It is November 1918.  
Germany has just  
surrendered after four  
years of the most savage  
warfare in history. It is  
teetering on the brink of  
total social and economic  
collapse, and the German  
people now lie at the  
mercy of new, liberal  
politicians who despise  
everything Germany once  
stood for. The  
Communists are rioting in  
the streets, threatening to  
topple the new  
government in Weimar  
and bring about their own  
revolution. The frontline  
soldiers are returning  
from the hell of the war to  
find an unrecognizable  
land, the principles and  
traditions they had  
sacrificed so much to  
defend now the stuff of  
mockery. The narrator of

The Outlaws, a 16-year-  
old military cadet, is too  
young to have served in  
the trenches, but feels the  
sting of this betrayal no  
less than they. Since  
Germany's armies have  
been all but disbanded,  
he joins the paramilitary  
Freikorps - groups of  
veterans who refuse to lay  
down their arms, and who  
have pledged to stop the  
Communists - and begins  
fighting, first in the  
streets of Germany's  
cities, and then in the  
Baltic states, defending  
Germany's eastern  
frontiers from Communist  
subversion while ignoring  
the calls to disengage by  
the meek politicians at  
home. After months of  
intense fighting abroad,  
the Freikorps soldiers  
return to settle scores  
with their enemies in  
Germany, dreaming of a

nationalist counter-revolution, and, their trigger fingers still itchy, fix their sights on bringing down the hated new government once and for all... The Outlaws is a chronicle of the experiences of the men who fought in the Freikorps, but it is also an adventure and a war story about an entire generation of soldiers who loved their homeland more than peace and comfort, and who refused to accept defeat at any price. "What we wanted we did not know; but what we knew we did not want. To force a way through the prisoning wall of the world, to march over burning fields, to stamp over ruins and scattered ashes, to dash recklessly through wild forests, over blasted heaths, to push, conquer, eat our way through towards the East, to the white, hot, dark, cold land that stretched between ourselves and Asia - was that what we wanted? I do not know whether that was our desire, but that was what we did. And the search for reasons why was lost in the tumult of continuous fighting." - p. 65 Ernst von Salomon (1902-1972) was one of the writers of the German Conservative Revolution of the 1920s.

Like the narrator of *The Outlaws*, he was a military cadet at the end of the First World War, and joined the Freikorps, participating in many of the events described in the book, including the assassination of Foreign Minister Walther Rathenau, for which he was imprisoned. He went on to write many books and film scripts.

This book assembles contributions from the conference Focus Reichskommissariat Ostland - Collaboration and Resistance during the Holocaust which took place in Stockholm and Uppsala in April 2002. It presents new perspectives based on new archival sources and oral historiography of the Holocaust during the German occupation of the Baltic countries and part of Belarus: the Reichskommissariat Ostland. Acclaimed historians and new researchers from Belarus, Estonia, Germany, Israel, Latvia, Lithuania, Sweden and the USA focus on the issues of collaboration with or resistance to the Nazis and their extermination policy. The studies of collaboration concern that of the

German civilian administration as well as the native local self-defence administration in the occupied countries, particularly in Latvia and Lithuania. Several studies deal with resistance in the ghettos, especially Minsk ghetto, and among the partisans in the forests of Belarus and Lithuania. This book has distinctive relevance in bringing together a large amount of archival research done during the period since the fall of the Soviet Union.

Through an engagement with the philosophies of Proust's contemporaries, Félix Ravaisson, Henri Bergson, and Georg Simmel, Suzanne Guerlac presents an original reading of *Remembrance of Things Past* (*A la recherche du temps perdu*). Challenging traditional interpretations, she argues that Proust's magnum opus is not a melancholic text, but one that records the dynamic time of change and the complex vitality of the real. Situating Proust's novel within a modernism of money, and broadening the exploration through references to cultural events and visual technologies (commercial

photography, photojournalism, pornography, the regulation of prostitution, the Panama Scandal, and the Dreyfus Affair), this study reveals that Proust's subject is not the esthetic recuperation of loss but rather the adventure of living in time, on both the individual and the social level, at a concrete historical moment.

Looks at why witch-trials failed to gain momentum and escalate into 'witch-crazes' in certain parts of early modern Europe. Examines the rich legal records of the German city of Rothenburg ob der Tauber, a city which experienced a very restrained pattern of witch-trials and just one execution for witchcraft between 1561 and 1652. Explores the social and psychological conflicts that lay behind the making of accusations and confessions of witchcraft. Offers insights into other areas of early modern life, such as experiences of and beliefs about communal conflict,

magic, motherhood, childhood and illness. Offers a critique of existing explanations for the gender bias of witch-trials, and a new explanation as to why most witches were women.

*Dancing Arabs* Walter de Gruyter  
The excellent reader offers a selection of the best historical writing on witchcraft, exploring how belief in witchcraft began, and the social and context in which this belief flourished.

*The Camera Killer* Cambridge University Press  
A rich, sultry, ambitious novel about a young American writer/curator, fleeing a crumbling marriage in New York who travels with her nine-year old daughter to one of the remote islands in the north of Scotland, birthplace of her grandfather. Commissioned to set up a museum there and to write the biography of the island's celebrated poet and chronicler, Mhairi McPhail is slowly drawn in by the complicated life she is uncovering and writing about--the Bard of Fascaray--as she finds herself being transformed, awakened by the ferocity and power of the island.

