Wild Horse Annie
Farrar, Straus and
Giroux (BYR)
"Joe Camp is a master

storyteller." - The New York Times The anxiously anticipated sequel to the National Best Seller The Soul of a Horse - Life Lessons from the Herd. "In Born Wild Joe Camp continues to demonstrate, in simple, unpretentious eloquence, how much we two-legged creatures can learn from horses. One of the rewards for reading the book is that it can be taken literally as the tale of a newborn horse fancier learning his craft, or as the road map for humanity on how to develop leadership in any herd. With humor, affection and discernment, Camp repeatedly underscores that true relationships are built on trust with any creatures." - Jack L. Kennedy, The Joplin

Independent Born Wild is a study in trust. A story about molding your life to ask what's in it for the other person, the dog, the cat, or in this case, the horse. instead of asking what's in it for yourself. It's a story about how the soul prospers from sharing, caring, relating, and fulfilling... because nothing can make you feel better than doing something good for another being. And it's about the fact that there is nothing more important in life than love. This is the synthesis of this book and why it came into being. "Joe Camp's new book "Born Wild" is making me late everywhere...I can't put it down...Kudos Joe!" - Cate Crismani, Editor - True Cowboy Born Wild - The Soul of

a Horse is another voyage into uncharted territory from the couple who had no horses and no clue just a few short years ago. A journey of discovery with wild horses going domestic and domestic horses going wild. And a federal agency going mad. Told as only Joe Camp can tell it. For everyone who has ever loved a horse or loved the idea of loving a horse. The author of the highly acclaimed National Best Seller The Soul of a Horse – Life Lessons from the Herd strikes again with an uplifting, inspirational love story of trust, tears and joy that will once again be changing lives for the better all across the planet. More Praise for Joe Camp's writing: "One cannot help but be touched by Camp's

love and sympathy for animals and by his eloquence on the subject." - Michael Korda - The Washington Post "I couldn't imagine how Joe Camp would top The Soul of a Horse, but he did! I just finished Born Wild. I could not put it down! I haven't been able to get the book off my mind! Camp has such a way of grabbing the reader and not letting go!!! - Yvonne Rawleigh "Joe Camp is a natural when it comes to understanding how animals tick and a genius at telling us their story. His books are must-reads for those who love animals of any species." - Monty Roberts - Author of New York Timers Best-seller The Man Who Listens to Horses

“Somedays this battle has me saying ‘what am I doing? Beating my head against this wall just hurts.’ But then you see something like this book *Born Wild* and you can say ‘This is why I engage this insanity.’ To see that people like Joe Camp have paid attention... and how deeply this has touched him; and to know that sweet mare that I saw so brutally taken from her home has found a place of understanding in this craziness... well all I can say is “Thank you Joe.” - Laura Leigh, Founder - Wild Horse Education “Joe Camp is a gifted storyteller and the results are magical. Joe entertains, educates and empowers, baring his own soul while articulating keystone

principles of a modern revolution in horsemanship.” - Rick Lamb - TV/Radio host - The Horse Show “I wish you could hear my excitement for Joe Camp's new book, *The Soul of a Horse*. It is unique, powerful, needed.” - Dr. Marty Becker - Best-selling author of several “Chicken Soup for the Soul” books; Popular veterinary contributor to ABC's “Good Morning America” “An amazing, amazing book.” Janet Parshall - Janet Parshall's America
Galloping to Freedom Neon Squid “An emblem of the American West and once numbering in the millions, the wild horse is considered by some today as a resource to be exploited or a pest to be eliminated. Now

the wild horse is on the verge of being removed entirely from our nation's public lands. Wild hoofbeats takes us deep into Adobe Town in Wyoming's Red Desert and one of the largest remaining wild herds in America. In passionate prose, but above all in stunning photographs that are both intimate and grand, Carol Walker convinces us to take the future of these elegant, exceptional animals to heart"--P. family moved away from their seaside home and Gwen never saw the boy again. Now seventeen, Gwen is returning to her childhood home. Her nana asked her to come. But Gwen knows it's time to go back for another reason: She yearns for the sea. Perhaps the sea itself is calling to her. In a Land of Awe

Houghton Mifflin

“A fascinating narrative with all the grace and power embodied in the wild horses that once populated the Western range . . . [A] magnificently told saga.” —Albuquerque Journal A Los Angeles Times Best Nonfiction Book of the Year Mustang is the sweeping story of the wild horse in the culture, history, and popular imagination of the American West. It follows the wild horse across time, from its evolutionary origins on this continent to its return with the conquistadors, its bloody battles on the old frontier, its iconic status in Buffalo Bill shows and early westerns, and its plight today as it makes its last stand on the

vanishing range. With the Bureau of Land Management proposing to euthanize thousands of horses and ever-encroaching development threatening the land, the mustang’s position has never been more perilous. But as Stillman reveals, the horses are still running wild despite all the obstacles, with spirit unbroken. Hailed by critics nationwide, Mustang is “brisk, smart, thorough, and surprising” (Atlantic Monthly). “Like the best nonfiction writers of our time (Jon Krakauer and Bruce Chatwin come to mind), Stillman’s prose is inviting, her voice authoritative and her vision imaginative and impressively broad.” —Los Angeles Times
“Powerful . . .

Stillman's talent as a writer makes this impossible [to stop reading], to the mustang's benefit."

—Orion "A circumspect writer passionate about her purpose can produce a significant gift for readers.

Stillman's wonderful chronicle of America's mustangs is an excellent example."

—The Seattle Times

The “insightful [and] even-handed” (Outside) story of a heroic animal whose existence is in danger. The wild horse, popularly known as the mustang, is so ingrained in the American imagination that even those who have never seen one know what it stands for: freedom, independence, the bedrock ideals of the nation. But in modern times it has become entangled in controversy and bureaucratic mismanagement, and now its future is imperiled. In *Wild Horse Country*, Pulitzer

Prize-winning New York Times reporter David Philipps traces the rich history of wild horses in America and investigates the shocking dilemma they pose in our own time.

Mustang Zonderkidz Wild Horse Annie was the nickname of Velma Bronn Johnston (1912-77), loved mustangs all her life. When she saw mustangs being rounded up and killed to make room for ranchers' livestock, she knew she had to speak up. In 1950, she began writing letters to local newspapers and politicians, defending the horses' right to roam free. Many people told Annie to hush up, but they couldn't stop her. She soon became a voice for mustangs throughout the state of

Nevada, speaking on their behalf at town halls and meetings. But Annie was only one person, and she wanted to do more. So she got children to speak up, too, by having them write letters to Washington, D.C., officials to ask them to save the mustangs. Finally, with the help of her young "pencil brigade," Annie persuaded Congress to pass nationwide laws protecting wild horses and burros on public land nationwide. Readers will find inspiration in this portrait of an early animal-rights advocate, who spoke up for what she believed in, and empowered a generation of children to be a voice for the voiceless.
