roles and responsibilities of librarians. From the Editors: "There seems to be no profession as preoccupied with self-examination as that of librarianship. While some of it may stem from an identity crisis, the refrain heard over and over is startlingly similar to Rodney Dangerfield's 'I don't get no respect.' This seems to be true of all types of librarians—from public librarians who (often rightly) complain of being treated like servants by the patrons they serve, to the academic librarians who are always trying to establish their 'faculty-ness' to the teaching professors." Topics addressed in *The Image and Role of the Librarian* include: public, student, and faculty perceptions of librarians cinematic portrayals of librarians images of librarians in comic books librarians in children's literature male librarian stereotypes "know-it-all" librarians changing roles for

specialty librarians Generation X and the future of librarianship and much more! A unique examination of professional roles and responsibilities, patron expectations and perceptions, *The Image and Role of the Librarian* brings clarity and recognition to the services and functions librarians provide in their day-to-day work.

Theory of Film Mel Bay Publications
First published in 1959, Iona and Peter Opie's *The Lore and Language of Schoolchildren* is a pathbreaking work of scholarship that is also a splendid and enduring work of literature. Going outside the nursery, with its assortment of parent-approved entertainments, to observe and investigate the day-to-day creative intelligence and activities of children, the Opies bring to life the rites and rhymes, jokes and jeers, laws, games, and secret spells of what has been called "the greatest of savage tribes, and the only one which shows no signs of dying out."