Who was the celebrated poet, Grigor McWatt, The Bard of Fascaray? What was his past? Details of his life are elusive. As Mhairi struggles to adapt to her island life and put her disappointment and troubles behind her, she begins to unearth the astonishing secret history of the poet, regarded by many as the custodian of Fascaray's--and Scotland's--soul. In McAfee's rich novel of invented island life, she interweaves extracts from Mhairi's journal entries, her discoveries and writings of McWatt, and tales of Fascaray itself into a resonant, compelling, dimensional narrative that at its heart explores identity, love, belonging and the universal quest for home.

In this "slyly subversive, semi-autobiographical" novel "of Arab Israeli life," a Palestinian man struggles against the strict confines of identity

(Publishers Weekly). In Sayed Kashua's debut novel, a nameless anti-hero contends with the legacy of a grandfather who died fighting the Zionists in 1948, and a father who was jailed for blowing up a school cafeteria in the name of freedom. When the narrator is granted a scholarship to an elite Jewish boarding school, his family rejoices, dreaming that he will grow up to be the first Arab to build an atom bomb. But to their dismay, he turns out to be a coward devoid of any national pride; his only ambition is to fit in with his Jewish peers who reject him. He changes his clothes, his accent, his eating habits, and becomes an expert at faking identities, sliding between different cultures, schools, and languages, and eventually a Jewish lover and an Arab wife. With refreshing candor and self-deprecating wit, *Dancing Arabs* is a "chilling, convincing tale" of one man's struggle to disentangle his personal and national identities, only to tragically and inevitably forfeit both (Publishers Weekly). "Rings out on every page with a compelling sense of

human truth” —Kirkus Reviews “Despite its dark prognosis, there is a lightness and dry humor that lifts it with the kind of wings its protagonist once hoped for.” —Booklist [Signs and Meaning in the Cinema](#) Polity

‘You empower yourself and then you reach out to others.’ Uplifting life lessons from one of the greatest leaders the world has ever known... through the eyes of the grandson whose life he changed forever. In his book *Going to the Mountain*, Ndaba Mandela shares the story of his coming-of-age alongside South Africa’s rebirth. It is a remarkable journey, and one that took him from the violent, segregated Soweto ghettos to his grandfather’s presidential home. As a young boy, Ndaba was constantly shunted from place to place. But at eleven years old he was unexpectedly invited to live with his grandfather, Nelson Mandela, even though he had met him only once before, during a prison visit. And, slowly, they built a relationship that would affect both of them profoundly. Ndaba’s teenage years were complicated, but as he approached his twenty-first birthday, Mandela

decided that Ndaba was finally ready to ‘go to the mountain’ – a test of courage during which you become a man. At the end of this gruelling ritual journey, the elders of the Mandelas’ tribe gathered and Ndaba’s grandfather was there, as ever, to share his greatest life lessons. From Nelson Mandela, Ndaba learned the spirit of endurance, the triumph of forgiveness, the power of resistance and the beauty of reconciliation. And as Mandela grew older, Ndaba had the chance to repay his grandfather’s love and support by demonstrating the ways in which he’d understood all that he had taught him. Intimate and inspirational, *Going to the Mountain* is a powerful reminder of how one person can impact profoundly on another, and a testament to the awesome power within us to change ourselves and our world.

To understand the 20th century, we must know the 19th. It was then that an ancient prejudice was forged into a modern political weapon. How and why this happened is shown in this classic study by Peter Pulzer, first published in 1964 and now reprinted with a new Introduction by the author.

*The chronicle of Jean de Venette* Arktos

In the spring of 1945, Fuhrer and Reich Chancellor Adolf Hitler, President Edvard Benes, and Marshal Josip Broz Tito stood as examples of the complete rupture between the Germans and Austrians on the one

hand, and the Czechs, Slovaks, Slovenes, Croats, Serbs, and Bosniaks on the other. The total break that occurred in World War II with war crimes, crimes against humanity, and even genocides (particularly against the Jews and "Gypsies") had a long pre-history, beginning with violent nationalist clashes in the Habsburg Monarchy during the revolutions of 1848/49. Therefore, this monograph - based on a broad range of international primary and secondary sources - explores the development of the political, legal, economic, social, and cultural "communities of conflict" within Austria-Hungary, especially in the Bohemian and South Slavic countries, the making of the Paris Peace Treaties in 1919/20 by violating President Wilson's principle of self-determination, particularly in drawing new borders and creating new economic units, and the perpetuated ethnic-national conflicts between Czechs and Germans, Slovaks and Magyars, Slovenes and Germans, Croats and Serbs as well as Serbs and Germans in the successor states, deepening the differences between the nations of

East-Central Europe. Although many kings, presidents, chancellors, ministers, governors, diplomats, business tycoons, generals, Nazi-

Gauleiter, higher SS and police leaders, and Communist functionaries have appeared as historical actors in the 170 years of East-Central and Southeastern

European history, Hitler, Benes, and Tito remain especially present in historical memory at the beginning of the twenty-first century.
