Constantly surprising and always hilarious you will snort with laughter as Bunny and friends have to team up to stop mega-genius inventor Skunky, who has decided that hes going to do what Monkeys been failing at for so long... take over the Woods himself! But first, he needs an Evil Team. First recruit... Monkey!

Rise of the Monkey King All-Points Publications

From debut author Van Hoang comes *Girl Giant* and the *Monkey King*, a tale

packed with magic, adventure, and middle-school woes—perfect for fans of Rick Riordan and Roshani Chokshi. Eleven-year-old Thom Ngho is keeping a secret: she’s strong. Like suuuuper strong. Freakishly strong. And it’s making it impossible for her to fit in at her new middle school. In a desperate bid to get rid of her super strength, Thom makes a deal with the Monkey King, a powerful deity and legendary trickster she accidentally released from his 500-year prison sentence. Thom agrees to help the Monkey King get back his magical staff if he'll take away her strength. Soon Thom is swept up in an ancient and fantastical world in where demons, dragons, and Jade princesses actually exist. But she quickly discovers that magic can’t cure everything, and

dealing with the trickster god might be more trouble than it's worth. Kirkus Best Book of 2020

Sometimes We Think You Are a Monkey
Journey to the West

Your little arms and legs move just like you are a baby monkey climbing into the leafy branches of a tree. But you are not a monkey. Your nose twitches and your mouth moves as though you are a bunny sniffing the garden air. But you are not a bunny. Moving from animal to animal, leading to a wonderful surprise at the end, this charming story engages young readers with both the text and the adorable art. A wonderful gift for both young children and their parents, especially every new parent who can't stop marveling at their baby.

The Rise of the Monkey King: A

Story in Traditional Chinese and Pinyin, 600 Word Vocabulary Level

Independently Published

Throughout the world, closely related species are found on landmasses separated by wide stretches of ocean.

What explains these far-flung distributions? Why are such species found where they are across the Earth?

Since the discovery of plate tectonics, scientists have conjectured that plants and animals were scattered over the globe by riding pieces of ancient supercontinents as they broke up. In the past decade, however, that theory has foundered, as the genomic revolution has made reams of new data available.

And the data has revealed an extraordinary, stranger-than-fiction story that has sparked a scientific upheaval. In

The Monkey's Voyage, biologist Alan de Queiroz describes the radical new view of how fragmented distributions came into being: frogs and mammals rode on rafts and icebergs, tiny spiders drifted on storm winds, and plant seeds were carried in the plumage of sea-going birds to create the map of life we see today. In other words, these organisms were not simply constrained by continental fate; they were the makers of their own geographic destiny. And as de Queiroz shows, the effects of oceanic dispersal have been crucial in generating the diversity of life on Earth, from monkeys and guinea pigs in South America to beech trees and kiwi birds in New Zealand. By toppling the idea that the slow process of continental drift is the main force behind the odd distributions

of organisms, this theory highlights the dynamic and unpredictable nature of the history of life. In the tradition of John McPhee's Basin and Range, The Monkey's Voyage is a beautifully told narrative that strikingly reveals the importance of contingency in history and the nature of scientific discovery.

The Case of the Missing Monkey

Simon and Schuster

The #1 New York Times and Wall Street Journal bestseller, named one of the best books of the year by The Boston Globe and National Geographic: acclaimed journalist Douglas Preston takes readers on a true adventure deep into the Honduran rainforest in this riveting narrative about the discovery of a lost civilization -- culminating in a stunning medical mystery. Since the days of

conquistador Hernán Cortés, rumors have circulated about a lost city of immense wealth hidden somewhere in the Honduran interior, called the White City or the Lost City of the Monkey God. Indigenous tribes speak of ancestors who fled there to escape the Spanish invaders, and they warn that anyone who enters this sacred city will fall ill and die. In 1940, swashbuckling journalist Theodore Morde returned from the rainforest with hundreds of artifacts and an electrifying story of having found the Lost City of the Monkey God-but then committed suicide without revealing its location. Three quarters of a century later, bestselling author Doug Preston joined a team of scientists on a groundbreaking new quest. In 2012 he climbed aboard a rickety, single-engine

