Twentysomething and restless, Skye flits between cities and stagnant relationships until she meets Scottie, a disarming and disheveled British traveler, and Pieces, an enigmatic artist living in New York. The three recognize each other as kindred spirits—Black, punk, whimsical, revolutionary—and fall in together, leading Skye on an unlikely adventure across the Atlantic. They live a glorious, subterranean existence in 1990s

London: making multimedia art, throwing drug-fueled parties, and eking out a living by busking in Tube stations, until their existence is jeopardized by the rise of CCTV and policing. In fluid and unrelenting prose, Jamika Ajalon's debut novel explores youth, poetry, and what it means to come terms with queerness. Skye Papers is an imaginative, episodic group portrait of a transatlantic art scene spearheaded by people of color—and of the fraught, dystopian reality of increasing state surveillance.

New York : Porträt einer Stadt Rowman & Littlefield

Thomas Hardy (2nd June 1840 – 11th January 1928) was an English novelist and poet. He was influenced by Romanticism and it has been reflected in his novels and poetry. He was criticised

by the Victorian society on the issue of the declining status of rural people in Britain. He was basically a poet. Initially he started writing poems. But he gained fame after his novels, such as *Far from the Madding Crowd*, *The Mayor of Casterbridge*, *Tess of the d'Urbervilles* and *Jude the Obscure*. Two of his novels, *Tess of the d'Urbervilles* and *Far from the Madding Crowd*, were listed in top 50 on the BBC survey- *The Big Read*. The story of *Tess of the d'Urbervilles* revolves around a 16-year-old very simple girl, named Tess Durbeyfield, who is the eldest daughter of John and Joan Durbeyfield. Since the family suffers acute financial crisis, so they approach the d'Urbervilles family who are holding huge land and having a lot of money. There Tess meets Alec d'Urberville, who finds himself attracted to Tess. When Tess started working as a caretaker of Alec's blind mother's poultry farm, Alec gets an opportunity to rape her. After that there are many ups and downs in Tess's life. She meets Mr. Crick for another job. She also meets one more fellow Angel Clare, who is a travelling farmer's apprentice. They marry each other. But after knowing her story, again there is a turn in Tess's life. How she manages all such situations, how she meets all the financial aspects, a lot of things happen with Tess. Even Alec and Angel both start searching for Tess. So, the story has become very interesting, full of climax. How Tess meets Alec or Angel? Whether she gets involved with any of these two again? There are so many presumptions. Readers will surely enjoy the story, full of suspense and never expected ups & downs in the life of all the characters. At last, how Angel helps Tess and her family is the climax. Go ahead and must grab the book. A must-read book for self-development and how to be a good leader.

"I loved this book not just from the first chapter or the first page but from the first paragraph... The voice is just so honest and riveting and insightful about creativity and life." —Curtis Sittenfeld #ReadWithJenna Book Club Pick as Featured on Today Emma Roberts Belletrist Book Club Pick A New York Times Book Review's Group Text Selection An extraordinary new novel of art, love, and ambition from Lily King, the New York Times bestselling author of *Euphoria* Following the breakout success of her critically acclaimed and award-winning novel *Euphoria*, Lily King returns with another instant New York Times bestseller: an unforgettable portrait of an artist as a young woman. Blindsided by her mother's sudden death, and wrecked by a recent love affair, Casey Peabody has arrived in Massachusetts in the summer of 1997 without a plan. Her mail consists of wedding invitations and final notices from debt collectors. A former child golf prodigy, she now waits tables in Harvard Square and rents a tiny, moldy room at the side of a garage where she works on the novel she's been writing for six years. At thirty-one, Casey is still clutching onto something nearly all her old friends have let go of: the determination to live a creative life. When she falls for two very different men at the same time, her world fractures even more. Casey's fight to fulfill her creative ambitions and balance the conflicting demands of art and life is challenged in ways that push her to the brink. *Writers & Lovers* follows Casey—a smart and achingly vulnerable protagonist—in the last days of a long youth, a time when every element of her life comes to a crisis. Written with King's trademark humor, heart, and intelligence,

Writers & Lovers is a transfixing novel that explores the terrifying and exhilarating leap between the end of one phase of life and the beginning of another.

I am down to a pencil, a pen, and a bottle of ink. I hope one day to eliminate the pencil. Al Hirschfeld redefined caricature and exemplified Broadway and Hollywood, enchanting generations with his mastery of line. His art appeared in every major publication during nine decades of the twentieth and twenty-first centuries, as well as on numerous book, record, and program covers; film posters and publicity art; and on fifteen U.S. postage stamps. Now, *The Hirschfeld Century* brings together for the first time the artist's extraordinary eighty-two-year career, revealed in more than 360 of his iconic black-and-white and color drawings, illustrations, and photographs—his influences, his techniques, his evolution from his earliest works to his last drawings, and with a biographical text by David Leopold, Hirschfeld authority, who, as archivist to the artist, worked side by side with him and has spent more than twenty years documenting the artist's extraordinary output. Here is Hirschfeld at age seventeen, working in the publicity department at Goldwyn Pictures (1920–1921), rising from errand boy to artist; his year at Universal (1921); and, beginning at age eighteen, art director at Selznick Pictures, headed by Louis Selznick (father of David O.) in New York. We see Hirschfeld, at age twenty-one, being influenced by the stylized drawings of Miguel Covarrubias, newly arrived from Mexico (they shared a studio on West Forty-Second Street), whose caricatures appeared in many of the most influential magazines, among them *Vanity Fair*. We see, as well, how Hirschfeld's friendship

