Doing Magic is book two of a complete course in becoming creator of your own exceptional life. In these two books, I outline the exact steps which enabled me to move my own life from one of poverty and drudgery, to one of previously unimaginable wealth, love, purpose and joy. 'But Magic? I do hope you are joking!' That's what I would have said, five or ten years ago. I once despised all things 'New-Age', all these spiritual types and their airy-fairy views, their bad science and their irrational beliefs. I read all the great Law of Attraction writers, Wallace Wattles, Anthony Robbins, Rhonda Byrne, Napoleon Hill, Esther Hicks and Wayne Dyer. But no matter how closely I followed their instructions for manifesting love, money or happiness, I couldn't make it work. It was only when I recognised, accepted and finally embraced that what I was doing was actually some kind of Magic that suddenly things began to fall into place. Once I realised that the power came from within me, it was as if the light had suddenly been switched on. I learned how to manifest money and love, but I also learned how to be happy, truly happy. If you're jaded by the whole New-Age idea of The Laws of Attraction, and have become bored by their failure to deliver... these books are for you. It is my intention to lead you by the hand through a marvellous journey of wonder and adventure. Part one of this course, *Becoming Magic*, laid the groundwork for becoming a magical person, while this second book, *Doing Magic*, offers concrete techniques and instructions for bringing wonderful things into your life. The plan is to build your knowledge slowly, gradually, building on what has gone before, moving on to more complex techniques only once the basics are mastered. So many people fail with Magic and the Law of Attraction because they rush headlong into using techniques, trying to create enormous manifestations, making very simple but crucial mistakes. When they are disappointed, they imagine they have been duped. The sceptics are right. This is all a load of scammy nonsense. And they give up, declaring it just doesn't work. I am telling you that it does work. And you can make it work. And these books will show you how. My intention is that these books will allow you to become a true creator of your own life, reawakening and rekindling your belief and interest in The Laws of Attraction, Cosmic Ordering, Manifesting Reality or whatever you wish to call it. I prefer simply to call it Magic.

What is the one quality that all successful people have in common? They have mastered the art of dealing with people! Let this book show you how to: Achieve your goals Handle the human ego Become a master conversationalist Make others feel good about themselves And much more! Skill with people is the one essential ingredient for success and happiness at home and in business. "The Art of Dealing With People" gives you the skills to take your people skills to a level that you never thought possible! Skill in human relations is similar to skill in any other field, in that success depends on understanding and mastering certain basic general principles. You must not only know what to do, but why you're doing it. As far as basic principles are concerned, people are all the same. Yet each individual person you meet is different. If you attempted to learn some gimmick to deal successfully with each separate individual you met, you would be face with a hopeless task. Influencing people is an art, not a gimmick. When you apply gimmicks in a superficial, mechanical manner, you go through the same motions as the person who "has a way," but it doesn't work for you. The purpose of this book is to give you knowledge based upon an understanding of human nature: why people act the way they do. The methods presented in this book have been tested on thousands of people who have attended my human relations seminars. They are not just my pet ideas of how you should deal with people, but ideas that have stood the test of how you must deal with people. That is, if you want to get along with them and get what you want at the same time. Yes, we all want success and happiness. And the day is long past, if it ever existed, when you could achieve these goals by forcing people to give you what you want. And begging is no better, for no one has respect for, or any desire to help, the person who constantly kowtows and literally goes around with his hand out, begging other people to like him. The one successful way to get the things

you want from life is to acquire skill in dealing with people.
