Finn has seen mysterious swimmers in the Firth late at night. Then, from the clifftop, first Sage, then Finn, hears an eerie song. The Men's Fashion Book Floris Books

Active for over 40 years with the Communist Party of Canada, Bert Whyte was an underground historical rogue who challenged the illegality of left-wing politics during the 1930s and onwards. His unforgettable life story spans decades and continents, his wanderlust pushing him onto the Canadian railroad during the Great Depression as a migrant worker, into the controversial politics of Beijing and Moscow as a press correspondent, and out of the RCMP's reach during World War II as a draft dodger. A cigar-smoking rabble-rouser, Whyte was known by many as a most charming storyteller, never afraid to report the unbiased truth about even his own political brotherhood. A sanitized Communist memoir this is not. Brought to light and introduced by editor and historian Larry Hannant, *Champagne and Meatballs* is Bert Whyte's fascinating memoir written months before his death in Moscow in 1984. Brash, funny, irreverent, and entertaining, it highlights an

important perspective on world history while delving into the story of the man who was brave enough to live it.

Art Before Breakfast Getty Publications

Bruce Redford re-creates the vibrant culture of connoisseurship in Enlightenment England by investigating the multifaceted activities and achievements of the Society of Dilettani. Elegantly and wittily he dissects the British connoisseurs whose expeditions, collections, and publications laid the groundwork for the Neoclassical revival and for the scholarly study of Graeco-Roman antiquity. After the foundation of the society in 1732, the Dilettani commissioned portraits of the members. Including a striking group of mock-classical and mock-religious representations, these portraits were painted by George Knapton, Sir Joshua Reynolds, and Sir Thomas Lawrence. During the second half of the century, the society's expeditions to the Levant yielded a series of pioneering architectural folios, beginning with the first volume *The Antiquities of Athens* in 1762. These monumental volumes aspired to empirical exactitude in text and image alike. They prepared the way for *Specimens of Antient Sculpture* (1809), which combines the didactic (detailed investigations into technique, condition, restoration, and provenance) with the connoisseurial (plates that bring the illustration of ancient sculpture to new artistic heights). The Society of Dilettanti's projects and publications exemplify the Enlightenment ideal of the gentleman amateur, which is linked in turn to a culture of wide-ranging curiosity.