with John Held Jr. (Held's drawings literally created the look of the Jazz Age) was just as central as Covarrubias to the young artist's development, how Held's thin line affected Hirschfeld's early caricatures. Here is the Hirschfeld century, from his early doodles on the backs of theater programs in 1926 that led to his work for the drama editors of the *New York Herald Tribune* (an association that lasted twenty years) to his receiving a telegram from *The New York Times*, in 1928, asking for a two-column drawing of Sir Harry Lauder, a Scottish vaudeville singing sensation making one of his (many) farewell tours, an assignment that began a collaboration with the *Times* that lasted seventy-five years, to Hirschfeld's theater caricatures, by age twenty-five, a drawing appearing every week in one of four different *New York* newspapers. Here, through Hirschfeld's pen, are Ethel Merman, Benny Goodman, Judy Garland, Mickey Rooney, Katharine Hepburn, the Marx Brothers, Barbra Streisand, Elia Kazan, Mick Jagger, Ella Fitzgerald, Laurence Olivier, Martha Graham, et al. . . . Among the productions featured: *Fiddler on the Roof*, *West Side Story*, *Rent*, *Guys and Dolls*, *The Wizard of Oz* (Hirschfeld drew five posters for the original release), *Gone with the Wind*, *The Sopranos*, and more. Here as well are his brilliant portraits of writers, politicians, and the like, among them Ernest Hemingway (a pal from 1920s Paris), Tom Wolfe, Charles de Gaulle, Nelson Mandela, Joseph Stalin, Winston Churchill, and every president from Franklin D. Roosevelt to Bill Clinton. Sumptuous and ambitious, a book that gives us, through images and text, a Hirschfeld portrait of an artist and his age.

"New York is a city of patterns and people, of patterned skylines

and revealing details, a city of cities constantly changing. It is a city that was meant to be seen, a city, however, that is hard to capture. Victor Laredo, noted photographer who has exhibited at the Brooklyn Museum and the Museum of Modern Art, both sees and captures Manhattan. He has spent thirty six years seeing the city, seeing buildings constructed, seeing buildings preserved and transformed, seeing buildings, often noted landmarks, that exist no more. In this collection of 170 photographic plates, Victor Laredo shows you his Manhattan, its places and its people. Architecture is of primary importance to Victor Laredo, with individual buildings, striking details, cityscapes from bold and unusual angles. But the people of New York are also of concern. We find them at work, at play, in the bustling life of streets and parks. But most important are the ways of seeing. Each photograph is a subtle study of an aspect of Manhattan: an amateur photographer in Central Park, a detail of a building in the East Village, lower Manhattan seen from Brooklyn. Manhattan is here from the Staten Island Ferry, through the financial district and the City Hall area, in Chinatown, the Lower West Side, the Lower East Side, SoHo, Greenwich Village, the East Village, Chelsea, Gramercy Park, Madison Square, the garment district, Times Square, Rockefeller Center, Park Avenue, the Upper West Side, the Upper East Side and Spanish Harlem. For each photograph, Thomas Reilly provides location and gives background information. Through new eyes you will see a New York you may have never seen before--often kaleidoscopic, often detailed, always photographic--patterns and people you may have never known existed. Native New Yorker or visitor, you can discover this city over and over again. Through Victor Laredo's

photographic portrait you can find new locations to explore, new ways of looking at the city, perhaps even a new city to see." -- Publisher's description

An Intimate Portrait of New York City's Community Gardens Feminist Press at CUNY

A brilliant mix of battle, romance, family struggles, and personal triumphs, New York gloriously captures the search for freedom and prosperity at the heart of America's history. A blockbuster masterpiece that combines breath-taking scope with narrative immediacy, this grand historical epic traces the history of New York through the lenses of several families: The Van Dycks, a wealthy Dutch trading family; the Masters, scions of an English merchant clan torn apart during the Revolution; the Hudsons, slaves who fight for their freedom over several generations; the Murphys, who escape the Famine in Ireland and land in the chaotic slum of Five Points; the Rewards, robber barons of the Gilded Age; the Florinos, an immigrant Italian clan who work building the great skyscrapers in the 1920s; and the Rabinowitzs, who flee anti-semitism in Europe and build a new life in Brooklyn. Over time, the lives of these families become intertwined through the most momentous events in the fabric of America: The founding of the colonies; the Revolution; the growth of New York as a major port and trading centre; the Civil War; the Gilded Age; the explosion of immigration and the corruption of Tammany Hall; the rise of New York as a great world city in the early 20th-century; the trials of World War II, the tumult of the 1960s; the near-demise of the city in the 1970s; its roaring rebirth in the

1990s; culminating in the World Trade Center attacks at the beginning of the new century. *New York* is the book that Rutherford's fans have been waiting for. From the Hardcover edition.

