1986 Walter de Gruyter GmbH & Co KG
 This directory lists education institutions world-wide where professional education and training programmes in the field of library, archive and information science are carried out at a tertiary level of education or higher. More than ten years after the publication of the last edition, this up-to-date reference source includes more than 900 universities and other institutions, and more than 1.500 relevant programmes. Entries provide contact information as well as details such as statistical information, tuition fees, admission requirements, programmes' contents.
Directory of Special

Libraries and Information Centers
 Quezon City : University of the Philippines Library
 Education and training for the library profession have changed over the decades, and this publication looks both at the past and the future of these developments at schools of library and information science as well as the role of IFLA's Section on Education and Training. The chapters cover regional developments in Europe, Asia, Africa, Australia and the Americas; special topics, such as quality assurance and case studies; and future considerations in LIS education.

The digital age has transformed the structure and management of libraries around the world. With an increased focus on technology and its use in library management, library professionals seek the best practices and management systems to implement in specialized library settings. Special Library Administration, Standardization and Technological Integration presents the latest scholarly research on the existing and emerging trends in special library management including technological advancements, the importance of social media outlets, and the necessary professional practices to maintain efficiency and success

within a library setting. This publication is an essential reference source for academicians, researchers, librarians, and advanced level students interested in the management of special libraries in the digital age.
