### Storia della teologia ... Edizione seconda BRILL

For the last decade, early modern studies have significantly been reshaped by raising new and different questions on the uses of religion. This 'religious turn' has generated new discussion of the social processes at work in early modern Europe and their cultural effects - from the struggle over religious rites and doctrines to the persecution of secret adherents to forbidden practices. The issue of religious pluralisation has been mostly debated in terms of dissent and escalation. But confessional controversy did not always erupt into hostilities over how to symbolize and perform the sacred nor lead to a paralysis of social agency. The order of the day may often have been to suspend confessional allegiances rather than enforce religious conflict, suggesting a pragmatic rather than polemic handling of religious plurality. This raises the urgent question of how 'normal' transconfessional and even transreligious interaction was produced in a context of highly sharpened and always present reflexivity on religious differences. Our volume takes up this question and explores it from an interdisciplinary and interconfessional perspective. The title "Forgetting Faith?" raises the question whether it was necessary or indeed possible to sidestep religious issues in specific contexts and for specific purposes. This does not mean, however, to describe early modern culture as a process of secularization. Rather, the collection invites discussion of the specific ways available to deal with confessional conflict in an oblivional mode, precisely because faith still mattered more than many other social paradigms emerging at that time, such as nationhood, ethnic origin or class defined through property.

*Annali* Bruno Mondadori

C'è chi dice che le leggende che parlano di Steev il Pirata e Riqi il Bucaniere siano solamente fantasie, frutto di una follia prodotta da un vecchio pazzo chiuso in una casetta di marzapane in mezzo a una foresta del Congo. Ma posso assicurarvi che ciò che qui è narrato è tutto assolutamente vero. Ve lo posso assicurare perché io ero là. Da tempo i nomi di quei due valorosi combattenti vagavano per i Sette Mari, ma di certo non pensavo che il mio destino sarebbe andato a sbattere contro di loro, spiaccicandocisi come il burro sul pane. Fu quindi un caso se finii, in un modo o nell'altro, in entrambe le loro ciurme, vivendo mirabolanti avventure e sconfiggendo terribili nemici. Se questo verbo è arrivato fino a voi, significa che i miei scritti si sono conservati nel tempo, e che qualche prode è riuscito a trascriverli. Ma, nel tempo in cui li leggerete, io sarò già morto, cullato dalle sogliole, da qualche parte nel fondo dell'oceano.

First Published in 1987 The Yezidis: A Study in Survival traces the origin of Yezidi community's religion, describes the discovery of the people by Western travellers in the early nineteenth century and details the Yezidi community's traumatic history and their status in the 80s. The Yezidi religious group is spread out over Iraq, Turkey, Syria, and erstwhile USSR and have retained their identity for over 500 years. The Yezidi's believe that Lucifer, the fallen angel, has been forgiven by God and reinstated as chief angel: their history is, like their faith, characterized by dignity and survival in the face of great odds. Chapters also cover Sultan Abdul Hamid's cruel but vain efforts to force the Yezidis to embrace Islam, leading to the emergence of Mayan Khatun, a strong-willed Yezidi princess who ruled the community from 1913-1958. They include vivid account of her rivalry with her brother Ismail and the ill-fated marriage between her son and his daughter. The final chapter describes the community in Soviet Armenia and Georgia. This book is a must read for students of Middle East studies and Middle East history.
