If the Al-Qaeda terrorists who attacked the United States in 2001 wanted to weaken the West, they achieved their mission by striking a blow at the heart of democracy. Since 9/11 governments including those of the USA, the UK, France and Australia have introduced tough, intimidating legislation to discourage the legitimate activities of a probing press, so greatly needed after the Iraq War proved that executive government could not be trusted. Often hiding behind arguments about defending national security and fighting the war on terror, governments criminalised

legitimate journalistic work, ramping up their attacks on journalists' sources, and the whistle-blowers who are so essential in keeping governments honest. Through detailed research and analysis, this book, which includes interviews with leading figures in the field, including Edward Snowden, explains how mass surveillance and anti-terror laws are of questionable value in defeating terrorism, but have had a 'chilling effect' on one of the foundations of democracy: revelatory journalism.

 Alexandre Dumas's classic tale of revenge and redemption, *The Count of Monte Cristo* "Le Comte de Monte-Cristo", is presented for the first time in English-French parallel text, complete and unabridged with black-and-white illustrations. The story concludes in Volume Six with chapters 98-117: justice finds Dantes's tormentors and Monte Cristo discovers the redeeming power of forgiveness and love. It also features a

tribute to Dumas from Robert Louis Stevenson. The Bilingual Library presents the world's classics in parallel text. Each page in the original language is mirrored by its English translation on the facing page. Series editor D. Bannon is a member of the American Literary Translators Association and the American Translators Association. *The Lower Canada Jurist* Martinus Nijhoff Publishers

The essays in *Talking Drama* ask what the relation is between drama and its critics. In so far as we conceive of drama and theatre as arising from and providing some sense of social ritual and comment, drama is itself a critical genre, showing up the foibles and problems of human existence as well as the general hubris and errors of society. Plays both constitute criticism--of society, of ideas, of other plays--and deploy such self-critical gambits as plays within plays, characters who watch other characters, characters feigning roles and personalities, and even the overt inclusion of characters who are critics. Plays, thus, comment both on themselves and on the art

of theatre generally. At the same time, drama implies other kinds of critics in the guise of the audience, reviewers, and those who might participate in its ideas. Just as plays produce the seeds of their own critique, so they also spur critique of their aesthetics, the artistry of their performance, and the ideas and conflicts they illustrate. Critics who review play performances are as much an intrinsic part of theatrical events as the audience and the plays themselves.
