Science Quest 10 John Wiley & Sons

The first two books in this edition of the successful Jacaranda Science series have been developed to specifically reflect the new Essential Learnings that Queensland schools must aim to achieve with students by the end of Year 9. The third book in the series, Jacaranda Science 3, aims to further student's knowledge of science in Year 10 and provide a foundation for senior science study. The content for the series is drawn from the current Science KLA syllabus. This coverage is also suitable for junior science courses in Western Australia and South Australia. Jacaranda Science 1 2E Essential Learnings edition Teacher Support Kit supports the Jacaranda Science 1 2E text. The Teacher Support Kit is designed to assist teachers in the planning and delivery of an effective science curriculum and to facilitate the assessment of student learning. Support for Practicals and Try this activities includes a statement of aim and list of equipment for each activity to assist with preparation by teachers and laboratory technicians. There are also handy hints for many of the activities to make them more effective. Where appropriate, some suggested answers or expected results are provided. Suggested answers to Activities questions are included even though you almost certainly know the answers. These suggested answers might save you some time and allow you to assess student responses more easily. Answers to questions that require investigation beyond the text, discussion, creativity or opinion are generally not included. Student worksheets provide additional activities suited to a range of learning styles. The worksheets complement the textbook and a table is provided to indicate the spread to which each worksheet is appropriate.
