This extensive reference volume presents the etymological history of thousands of English words. The story of how words come to be is the story of how humans think, and how we fashion our civilizations. Words can be the product of long and intertwining histories, migrations from other languages, or new coinages of science or slang. This diversity of origins is part of what gives the English language its beauty and power. In *Dictionary of Word Origins*, etymologist Joseph T. Shipley provides a fascinating window into the

evolution of modern English, from the onomatopoeic aspect of “abash” to the animalistic origins of “zodiac.”

The first systematic comparative study of the defensive armor and fortifications of aboriginal Native Americans. From the Chickasaw fighting the Choctaw in the Southeast to the Sioux battling the Cheyenne on the Great Plains, warfare was endemic among the North American Indians when Europeans first arrived on this continent. An impressive array of offensive weaponry and battle tactics gave rise to an equally impressive range of defensive technology. Native Americans constructed very effective armor and shields using wood, bone, and leather. Their fortifications ranged from simple refuges to walled and moated

stockades to multiple stockades linked in strategic defensive networks. In this book, David E. Jones offers the first systematic comparative study of the defensive armor and fortifications of aboriginal Native Americans. Drawing data from ethnohistorical accounts and archaeological evidence, he surveys the use of armor, shields, and fortifications both before European contact and during the historic period by American Indians from the Southeast to the Northwest Coast, from the Northeast Woodlands to the desert Southwest, and from the Sub-Arctic to the Great Plains. Jones also demonstrates the sociocultural factors that affected warfare and shaped the development of different types of armor and fortifications. Extensive eyewitness descriptions of warfare, armor, and

fortifications, as well as photos and sketches of Indian armor from museum collections, add a visual dimension to the text. "This succinct book is well written and systematically organized and it will serve as the starting point for any future studies on the subject." —Military History of the West "This book provides the first and only comprehensive survey of armor, shields, and fortifications [of American Indians]. . . . It has left me with a new appreciation for the sheer diversity of warfare, armor, and fortifications used by Native Americans, and it shatters stereotypes about the nature of aboriginal warfare." —Wayne Van Horne, associate professor of Anthropology, Kennesaw State University

The Mapuches accomplished what the mighty Aztec and Inca empires failed so overwhelming to do- to preserve their independence, and keep the Spanish invaders at bay. The Mapuche infantry played a vital role in the Araucanian war, from the initial of the conquest in 1541 to 1883. The goals of this book: a) To provide an overview of the military

aspects weaponry, armory, the horse, and tactic, strategy facing the Mapuches; at the beginning of the Spanish conquest. b) To provide an overview, of the military superiority enjoyed, by the Spanish army, in addition, the role of the Auxiliary Indian. c) To point out how, by military innovations, and adaptation in the face of Araucanian war, the Mapuches managed to resist Spanish military campaigns, for over 300 years.

In a dark and perilous realm, a nameless outcast seeks a voice, a past, and a future: “A dazzling debut” (Jennifer Roberson). In all of Erith, there is perhaps no one as wretched as the nameless mute foundling confined to the

lowest depths of Isse Tower. Abused by many and despised by all, the pathetic creature lives without memories in the shadows. The amnesiac longs to escape—to roam the wild landscape in search of a past, a name, a destiny—but dangers surround the tower. Only flying ships and majestic winged horses carrying important visitors can reach the castle safely, landing high above the ground on its battlements. The local servants whisper about malevolent creatures that roam the forests and bear no love for humankind. Escape seems impossible in this treacherous world of wights and monsters. Praised as Australia’s J. R. R. Tolkien, Cecilia Dart-Thornton has set a towering new standard for fantasy fiction, earning the respect and acclaim of readers,

reviewers, and some of the world's most renowned fantasists. With roots firmly embedded in the ancient folklore of the British Isles, *The Ill-Made Mute*—the opening volume of Dart-Thornton's magnificent *Bitterbynde Trilogy*—introduces fantasy lovers to an unforgettable character whose remarkable adventures rival the epic trials of the Bagginses and the tales of *The Silmarillion*.

**History of New Netherland** Roman Boys at Sea is a study of homoerotic life in the Royal Navy during the age of sail. The book traces every feature of sexual life at sea, including seduction, rape, prostitution, courts martial, and the punishments meted out to those convicted of violating the stern moral code set down in the Articles of War . Rookwood Troll Lord Games French Academician and Nazi sympathiser Paul-Jean Husson writes a letter to his local SS officer in the autumn of 1942. Tormented by an illicit passion for Ilse, his German daughter-in-law, Husson has taken a decision that will devastate several lives, including his own. The letter is intended to explain his actions. It is a dramatic, sometimes harrowing, story that begins in the years

leading up to the war, when following the accidental drowning of his daughter, Husson's previously gilded life begins to unravel. And through Husson's confession, Romain Slocombe gives the reader a startling picture of a man's journey: from pillar of the French Establishment and World War One hero, to outspoken supporter of Nazi ideology and the Vichy government.

 Surrealist Women displays the range and significance of women's contributions to surrealism. Penelope Rosemont, affiliated with the Paris Surrealist Group in the 1960s and now a Chicago poet and painter, has assembled nearly three hundred texts by ninety-six women from twenty-eight countries. She opens the book with a succinct summary of surrealism's basic aims and principles,

followed by a discussion of the place of gender in the origins of the movement. The texts are organized into historical periods ranging from the 1920s to the present, with introductions describing trends in the movement for each period; and each surrealist's work is prefaced by a brief biographical statement. Authors include El Allailly, Bruna, Cunard, Carrington, Cesaire, Gauthier, Giovanna, van Hirtum, Kahlo, Levy, Mansour, Mitrani, Pailthorpe, Joyce Peters, Rahon, Svankmajerova, Taub, Zangana

Can you live your life by what The Twilight Zone has to teach you? Yes, and maybe you should. The proof is in this lighthearted collection of life lessons,

ground rules, inspirational thoughts, and stirring reminders found in Rod Serling's timeless fantasy series. Written by veteran TV critic, Mark Dawidziak, this unauthorized tribute is a celebration of the classic anthology show, but also, on another level, a kind of fifth-dimension self-help book, with each lesson supported by the morality tales told by Serling and his writers. The notion that "it's never too late to reinvent yourself" soars through "The Last Flight," in which a World War I flier who goes forward in time and gets the chance to trade cowardice for heroism. A visit from an angel blares out the wisdom of "follow your passion" in "A Passage for Trumpet." The meaning of "divided we fall" is driven home with dramatic results when neighbors suspect neighbors of

being invading aliens in “The Monsters Are Due on Maple Street.” The old maxim about never judging a book by its cover is given a tasty twist when an alien tome is translated in “To Serve Man.”

NEW YORK TIMES BESTSELLER • “A fascinating look at how consumers perceive logos, ads, commercials, brands, and products.”—Time How much do we know about why we buy? What truly influences our decisions in today’s message-cluttered world? In *Buyology*, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers

from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy.

Among the questions he explores: •

Does sex actually sell? • Does subliminal advertising still surround us? • Can “cool” brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? *Buyology* is a fascinating and shocking journey into the mind of today’s consumer that will captivate anyone who’s been seduced—or turned off—by marketers’ relentless attempts to win our loyalty, our money, and our minds.
