A National Book Award Finalist A
"riveting" (New York Times) look at one
year of Viennese life during the twilight
of an empire On January 30, 1889, at the
champagne-splashed hight of the
Viennese Carnival, the handsome and
charming Crown Prince Rudolf fired a
revolver at his teenaged mistress and
then himself. The two shots that rang
out at Mayerling in the Vienna Woods
echo still. Frederic Morton, author of the

bestselling Rothschilds, deftly tells the haunting story of the Prince and his city, where, in the span of only ten months, "the Western dream started to go wrong." In Rudolf's Vienna moved other young men with striking intellectual and artistic talents—and all as frustrated as the Prince. Among them were: young Sigmund Freud, Gustav Mahler, Theodor Herzl, Gustav Klimt, and the playwright Arthur Schnitzler, whose *La Ronde* was the great erotic drama of the fin de siècle. Morton studies these and other gifted young men, interweaving their fates with that of the doomed Prince and the entire city through to the eve of Easter, just after Rudolf's body is lowered into its permanent sarcophagus and a son named Adolf Hitler is born to Frau Klara Hitler.

The famous operetta composer Franz von Suppé (1819-1895) was of Italian and Belgian descent, and was born a subject of the Habsburg Empire in Dalmatia. His musical gift was evident from an early age, but he first studied philosophy in Padua and then law in

Vienna, before he later enrolled in the Vienna Conservatory under Sechter and Seyfried. He became a conductor in theatres at Pressburg and Baden, then in Vienna at the Theater an der Wien (until 1862), at the Carl Theater (until 1865), and subsequently at the Leopoldstadt Theater. During the same time, he wrote light operas and other types of theatre music. After 1860, he consciously imitated the popular style of the Parisian operetta, and achieved great success with *Die schöne Galathee* (1865), effectively adapting the spoof of Antiquity that had brought Offenbach such fame (in *Orphée aux enfers* and *La Belle Hélène*). Suppé established the Viennese operetta as a genre in its own right, full of charm and gaiety, using a brisker style with vigorous popular

rhythms. He wrote some 30 operettas, and 180 stage works in all. Almost all of them were produced in Vienna, with a few other premières in Prague, Berlin and Hamburg. Suppé's sense of boldly defined melody, impulsive rhythmic verve and brilliant orchestral technique found preeminent expression in his overtures, many of which became celebrated all over the world. *Poet and Peasant*; *Light Cavalry*; *Pique Dame*; *Morning, Noon and Night in Vienna*; and *Boccaccio* still retain a place in the light repertory of the concert hall. His most enduringly famous operetta remains *Boccaccio* (1879), based on episodes from the life of the famous medieval Italian writer. *Fatinitza* (1876), using a libretto adapted from Eugène Scribe, also became extremely popular. This

collection brings together many of the celebrated overtures to operettas and plays that became Suppé's hallmark as a composer. Also included are some of the shorter orchestral introductions that the composer provided for some of his later stage works (such as *Der Teufel auf Erden*, *Fatinitza*, *Donna Juanita*, *Die Afrikareise*, *Die Jagd nach dem Glück*, and *Des Matrosen Heimkehr*).

In 1854, the originator of Viennese Operetta, Franz von Suppè created the music for a new play by Leonhart Wohlmut. It is part of a forgotten art

form where the music underlines and accompanies the action on stage in a similar way to a soundtrack for a film. While the music works very well in the present day, the real challenge is to modernise the script to make it relevant and interesting for a modern audience. Originally written in early 19th century German, the script sounds outdated and received a less than positive reception at its original outing. Its dialogue is more in keeping with Opera and required significant work to make it palatable to a contemporary audience. The project on which this book is based maintained the music by Suppé as indicated in the manuscript score, while translating and adapting the German script by Wohlmuth into a version more interesting in the present day.

“A thoroughly captivating behind-the-scenes history of classic American animation . . . A must-read for all fans of the medium.” —Matt Groening
In 1911, famed cartoonist Winsor McCay debuted one of the first animated cartoons, based on his sophisticated newspaper strip “Little Nemo in Slumberland,” itself inspired by Freud’s recent research on dreams. McCay is largely forgotten today, but he unleashed an art form, and the creative energy of artists from Otto Messmer and Max Fleischer to Walt Disney and Warner Bros.’ Chuck Jones. Their origin stories, rivalries, and sheer genius, as Reid Mitenbuler skillfully relates, were as colorful and subversive as their creations—from Felix the Cat to

Bugs Bunny to feature films such as Fantasia—which became an integral part and reflection of American culture over the next five decades. Pre-television, animated cartoons were aimed squarely at adults; comic preludes to movies, they were often “little hand grenades of social and political satire.” Early Betty Boop cartoons included nudity; Popeye stories contained sly references to the injustices of unchecked capitalism. During WWII, animation also played a significant role in propaganda. The Golden Age of animation ended with the advent of television, when cartoons were sanitized to appeal to children and help advertisers sell sugary breakfast cereals. Wild Minds is an ode to our colorful past and to the creative energy that later inspired The Simpsons, South Park, and

Bojack Horseman. "A quintessentially American story of daring ambition, personal reinvention and the eternal tug-of-war of between art and business . . . a gem for anyone wanting to understand animation's origin story." —NPR

Poet and Peasant - Saxophone Quartet (Eb Baritone part) Serenissima Music

Suppe's operetta "Dichter und Bauer" (Poet and Peasant) was the first to earn him a reputation as a composer in Vienna. His reputation as a conductor was established two years before at the Theater in der Josefstadt, where he composed incidental music to the play "Ein Morgen, ein Mittag, und ein Abend in Wien," whose overture remains in the orchestral repertoire to this day. By the premiere of "Dichter und Bauer," at the Theater an der Wien on August 24, 1846,

Suppe was no longer conducting for free. The operetta was successful and the overture entered the orchestral repertoire soon after. The opening cello solo was even quoted in the American song published in 1894 - "I've been Working on the Railroad." The study score offered here - for the first time in a convenient and affordable format - is a licensed reprint of the newly-engraved and reassembled large score first issued by E.F. Kalmus in 2007.

With National Socialism's arrival in Germany in 1933, Jews dominated music more than virtually any other sector, making it the most important cultural front in the Nazi fight for German identity. This groundbreaking book looks

at the Jewish composers and musicians banned by the Third Reich and the consequences for music throughout the rest of the twentieth century. Because Jewish musicians and composers were, by 1933, the principal conveyors of Germany's historic traditions and the ideals of German culture, the isolation, exile and persecution of Jewish musicians by the Nazis became an act of musical self-mutilation. Michael Haas

looks at the actual contribution of Jewish composers in Germany and Austria before 1933, at their increasingly precarious position in Nazi Europe, their forced emigration before and during the war, their ambivalent relationships with their countries of refuge, such as Britain and the United States and their contributions within the radically changed post-war music environment. /div