plane carrying the machine that would change everything: lidar, a highly advanced, classified technology that could map the terrain under the densest rainforest canopy. In an unexplored valley ringed by steep mountains, that flight revealed the unmistakable image of a sprawling metropolis, tantalizing evidence of not just an undiscovered city but an enigmatic, lost civilization. Venturing into this raw, treacherous, but breathtakingly beautiful wilderness to confirm the discovery, Preston and the team battled torrential rains, quickmud, disease-carrying insects, jaguars, and deadly snakes. But it wasn't until they returned that tragedy struck: Preston and others found they had contracted in the ruins a horrifying, sometimes lethal-and incurable-disease. Suspenseful and

shocking, filled with colorful history, hair-raising adventure, and dramatic twists of fortune, *THE LOST CITY OF THE MONKEY GOD* is the absolutely true, eyewitness account of one of the great discoveries of the twenty-first century.

Mac's favorite glass monkey is missing from the counter of The Grill Next Door. Who would take a glass monkey? And why?

Monkey Wars Hachette UK

"Strikingly original" is how Anthony Horowitz, author of the Alex Rider series, describes *Monkey Wars*. "Kurti draws from history to deliver a powerful allegory . . . [and] keeps this effective, memorable tale rooted in reality."
—Publishers Weekly, Starred Review

Sustain the weak. Destroy the strong. A dark fable in the vein of *Animal Farm*, *Watership Down*, and *The Wave*, this action-packed page-turner is told entirely from the monkeys' points of view and shines a light on the politics of power, the rise of tyrants, and the personal dilemmas that must be faced when your life is on the line. When rhesus monkeys are brutally massacred on the dusty streets of Kolkata by a troop of power-hungry langur monkeys, Mico, a privileged langur, becomes entangled in the secrets at the heart of his troop's leadership and is shocked at what he discovers. He feels compelled to help the few surviving rhesus, especially Papina, a young female he befriends, even though doing so goes against everything he's been taught. As more

blood is spilled, Mico realizes that choosing between right and wrong won't be easy. Includes a note from the author, as well as interesting monkey species facts. Additional praise for MONKEY WARS "The allure of power—even for the most conscientious—is portrayed with frightening effectiveness. Powerful."—Kirkus Reviews "An imaginative fable about the nature of power and the responsibility of the individual. With plenty of action . . . a fascinating epilogue . . . [and] striking cover art." —Booklist "Following in the tradition of George Orwell's *Animal Farm* and William Golding's *Lord of the Flies*, war and politics shape the lives of several monkey troops. An interesting premise that will provide readers with an introduction to fascism and political

corruption." —School Library Journal
Grumpy Monkey Valentine Gross-Out

"The Monster of Black Wind Mountain" is the 7th book in the "Journey to the West" series of stories by Jeff Pepper and Xiao Hui Wang. Other titles include "Rise of the Monkey King", "The Immortal Peaches" and "The Young Monk". This book is part of the Journey to the West series of stories for students learning to read Chinese. It is based on the epic 16th century novel of the same name by Wu Chen'en. The novel is loosely based on an actual journey by the Buddhist monk Tangsheng (formerly called Xuanzang), who traveled from the Chinese city of Chang'an westward to India in 629 A.D. and returned 17 years later with priceless knowledge and

spiritual texts. Over the course of the book Tangsheng and his companions face the 81 tribulations that Tangsheng had to endure to attain Buddhahood. This, the seventh book in the series, tells the story of the first few months of the journey itself. Tangsheng is accompanied by his disciple, the short-tempered Monkey King Sun Wukong. They first encounter a mysterious river-dwelling dragon, then run into serious trouble while staying in the temple of a 270 year old abbot. Their troubles deepen when they meet the abbot's friend, a terrifying black bear monster. The story is written using a limited 1200 word vocabulary, roughly equivalent to HSK 4. It is presented in simplified Chinese characters and pinyin, and includes an English version and

