A Clever Sacrifice Createspace Independent Publishing Platform
A hard-hitting, critically acclaimed trilogy of crime novels from an author about whom New York magazine has written, "What people say about Cormac McCarthy . . . goes double for [Woodrell]. Possibly more." In the parish of St. Bruno, sex is easy, corruption festers, and double-dealing is a way of life. Rene Shade is an uncompromising detective swimming in a sea of filth. As Shade takes on hit men, porn kings, a gang of ex-cons, and the ghosts of his own checkered past, Woodrell's three seminal novels pit long-entrenched criminals against the hard line of the law, brother against brother, and two vastly different sons against a long-absent father. The Bayou Trilogy highlights the origins of a one-of-a-kind author, a writer who for over two decades has created an indelible representation of the shadows of the rural American experience and has steadily built a devoted following among crime fiction aficionados and esteemed literary critics alike.

A Jeremiah Hunt Supernatural Thriller
Joseph Nassise shook up the urban fantasy genre with *Eyes to See*, a novel New York Times bestselling author Jonathan Maberry called "heartbreaking, deeply insightful, powerful and genuinely thrilling." In a devil's deal, Jeremiah Hunt sacrificed his human sight in exchange for the power to see the hidden world of ghosts and all of the darker spirits that prowl the streets. Hunt uncovered a world of murder and magic that took his daughter from him and nearly cost him his life, but that was only the beginning... Now Hunt is on the run from the FBI, who have pegged him as a mass-murdering dark sorcerer. His flight from the law is diverted to New Orleans when his companion, a potent witch, has a horrific vision of the city under magical siege. When they arrive, they realize that the situation is more dire than they could have imagined: the world of the living faces a terrifying attack by forces from beyond the grave. *King of the Dead*, the second book in this groundbreaking series, promises more of Nassise's electrifying writing that will enthrall readers looking for a supercharged, supernatural thrill. That those icy eyes-- a vivid turquoise with a distinct golden fleck-- aren't watching me. It's just stress. I am the person everyone relies on. Maybe that's why I haven't been feeling so content with my life lately. Why I dream those eyes belong to someone who can tear me away from all of my responsibilities. But these are just shameful fantasies, never meant to breach reality. Then one night, the dream comes true, only it's a horrific nightmare. Now, I only have one task: survival. 124k words. They are not alone. After most of the

world's population was wiped out by a deadly plague five years ago, this small group of children formed a family. They've taken care of each other, scavenging food from deserted supermarkets, fighting off the wild animals that prowl soccer fields and schools. The children thought they were the only ones left. Then they came across the Keepers, the first Grown-ups they'd seen for years, living in an abandoned shopping mall. The Keepers offered fresh food, clean beds, and security. But what looked like safety was instead the worst danger the family had

yet faced. Now the family is once again on the road. But if they want to reach the end of their journey, if they want to solve the mystery of what happened and who is to blame, they must head straight into danger -- to Pisgah, the heart of the Keepers' power. In this stunning conclusion to the Fire-us Trilogy, Jennifer Armstrong and Nancy Butcher return to the post-apocalyptic world they created in *The Kindling* and *The Keepers of the Flame*, as the family discovers the dark secret that changed their world forever.
