The Bigger Deal Simon and Schuster
Short Description (2,000 characters, including spaces)Dr. Jerry Cook spent fifty years as a pastor, teaching and writing about the presence of the Holy Spirit and of Christ in everyday life--including speaking in tongues. But in a conversation with a young pastor he realized the need to explain this topic in a practical, accessible way for those who may have only been exposed to it through "shocking" manifestations of fanaticism. In this conversation, the young pastor wondered what the "big deal" was, and when Cook got over his anger at this dismissive assessment, he tackled the concept head-on. Cook first asserts that "It is possible to be a sane, intellectually honest, biblical, and dynamic Christian who is filled with the Holy Spirit, speaks in tongues, and effectually ministers the full life of Christ." He does not shy away from his own doubts and struggles in the church and his personal faith, striving not to create an academic,

theoretical work but to ask the right questions and provide genuine, compassionate advice. Here, find practical, Biblical answers to the questions of the young pastor and of other Christians who have struggled with this concept. Examine six significant events, from the in-breaking of God through the birth, death, resurrection, and ascension of Jesus, ending with the day of Pentecost. Follow the radical relocation of God from "out there" to "with us" to "in us," and visualize the remarkable implications of this radical move to the Christian's everyday life. Examine the church and the manifestation of Christ in its structure, power, and gathering. Do not wonder what Jesus would do, but ask the radical question of who he would be. What does a practical, post-modern Spirit-filled Christian look like? How is Jesus made visible in everyday living, and why is it important? Who is the church, really? In accessible terms, Cook explains that we are not just to do what Jesus would do, but rather to be who Jesus would be. In this way, we can bring visibility to His presence and access to His life and

hope.

Why is popular culture---in movies books and TV documentaries---expressing renewed interest in Jesus? And why 2000 years after His death does He continue to exert such enormous influence on our world? Tragically the search for answers has been made more difficult by the abundance of erroneous information coming from secular scholars and uninformed media sources. In this volume Bible experts and researchers John Ankerberg and Dillon Burroughs (*Middle East Meltdown: Oil Israel and the Religion Behind the Crisis*) sort out fact from fiction and provide answers about history's most controversial figure--who Jesus really was

what He really taught why He died on a cross and the evidence for His resurrection and His claim to be the Lord and Savior of this world. This is an ideal resource for Christians who want to be equipped to answer the tough questions others are asking about Jesus as well as for non-Christians who are either skeptical or are on a serious quest for truth.

What's the Big Deal about Americans

Usborne Publishing Ltd Christopher Hitchens, described in the *London Observer* as "one of the most prolific, as well as brilliant, journalists of our time" takes on his biggest subject yet—the increasingly dangerous role of religion in the world. In the tradition of Bertrand Russell's *Why I Am Not a Christian* and Sam Harris's recent bestseller, *The End Of Faith*, Christopher Hitchens makes the

ultimate case against religion. With a close and erudite reading of the major religious texts, he documents the ways in which religion is a man-made wish, a cause of dangerous sexual repression, and a distortion of our origins in the cosmos. With eloquent clarity, Hitchens frames the argument for a more secular life based on science and reason, in which hell is replaced by the Hubble Telescope's awesome view of the universe, and Moses and the burning bush give way to the beauty and symmetry of the double helix.