complete glossary. A free audio version of this book and all other books in this series is available on YouTube and also on our website, www.imagin8press.com. **New World Monkeys** Delacorte Press The bestselling Journey to the West comic book by artist Chang Boon Kiat is now back in a brand new fully coloured edition. Journey to the West is one of the greatest classics in Chinese literature. It tells the epic tale of the monk Xuanzang who journeys to the West in search of the Buddhist sutras with his disciples, Sun Wukong, Sandy and Pigsy. Along the way, Xuanzang's life was threatened by the diabolical White Bone Spirit, the menacing Red Child and his fearsome parents and, a host of evil spirits who sought to devour Xuanzang's flesh to attain immortality. Bear witness to the

formidable Sun Wukong's (Monkey God) prowess as he takes them on, using his Fiery Eyes, Golden Cudgel, Somersault Cloud, and quick wits! Be prepared for a galloping read that will leave you breathless!

The Monkey and the Monk University of Chicago Press

A comprehensive account of the origins, evolution, and behavior of South and Central American primates *New World Monkeys* brings to life the beauty of evolution and biodiversity in action among South and Central American primates, who are now at risk. These tree-dwelling rainforest inhabitants display an unparalleled variety in size, shape, hands, feet, tails, brains, locomotion, feeding, social systems, forms of communication, and mating

strategies. Primatologist Alfred Rosenberger, one of the foremost experts on these mammals, explains their fascinating adaptations and how they came about. *New World Monkeys* provides a dramatic picture of the sixteen living genera of New World monkeys and a fossil record that shows that their ancestors have lived in the same ecological niches for up to 20 million years—only to now find themselves imperiled by the extinction crisis. Rosenberger also challenges the argument that these primates originally came to South America from Africa by floating across the Atlantic on a raft of vegetation some 45 million years ago. He explains that they are more likely to have crossed via a land bridge that once connected Western Europe and Canada

at a time when many tropical mammals transferred between the northern continents. Based on the most current findings, *New World Monkeys* offers the first synthesis of decades of fieldwork and laboratory and museum research conducted by hundreds of scientists.

The Monkey's Voyage Top Shelf Productions

Is a certain vet detective about to become an endangered species? It's been over a decade since Jessica Popper spoke to vet-school friend Erin Walsh. So when Erin calls out of the blue, Jess agrees to meet her. When Erin doesn't show, Jessie begins to suspect that her old pal was making a monkey out of her—until she learns that Erin was murdered. Jessie can't resist getting involved, but her sleuthing quickly pulls

her into a jungle of suspects. Did Erin's husband, Ben, kill her – or was it the eccentric lizard-loving coworker with whom she may have been monkeying around? Was Ben's outrageously wealthy new partner trying to cover up some monkey business? Or was it Erin's ambitious boss, a distinguished primate specialist determined to remain top banana in her field? With the killer going ape to stay hidden, even Jess's animal instincts might not save her from a fate more fatal than a barrel of monkeys....

Monkey See, Monkey Die Random House Studio

"An expressive, funny-sad book that rewards us with its deft execution." -- Peter Aaron Rose, *Artbomb* A factory of self-replicating robots is stripping the jungle of its natural resources,

threatening the territory of a colony of nearby monkeys. A series of encounters between the two groups quickly escalates into all out war. For all the book's humorous and charming appearance, beneath this entertaining veneer runs a stirring examination of the dual nature of existence, the dichotomy within the human mind, and our profound effect on the ecological environment. A modern day fable for adults and kids alike based on the age-old struggle between nature and technology.

The Human Invasion Princeton University Press

"The Rise of the Monkey King" is the first book in the "Journey to the West" series of stories by Jeff Pepper and Xiao Hui Wang. Other titles include "Trouble in Heaven", "The Immortal Peaches" and "The Young Monk". Sun Wukong, the Handsome Monkey King, is one of most famous characters in Chinese literature and culture. His legendary bravery, his foolish mistakes, his sharp-tongued commentary and his yearning for immortality and spiritual knowledge have inspired hundreds of books, television shows, graphic novels, video games and films. The full story of Sun Wukong's adventures is told in Journey To The West, an epic 2,000 page novel written in the 16th Century by Wu