A Portrait of the Artist as a Young Man Penguin

A rescued archive of vintage New York City from a forgotten ash can artist After cartoonist, educator, and editor James Sturm discovered the vintage book *Mopey Dick and the Duke*, he set off to find out more about the author, the deceased and unknown cartoonist Denys Wortman. Sturm immediately took note of the masterful drawings—casual, confident, and brimming with personality—and wondered how this cartoonist escaped his radar. After some online sleuthing, Sturm connected with Wortman's son, who relayed that an archive of more than five thousand illustrations was literally sitting in his shed in dire need of rescuing. For more than thirty-five years, the illustrations had been fighting such elements as hungry rodents, rusty paper clips, and even a blizzard. Wortman's son also had drawers full of his father's correspondence, including letters and holiday cards from William Steig and Walt Disney. Original artwork by artists and personal friends—including Peggy Bacon, Milt Gross, Isabel Bishop, and Reginald Marsh—were also saved. The fact that Wortman's luminary peers held him in the highest regard, coupled with his artistic prowess, makes his absence from both fine art and comics history puzzling. So Sturm and Brandon Elston set out to create a beautiful tribute to the forgotten master. Denys Wortman's *New York* is not only a tribute to Wortman; it is a tribute to New York, the city that sparked Wortman's voracious creative output. From coal cellars to rooftops, from opera houses

to boardinghouses, Wortman recorded the sailors, dishwashers, con artists, entertainers, pushcart peddlers, construction workers, musicians, hoboes, society matrons, young mothers, secretaries, and students who collectively made the city what it was and is today.

"It was Indiana, it was the dirt she had bloomed up out of, it was who she was, what she felt, how she thought, what she knew." As a girl, Zorrie Underwood's modest and hardscrabble home county was the only constant in her young life. After losing both her parents, Zorrie moved in with her aunt, whose own death orphaned Zorrie all over again, casting her off into the perilous realities and sublime landscapes of rural, Depression-era Indiana. Drifting west, Zorrie survived on odd jobs, sleeping in barns and under the stars, before finding a position at a radium processing plant. At the end of each day, the girls at her factory glowed from the radioactive material. But when Indiana calls Zorrie home, she finally finds the

love and community that have eluded her in and around the small town of Hillisburg. And yet, even as she tries to build a new life, Zorrie discovers that her trials have only begun. Spanning an entire lifetime, a life convulsed and transformed by the events of the 20th century, Laird Hunt's extraordinary novel offers a profound and intimate portrait of the dreams that propel one tenacious woman onward and the losses that she cannot outrun. Set against a harsh, gorgeous, quintessentially American landscape, this is a deeply empathetic and poetic novel that belongs on a shelf with the classics of Willa Cather, Marilynne Robinson, and Elizabeth Strout.

A rich, penetrating memoir about the author's relationship with a flawed but influential figure--the painter Lucian Freud--and the satisfactions and struggles of a life lived through art. One of Britain's most important contemporary painters, Celia Paul has written a reflective, intimate memoir of her life as an artist. Self-Portrait tells the artist's story in her own words, drawn from early journal entries as well as memory, of her childhood in India and her days as a art student at London's Slade School of Fine Art; of her intense decades-long relationship with the older esteemed painter Lucian Freud and the birth of their son; of the challenges of motherhood, the unresolvable conflict between caring for a child and remaining committed to art; of the "invisible skeins between people," the profound familial connections Paul communicates through her paintings of her mother and sisters; and finally, of the mystical presence in her own solitary vision of the world around her. Self-Portrait is a powerful, liberating evocation of a life and of a life-long dedication to art.

Photographer O. N. Pruitt (1891-1967) was for some forty years the de facto documentarian of Lowndes County, Mississippi, and its county seat, Columbus--known to locals as "Possum Town." His body of work recalls many FSA photographers, but Pruitt was not an outsider with an agenda; he was a community member with intimate knowledge of the town and its residents. He photographed his fellow white citizens and Black ones as well, in circumstances ranging from the mundane to the horrific: family picnics, parades, river baptisms, carnivals, fires, funerals, two of Mississippi's last public and legal executions by hanging, and a lynching. From formal portraits to candid images of events in the moment, Pruitt's documentary of a specific yet representative southern town offers viewers today an invitation to meditate on the interrelations of photography, community, race, and historical memory. Columbus native Berkley Hudson was photographed by Pruitt, and for more than three decades he has considered and curated Pruitt's expansive archive, both as a scholar of media and visual journalism and as a community member. This stunning book presents Pruitt's photography as never before, combining more than 190 images with a biographical introduction and Hudson's short essays and reflective captions on subjects such as religion, ethnic identity, the ordinary graces of everyday life, and the exercise of brutal power.
