Within the Frame is a book about finding and expressing your photographic vision, specifically where people, places, and cultures are concerned. A personal book full of real-world wisdom and incredible images, author David duChemin (of pixelatedimage.com) shows you both the how and the why of finding, chasing, and expressing your vision with a camera to your eye. Vision leads to passion, and passion is a cornerstone of great photography. With it, photographs draw the eye in and create an emotional experience. Without it, a photograph is often not worth—and can't capture—a viewer's attention. Both instructional and inspirational, Within the Frame helps you on your photographic journey to make better images of the places and people you love, whether they are around the world or in your own backyard. duChemin covers how to tell stories, and the technology and tools we have at our disposal in order to tell those narratives. Most importantly, he stresses the crucial theme of vision when it comes to photographing people, places, and cultures—and he helps you cultivate and find your own vision, and then fit it within the frame.

This book accompanies an exhibition at the National Museum of African Art, Smithsonian Institution, on the role of photography in Central Africa. This is the first book to link two related themes: the role of photographic images in constructing and circulating fantasies, ideas, and sentiments in Europe and the US relating to the peoples of Central Africa; and the role of photography in enabling Africans to project images of themselves by becoming familiar with photographic technology. Broad in thematic and temporal scope, the book focuses on several time periods, especially on the years before and between the two

world wars. This is also the first publication devoted to the important holdings of the Eliot Elisofen Photographic Archives, a department of the National Museum of African Art, Smithsonian Institution and a unique repository with more than 200,000 historical and contemporary images from all over Africa. This book raises important issues associated with photographic practice in Africa, the distribution of images, the circulation of ideas in Europe and the US, and African responses to photography through several poignant case studies. This book also advances the scholarly discourse on colonial/anthropological photography, and contributes to a better understanding of African responses to photography.

Viele Anwender moderner digitaler Spiegelreflex- oder Kompaktkameras sind mit den erreichten Ergebnissen unzufrieden. Das Buch hilft dabei, die gewünschten Effekte zu erzielen. Hierfür werden ausgehend von den notwendigen theoretischen Grundlagen Ratschläge für praktische immer wiederkehrende Aufgaben und Themen wie Langzeitbelichtung oder Weißabgleich gegeben. Anhand vieler Beispiele zeigt der Autor konkret, welche Ergebnisse und Verbesserungen mit digitaler Fotografie erreicht werden können. Das Buch regt zum Experimentieren an und bietet in Anhängen detaillierte technische Grundlagen und ermöglicht so eine solide Praxisorientierung vom Motiv bis zum Bild. Robert Frank Springer-Verlag Band 1–36 im Set erhältlich! Das 1983 begründete interdisziplinäre Jahrbuch Exilforschung widmet sich der Erforschung der Bedingungen, Erscheinungsformen und kulturellen Reflexionen des Exils. Der Begriff, der historisch die Verbannung einzelner meinte, wird programmatisch für die Untersuchung der für das 20. und 21. Jahrhundert charakteristischen Massenvertreibungen verwendet. Damit wird eine Perspektive auf die Besonderheiten der Zwangsmigration, ihrer Erfahrungsdimensionen und kulturellen Artikulationen eingenommen. Das Kernthema Flucht und Exil infolge der

nationalsozialistischen Diktatur wird mit der Erforschung anderer, auch gegenwärtiger Exile verbunden. Indem das historische Exil als transnationales Geschehen in den Blick gerückt wird, das nicht auf eine Verlustgeschichte reduziert werden kann, sondern vielfältige Vernetzungen und Transferprozesse initiiert hat, ergeben sich Bezüge zu aktuellen Flucht- und Exilerfahrungen und deren globalen Dimensionen und Implikationen. Das Jahrbuch gibt Raum für Untersuchungen zur Verschränkung oder Entflechtung von politischen und kulturellen Aspekten der Zugehörigkeit sowie zur Erinnerungskultur und ihren institutionellen Verortungen.

