This book explores mid-nineteenth-century French legitimism and the implications of popular support for a movement that has traditionally been portrayed as an aristocratic force intent on restoring the Old Regime. This type of monarchism has often been understood as a form of elitist patronage politics or, alternatively, identified with ultramontane Catholicism. Although historians have offered a more nuanced view in the last few decades,

their work, nevertheless, has predominantly focused on legitimist leaders rather than their followers and their professed feelings of loyalty to monarchy and monarch. This book's originality therefore is twofold: firstly as an analysis of popular rather than elite monarchism; and secondly, as a study which portrays this form of royalism as a political movement characteristic of a period which saw the emergence of mass politics, while parties were still non-existent. It not only discusses the social and cultural settings of (popular) monarchism, but also contributes to the history of political parties, citizenship and

democracy.

A reflection on, and an extension of, the

ideas laid out seven years ago in *The Coming Insurrection*. *The Invisible Committee's The Coming Insurrection* was a phenomenon, celebrated in some quarters and inveighed against in others, publicized in media that ranged from campus bulletin boards to Fox News. Seven years later, *The Invisible Committee* follows up their premonitory manifesto with a new book, *To Our Friends*. From *The Invisible Committee*: In 2007 we published *The Coming Insurrection in France*. It must be acknowledged that a number of assertions by the Invisible Committee have since been confirmed, starting with the first and most essential: the sensational return of the insurrectionary phenomenon. Who would have bet a kopeck, seven years ago, on the overthrow of Ben Ali or Mubarak through street action, on the revolt of young people in Quebec, on the political awakening of Brazil, on the fires set French-style in the English or Swedish banlieues, on the creation of an insurrectionary commune in the very heart of Istanbul, on a movement of plaza occupations in the United States, or on the rebellion that spread throughout Greece in

December of 2008? During the seven years that separate *The Coming Insurrection* from *To Our Friends*, the agents of the Invisible Committee have continued to fight, to organize, to transport themselves to the four corners of the world, to wherever the fires were lit, and to debate with comrades of every tendency and every country. Thus *To Our Friends* is written at the experiential level, in connection with that general movement. Its words issue from the turmoil and are addressed to those who still believe sufficiently in life to fight as a consequence. *To Our Friends* is a report on the state of the world and of the movement, a piece of writing that's essentially strategic and openly partisan. Its political ambition is immodest: to produce a shared understanding of the epoch, in spite of the extreme confusion of the present.

"This is a fascinating comparison of the histories of Ontario and Quebec as seen through the handling of their best-known heroines. Most Canadians are familiar with stories of Madeleine de Vercheres defending Montreal against the Iroquois in 1692 and of Laura Secord and her cow bravely crossing the American lines to warn the British during the War of 1812.

But Baffier would probably not have received wide public attention if he had not also become a folklorist, a promoter of regional culture, and a militant nationalist with beliefs so violent that he attempted a political assassination."--BOOK JACKET.

This book grapples with a wide range of contemporary ethical and religious issues through the lens of the reflections of Charles Péguy on his friend and mentor Bernard-Lazare. Both Péguy, a leading French Catholic poet and philosopher, and Bernard-Lazare, an iconoclastic Jewish intellectual, were passionately involved in

the Dreyfus Affair, which forms the background of these reflections. The book is in four parts. The first sets Péguy's portrait of Bernard-Lazare in a series of contexts, analyzing it against the background of the rampant antisemitism of its time, situating it in relation to present-day discussions about the "Other," and, especially, placing it within various twentieth-century attempts to rethink religion. Péguy's great contribution in this area lies in redirecting our attention to the ways human beings respond to defeat, and to the ways the intellect is oriented by something outside itself, as keys to the discovery of the transcendent. His work reformulates the meaning of hope and incarnation. The second part of the book presents Péguy's portrait of Bernard-Lazare in a complete English translation. In the third part, the author shows the affinity of Péguy's thought to that of two Jewish thinkers, Franz Rosenzweig and Emmanuel Levinas. All three, in rethinking the religious dimension, located it amidst the daily interactions between people. The final part explores the implications of this notion of transcendence for the task of interpretation in the social sciences and

the humanities.

A ceux pour qui la fin d'une civilisation n'est pas la fin du monde ; A ceux qui voient l'insurrection comme une brèche, d'abord, dans le règne organisé de la bêtise, du mensonge et de la confusion ; A ceux qui devinent, derrière l'épais brouillard de "la crise", un théâtre d'opérations, des manoeuvres, des stratégies, et donc la possibilité d'une contre-attaque ; A ceux qui portent des coups ; A ceux qui guettent le moment propice ; A ceux qui cherchent des complices ; A ceux qui désertent ; A ceux

qui tiennent bon ; A ceux qui s'organisent ; A ceux qui veulent construire une force révolutionnaire, révolutionnaire parce que sensible... Cette modeste contribution à l'intelligence de ce temps.

*Popular Culture and the Public Sphere in the Rhineland, 1800-1850*

This dictionary assembles 2,234 English proverbs and their French equivalents. Equivalent proverbs are those which express the same concept literally, such as "Love is blind" = "L'amour est aveugle" or with completely different words, such as "Every cloud has a silver lining" = "Dans toute chose il y a un bon côté." The Dictionary is a very useful reference tool for scholars of the two languages, for researchers working in various associated fields such as linguistics, literature, folklore, anthropology, psychology, sociology, history, and for workers in newer areas such as advertising and contemporary media. The Dictionary is also of interest to diplomats and politicians who try to improve their communication by sharing ideas formulated in some common meaningful expressions; it will assist interpreters and translators, and teachers and students for whom it is

important to understand not only what the target culture expresses in the same way as their own, but also what is formulated in a different way. The Dictionary is also of benefit to non-professionals who, for the sheer enjoyment of it, wish to savour the wisdom, wit, poetry and the colourful

language of proverbs.
