PAMELA ANTONIO

ELI Illustrierter Wortschatz

Englisch Alma Books

Collection of short stories and a one-act play.

Emma and the Blue Genie

Chronicle Books

A hilarious, high-stakes adventure involving crooked casino boats, floating fish, toxic beaches, and one kid determined to get justice. This is Carl Hiaasen's Florida—where the creatures are wild and the people are wilder! You know it's going to be a rough summer when you spend Father's Day visiting your dad in the local lockup. Noah's dad is sure that the owner of the Coral Queen casino boat

is flushing raw sewage into the harbor—which has made taking a dip at the local beach like swimming in a toilet. He can't prove it though, and so he decides that sinking the boat will make an effective statement. Right. The boat is pumped out and back in business within days and Noah's dad is stuck in the clink. Now Noah is determined to succeed where his dad failed. He will prove that the Coral Queen is dumping illegally . . . somehow. His allies may not add up to much—his sister Abbey, an unreformed childhood biter; Lice Peeking, a greedy sot with poor hygiene; Shelly, a bartender and a woman scorned; and a mysterious pirate—but Noah's got a

plan to flush this crook out into the open. A plan that should sink the crooked little casino, once and for all.

ARMIN MUELLER-STAHL.
PONS

This chilling, suspenseful indictment of mind control is a classic of science fiction and will haunt readers long after the last page is turned. One by one, five sixteen-year-old orphans are brought to a strange building. It is not a prison, not a hospital; it has no walls, no ceiling, no floor. Nothing but endless flights of stairs leading nowhere—except back to a strange red machine. The five must learn to love the machine and let it rule their lives. But will they let it kill their souls? "An intensely suspenseful page-turner."

--School Library Journal "A riveting suspense novel with an anti-behaviorist message that works . . . because it emerges only slowly from the chilling events." --Kirkus Reviews

On his first real train

journey, travelling down to his grandmother in Berlin, Emil Tischbein is robbed of all his money. Emil gathers together a group of boys of his own age and sets out on the trail of the thief.

Suggested level: primary, intermediate.

Jew's Beech Hatje Cantz Verlag

Amid the turmoil of modern Damascus, one teenage boy finds his political voice in a message of rebellion that echoes throughout Syria and as far away as Western Europe. Inspired by his dearest friend, old Uncle Salim, he begins a journal to record his thoughts and impressions of family, friends, life at school, and his growing feelings for his girlfriend, Nadia. Soon the hidden diary becomes more than just a way to remember his daily adventures; on its pages he explores his frustration with the government injustices he witnesses. His courage and ingenuity finally find an outlet when he and his friends begin a subversive underground newspaper. Warmed by a fine sense of humor, this novel is at once a moving love story and a passionate testimony to the difficult and committed actions being taken by young

people around the world.

A Hand Full of Stars

PONS

When Anna moves to his town from Poland, ten-year-old Ben, an ordinary boy not very interested in love, discovers that having someone to love is confusing, difficult, and wonderful.

Ein kleiner Fuchs liegt verlassen im Gebüsch. Eine fremde Füchsin entdeckt den äfoundling foxä und beschliesst, ihn mit zu ihren eigenen 3 Jungen zu nehmen. Ein folgenschwerer Entschluss. Der berühmte Klassiker wurde in einfaches Englisch übertragen.

The Canterville Ghost

New Directions Publishing
Kevin and his Wild Bunch teammates challenge Mickey and his gang to a soccer game, and know they must win or else they will lose rights to their field.

House of Stairs FV
Éditions

Based on a true story, this haunting tale centers on two brutal murders--the first of a local forester and the second of a Jewish moneylender near a beech tree--and the impact these events have on the life of Friedrich Mergel, a herdsman with a turbulent family history. A prototype of the murder mystery and a thoughtful examination of village society, this intriguing novella contains hints of the Gothic and the uncanny, including ominous thunderstorms, mysterious disappearances, eerie doppelgangers and grizzly discoveries, as well as a famously ambiguous climax.

Philadelphia, Guide to the City Yearling

An amusing chronicle of the tribulations of the Ghost of Canterville Chase when his ancestral halls became the home of the American Minister to the Court of St. James.

Like the successful first edition, this version offers a separate section for each Office application, plus additional chapters dedicated to using the applications together. The book covers Web publishing techniques using Office, and it also shows how to use common elements across the applications.

Kevin Random House now a major motion picture directed by Gus Van Sant (*My Own Private Idaho*, *Good Will Hunting*, and *Milk*) It was an accident. He didn't mean to kill the security guard with his skateboard—it was self-defense. But there's no one to back up his story. No one even knows he was at Paranoid Park. Should he confess, or can he get away with it? It's an ethical question no one should have to answer. Writing more intensely than ever

before, Blake Nelson delivers a film noir in book form, complete with interior monologue and dark, psychological drama. This is a riveting look at one boy's fall into a world of crime, guilt, and fear—and his desperate attempt to get out again.

Cambridge School Dictionary Yearling Books

In the past few decades, scientists of human nature—including experimental and cognitive psychologists, neuroscientists, evolutionary theorists, and behavioral economists—have explored the way we arrive at moral judgments. They have called into question commonplaces about character and offered troubling explanations for various moral intuitions. Research like this may help explain what, in fact, we do and feel. But can it tell us what we ought to do or feel? In *Experiments in Ethics*, the philosopher Kwame Anthony Appiah explores how the new empirical moral psychology relates to the age-old project of philosophical ethics. Some moral theorists hold that the realm of morality must be autonomous of the sciences; others

maintain that science undermines the authority of moral reasons. Appiah elaborates a vision of naturalism that resists both temptations. He traces an intellectual genealogy of the burgeoning discipline of "experimental philosophy," provides a balanced, lucid account of the work being done in this controversial and increasingly influential field, and offers a fresh way of thinking about ethics in the classical tradition. Appiah urges that the relation between empirical research and morality, now so often antagonistic, should be seen in terms of dialogue, not contest. And he shows how experimental philosophy, far from being something new, is actually as old as philosophy itself. Beyond illuminating debates about the connection between psychology and ethics, intuition and theory, his book helps us to rethink the very nature of the philosophical enterprise.