Every wedding is a journey; it starts off slowly many months before the "big day" and starts to accelerate as the auspicious occasion draws closer, with frenetic activity, unforeseen problems, and heightened emotions causing bumps and swerves along the road. When the day dawns, the hill to climb in the hours ahead can seem arduous, or for the über-prepared and relaxed, it could simply be plain sailing. And once the formalities are over and the party gets started, it's usually a speedy downhill ride from there! Photographers tasked with the job of recording the events of the day need to make this journey as pleasant as possible for the clients. Of course, this is no small task. In this book, Brett Florens takes readers step by step through one entire wedding, offering tips to smooth the rocky road for their clients. He provides a play-by-play look at all of the photographic tasks of the day, from the pre-shoot production procedures (engaging with the client about the look and feel of the shoot, developing a mood board [a collection of images, colors, etc. that will inspire the images]), to the engagement shoot, through to the post-wedding shoot and the compilation of the wedding album. He explains, in simple language, how he executed each aspect of the shoot and created the storytelling wedding album. He also discusses his equipment selection and the reasons why he opts to use the tools he selects. Because marketing is essential when trying to attract a specific client, he outlines surefire techniques for identifying, attracting, and securing your target market, allowing you carte blanche to create images and storybooks that reflect your vision and unique interpretation of the event.

A startling and original look at what it means to be human in a rapidly changing world, from bestselling author and art writer Henry Carroll, with images by a diverse and innovative group of contemporary photographers See through the eyes of a new generation of photographers responding to the rapidly unfolding issues shaping our lives. In this series of small, insightful, and beautifully presented books, Henry Carroll, the bestselling photography writer of the last decade, considers the ideas behind images to present personal perspectives on climate change, race, sexuality, gender, faith, inequality, beauty, power, and our contradictory relationship to animals and the natural world. The first book in the series, *HUMANS*, reveals how contemporary photographers use visual language to pose honest and confronting questions about our bodies, the purpose of faith in a fact-based world, systemic social structures that limit and allow freedom, and the opposing forces of unconditional love and abject cruelty. In this diverse collection of arresting images and insightful text, Carroll regards the photographers as modern-day philosophers, original thinkers who fuse technique, concept, and imagination in order to provoke meaningful visual reflections on what matters most. For both

creators and consumers of images, *HUMANS* is an immersive and supremely relevant book offering a treasure trove of ideas and visual inspiration designed to cultivate a deeper, more personal understanding of who we are, why we are, and what we think.

Das Ziel dieser Arbeit ist, den gesellschaftlichen und informationstechnologischen Wandel der vergangenen Jahre miteinander zu verknüpfen. Es gilt aufzuzeigen, ob der erlebnisorientierte Konsument nach wie vor existiert, welche Motive ihn heute antreiben und wie sich das Zeitalter sozialer Medien auf ihn auswirkt. Dazu wird die vorliegende Arbeit darstellen, was das Erlebnis im Social Web charakterisiert und welchen Nutzen es für Unternehmen stiften kann. Ferner gilt es darzulegen, nach welcher Logik soziale Medien funktionieren und welche Implikationen sich daraus für die Markenführung abzeichnen. Der Fokus wird weiter auf die Kommunikation von Luxusmarken im Social Web gelegt. Es wird aufgezeigt, wie sich die traditionell wenig dialogorientierte Kommunikation im Luxussegment mit einem Medium vereinbaren lässt, in dem es jedem Nutzer möglich ist, mit Luxusmarken zu interagieren. Am Beispiel der Leica Camera AG wird erläutert, wie es einer Luxusmarke gelingen kann, sich adäquat im Social Web zu positionieren. Hierzu wird aufgezeigt, wie Kommunikationsmaßnahmen inhaltlich ausgestaltet werden müssen, um der Luxusmarke Leica angemessen zu erscheinen und den Nutzern relevante Mehrwerte zu schaffen. Weiter wird die Frage beantwortet, wie Luxusmarken dem partizipativen Anspruch sozialer Medien gerecht werden und gleichzeitig die Exklusivität der Marke wahren können.

Klassen-Bilder Berghahn Books paul Ott zählt zu den profiliertesten europäischen Architekturfotografen der Gegenwart. Seine Dokumentationen zeitgenössischer Architektur werden in zahlreichen internationalen Fachzeitschriften und Büchern veröffentlicht. Otts Fotos vermitteln jedoch stets mehr als die bloße Physiognomie von Gebäuden. In freien Fotoserien untersucht er Strukturen, die unsere Wahrnehmung der Umwelt mindestens so stark beeinflussen wie die Baukunst der Architekten: anonyme landwirtschaftliche Bauten, Hochhäuser und ihr Schicksal sowie die dramatische Kulisse von Großstädten wie Sao Paulo. Das Buch bietet einen repräsentativen Querschnitt durch Paul Otts fotografisches Oeuvre und macht bewusst, dass Umweltgestaltung zu einem guten Teil auch auf „gelernten“ medialen Bildern über und mit Architektur beruht. Vier Essays beleuchten das Werk aus den Perspektiven der Kunsttheorie und der Architektur.