Cheng'en. Journey To The West is probably the most famous and best-loved novel in China and is considered one of the four great classical novels of Chinese literature. Its place in Chinese literature is roughly comparable to Homer's epic poem The Odyssey in Western literature. Wikipedia sums up the book's role perfectly, saying "Enduringly popular, the tale is at once a comic adventure story, a humorous satire of Chinese bureaucracy, a spring of spiritual insight, and an extended allegory in which the group of pilgrims journeys towards enlightenment by the power and virtue of cooperation." Journey To The West is a very, very long story, consisting of a hundred chapters. It is loosely based on an actual journey by the Buddhist monk Xuanzang who

traveled from the Chinese city of Chang'an westward to India in 629 A.D. and returned 17 years later with priceless knowledge and texts of Buddhism. Over the course of the book Xuanzang and his companions face the 81 tribulations that Xuanzang had to endure to attain Buddhahood. This book, The Rise of the Monkey King, covers the events in the first two chapters of this epic story. We learn how the little stone monkey is born, becomes king of his troop of monkeys, leaves his home to pursue enlightenment, receives the name Sun Wukong (literally, "ape seeking the void") from his teacher, and returns home to defend his subjects from a ravenous monster. Future books in this series will tell more stories from the life of this famous monkey and his

companions. Because of this story's importance in Chinese culture, we've made every effort to remain faithful to the original while retelling it in simple language suitable for beginning Chinese learners at the HSK 3 level. We have tried to not add or change anything, though of course we've had to leave out a lot of detail. Wherever we had to use a word or phrase not contained in the 600-word HSK 3 vocabulary (which for example does not include the word "monkey"!) or that has not entered common usage since the HSK lists were created, those new words are defined in footnotes on the page where they first appear. New compound (multi-character) words and expressions are, whenever possible, chosen so that they use characters already in HSK 3. An English

version of the story is included for reference at the end, as well as a complete glossary. In the main body of the book, each page of Chinese characters is matched with a facing page of pinyin. This is unusual for Chinese novels but we feel it's important. By including the pinyin, the English version and the glossary, we hope that every reader, no matter what level of mastery they have of the Chinese language, will be able to understand and enjoy the story we tell here. The story is written, as much as possible, using the 600 word vocabulary of HSK 3. It is presented in simplified Chinese characters and pinyin, and includes an English version and complete glossary. A free Chinese language audiobook is also available on YouTube, on the Imagin8 Press channel.

Media coverage at the time of the Scopes trial was far from accurate. This book sets the record straight, revealing how inaccuracies distorted the view of

the Christian faith.

Tripmaster Monkey Union Square Press

Able to shape-shift and ride the clouds, wielding a magic cudgel and playing tricks, Sun Wukong (aka Monkey or the Monkey King) first attained superstar status as the protagonist of the sixteenth-century novel *Journey to the West* (*Xiyou ji*) and lives on in literature and popular culture internationally. In this far-ranging study Hongmei Sun discusses the thousand-year evolution of this figure in imperial China and multimedia adaptations in Republican, Maoist, and post-socialist China and the United States, including the film *Princess Iron Fan* (1941), Maoist revolutionary operas, online creative writings influenced by Hong Kong film *A Chinese*

Odyssey (1995), and Gene Luen Yang's graphic novel *American Born Chinese*. At the intersection of Chinese studies, Asian American studies, film studies, and translation and adaptation studies, *Transforming Monkey* provides a renewed understanding of the Monkey King character as a rebel and trickster, and demonstrates his impact on the Chinese self-conception of national identity as he travels through time and across borders.

Sock Monkey Rides Again Basic Books
"The Rise of the Monkey King" is the first book in the "Journey to the West" series of stories by Jeff Pepper and Xiao Hui Wang. Other titles include "Trouble in Heaven", "The Immortal Peaches" and "The Young Monk". NOTE: This book is written in Traditional Chinese, the

character set used primarily in Taiwan. The book is also available in Simplified Chinese, the character set used in mainland China. Sun Wukong, the Handsome Monkey King, is one of most famous characters in Chinese literature and culture. His legendary bravery, his foolish mistakes, his sharp-tongued commentary and his yearning for immortality and spiritual knowledge have inspired hundreds of books, television shows, graphic novels, video games and films.
