"A poet celebrates the wonders of nature in a collection of essays that could almost serve as a coming-of-age memoir." —Kirkus Reviews As a child, Nezhukumatathil called many places home: the grounds of a Kansas mental institution, where her Filipina mother was a doctor; the open skies and tall mountains of Arizona, where she hiked with her Indian father; and the chillier climes of western New York and Ohio. But no matter where she was transplanted—no matter how awkward the fit or forbidding the landscape—she was able to turn to our world's fierce and funny creatures for guidance. "What the peacock can do," she tells us, "is remind you of a home you will run away from and run back to all your life." The axolotl teaches us to smile, even in the face of unkindness; the touch-me-not plant shows us how to shake off unwanted advances; the narwhal demonstrates how to survive in hostile environments. Even in the strange and the unlovely, Nezhukumatathil finds beauty and kinship. For it is this way with wonder: it requires that we are curious enough to look past the distractions in order to fully appreciate the world's gifts. Warm, lyrical, and gorgeously illustrated by Fumi Nakamura, *World of Wonders* is a book of sustenance and joy. Praise for *World of Wonders* Barnes & Noble 2020 Book of the Year An NPR Best Book of 2020 An Esquire Best Book of 2020 A Publishers Weekly "Big Indie Book of Fall 2020" A BuzzFeed Best Book of Fall 2020 "Hands-down one of the most beautiful books of the year." —NPR "A timely story about love, identity and belonging." —New York Times Book Review "A truly wonderous essay collection."

Rin's story continues in this acclaimed sequel to *The Poppy War*—an epic fantasy combining the history of twentieth-century China with a gripping world of gods and monsters. The war is over. The war has just begun. Three times throughout its history, Nikan has fought for its survival in the bloody Poppy Wars. Though the third battle has just ended, shaman and warrior Rin cannot forget the atrocity she committed to save her people. Now she is on the run from her guilt, the opium addiction that holds her like a vice, and the murderous commands of the fiery Phoenix—the vengeful god who has blessed Rin with her fearsome power. Though she does not want to live, she refuses to die until she avenges the traitorous Empress who betrayed Rin's homeland to its enemies. Her only hope is to join forces with the powerful Dragon Warlord, who plots to conquer Nikan, unseat the Empress, and create a new republic. But neither the Empress nor the Dragon Warlord are what they seem. The more Rin witnesses, the more she fears her love for Nikan will force her to use the Phoenix's deadly power once more. Because there is nothing Rin won't sacrifice to save her country . . . and exact her vengeance.

FIRST IN A NEW SERIES! "There will be times, girl, when all your magic ain't going to be enough, times when it will seem to dry up like mud under the noonday sun, or even make matters worse. . . ." Kallie Rivière, a fiery Cajun hoodoo apprentice with a talent for trouble, finds herself smack-dab in the middle of one of those times her mentor warned her about when she visits New Orleans to attend the Hecatean Alliance's annual carnival: her hard-bodied conjurer hookup ends up dead in her blood-drenched bed. And he was killed by something that Kallie would never dream of touching—the darkest of dark juju, soul-eating juju—a black dust hex that may have been meant to kill her. Now Kallie has to use every bit of hoodoo knowledge and bayou-bred mojo she possesses to clear her own name and find the killer—even as that dark sorcerer hunts Kallie and her friends. But Kallie's search for the truth soon leads her in a direction she never

anticipated—back home to Bayou Cyprés Noir, and to Gabrielle LaRue, Kallie's aunt, protector, and hoodoo mentor . . . who is looking more and more like she just might be the one who wants Kallie dead.

'Tom Gauld is always funny, but he's funny in a way that makes you feel smarter. Which is especially useful when he's being funny about science' Neil Gaiman A dog philosopher questions what it really means to be a 'good boy'. A virtual assistant and a robot-cleaner elope. The undiscovered species and the theoretical particle face existential despair. Just as he did with writers, poets and literary classics in *Baking with Kafka*, Gauld now does with hapless scientists, nanobots, and puzzling theorems - with comic strips funny enough to engage science boffins and novices alike.

Tales of the Golden Corpse is the first complete English version of the famous Tibetan folktales told to a young boy who has killed seven sorcerers in the defense of his Master. The boy must redeem himself by carrying a talking corpse full of wondrous tales on a long journey, without himself speaking a word. These 25 tales of intrigue and magic provide the reader with a window through which to view ancient Tibetan culture. Within them, you will encounter heroes and villains, fearsome witches, murderous demons, and clever tricksters with a uniquely Tibetan humor. Songs, riddles, jokes, and sayings make the stories come alive as they unfold against the background of everyday Tibet—its farmers and nomads, kings and magical beings.

In the early nineteenth century, body snatching was rife because the only corpses available for medical study were those of hanged murderers. With the Anatomy Act of 1832, however, the bodies of those who died destitute in workhouses were appropriated for dissection. At a time when such a procedure was regarded with fear and revulsion, the Anatomy Act effectively rendered dissection a punishment for poverty. Providing both historical and contemporary insights, *Death, Dissection, and the Destitute* opens rich new prospects in history and history of science. The new afterword draws important parallels between social and medical history and contemporary concerns regarding organs for transplant and human tissue for research.
