FITZPATRICK ELAINA

Firebird Philomel Books

Firebirds is more than simply an anthology -- it is a celebration of wonderful writing. It gathers together sixteen original stories by some of today's finest writers of fantasy and science fiction. Together, they have won virtually every major prize -- from the National Book Award to the World Fantasy Award to the Newbery Medal -- and have made best-seller lists worldwide. These authors, including Lloyd Alexander (The Chronicles of Prydain), Diana Wynne Jones (The Merlin Conspiracy), Garth Nix (The Abhorsen Trilogy), Patricia A. McKillip (Ombria in Shadow), Meredith Ann Pierce (The Darkangel Trilogy), and Nancy Farmer (The House of the Scorpion), each with his or her own inimitable style, tell stories that will entertain, provoke, startle, amuse, and resonate long after the last page has been turned. The writers featured in Firebirds all share a connection to Firebird Books, an

imprint that is dedicated to publishing the best fantasy and science fiction for teenage and adult readers.

The Firebird Mystery Backbeat Books

A classic fiction book written by British author Edmund Dulac. This enchanting collection brings together fairy tales from various nations, weaving a tapestry of narratives that are both historical and magical. A delightful read for those who enjoy fairy tales and historical narratives.

Firebird Cambridge University Press

In her debut picture book, Misty Copeland tells the story of a young girl--an every girl--whose confidence is fragile and who is questioning her own ability to reach the heights that Misty has reached. Misty encourages this young girl's faith in herself and shows her exactly how, through hard work and dedication, she too can become Firebird. Lyrical and affecting text paired with bold, striking illustrations that are some of Caldecott Honoree Christopher Myers's best work, makes Firebird perfect for aspiring ballerinas everywhere.

Edmund Dulac's Fairy-Book: Fairy Tales of the Allied Nations

Cartech, Incorporated

Most people think the Cold War ended when the Soviet Union collapsed. Though the USSR may have been beaten, their war infrastructure and resentment didn't simply go away. What if there were still secret weapons systems in place and angry old men eager to set them off? In *From within the Firebird's Nest*, former KGB official Sergei Kirill Mikhailov revives a secret biological weapon: the Crimson Firebird. His aim is to strike a devastating blow to the United States while pinning the blame on an impressionable young Arab man, thus initiating a global crisis. Meanwhile, one of Sergei's former colleagues is scrambling to stop the weapon from being deployed and recruits an unlikely team that includes his son (now a banker in Oklahoma), a former Stasi agent, and an American writer named Evan. Together they must shed light on foes hiding in the dark and save the world from unthinkable destruction. Crypto codes, numbers stations, and sleeper agents all factor into this ultra-high-stakes story of international intrigue. The Cold War gets a little warmer with each page, and all the animosity from the past builds and finally bursts in a shocking conclusion.

Rules of Redemption Penguin

Take an in-depth look into the second-generation Firebird and Trans Am with the ultimate guidebook that includes production figures, option codes, running changes, model-year changes and variances, rarity, collectability, interviews with engineers, and more. Pontiac expert and historian Rocky Rotella examines each production year of the second generation of Firebirds. Complementing the data and year-by-year analysis is a

combination of archival photography from the development of these cars as well as beautiful color photos of original and restored examples today. After the extremely successful debut of the first-generation Firebirds and Camaros, General Motors had a tall task ahead: create an equally popular yet radically different version of the groundbreaking pony car it was replacing.

Enthusiasts picked up on the radically different part as soon as they saw these cars. Over time, we have come to appreciate how successful these second-generation cars were. They include the early models that had an emphasis on performance along with the continued development of the Trans Am, the 455 Super Duty cars of 1973 and 1974, and the lightning-in-a-bottle popularity of the Smokey and the Bandit editions. During their production run, these Firebirds and Trans Ams were truly the only real performance cars out of Detroit, and for many of the model years, they eclipsed even the mighty Corvette. This book tells the entire story of these immensely popular cars, whether you are into the second generation of F-Body regular models, Formula 400 performance models, the Super Duty Trans Ams, or the cars of Smokey and the Bandit fame. It is an excellent addition to any pony car, muscle car, or any enthusiast's library.

The Shadow Hour Lulu.com

When her most closely guarded secrets are laid bare, how will Kira survive the inevitable fall out—and will anybody be standing beside her in the end? Traveling to the planet of Jettie in the hopes of finding safe harbor for her niece, Kira arrives only to find their destination host to the quorum—a series of dangerous contests that hold the power to decide the fate of empires. With little choice but to participate, it doesn't take long for Kira to find

herself knee deep in enemies. Surrounded on all sides, Kira will have to face her worst fear. Trusting others with the truth. Because it's becoming clear the tsavitee are no longer content to exist in the shadows. War is coming—and everything Kira thought she once knew is about to change.

From Within the Firebird's Nest T.A. White

War hero and daughter to two Houses, Kira is just beginning to learn how deep the rabbit hole goes. Agreeing to accompany her father's people back to their homeworld, Kira Forrest prepares for the fight of her life. She's agreed to undertake the Trial of the Broken, a rite of passage every member of her father's House must pass. It offers a path to independence and freedom that is too tempting to deny. Not everyone welcomes this lost daughter of Roake. There are those who fear what her presence might bring to light. Betrayal stalks the halls of Kira's birthplace—its roots embedded deep in the events that claimed her parent's lives and set her on her current path. Walking the wire's edge between truth and deception will test the person Kira has become as she separates ally from betrayer. An old enemy has put into motion a plan that could topple the balance of power in the universe. Letting them succeed spells doom—but the price might be more than Kira is willing to pay.

Age of Deception Harper Collins

After the ogre Katschai captures the Firebird to prevent her from filling Russia with her music, the Little Einsteins find a single magical feather of hers and use it to find Katschai's secret palace.

Firebird HarperCollins

In this sequel to *A Thousand Pieces of You* by New York Times bestselling author Claudia Gray, Marguerite races through various

dimensions to save the boy she loves. Ever since she used the Firebird, her parents' invention, to cross through to alternate dimensions, Marguerite has caught the attention of enemies who will do anything to force her into helping them dominate the multiverse—even hurt the people she loves. She resists until her boyfriend, Paul, is attacked, and his consciousness is scattered across multiple dimensions. The hunt for each splinter of Paul's soul sends Marguerite racing through a war-torn San Francisco, the criminal underworld of New York City, and a glittering Paris where another Marguerite hides a shocking secret. Each dimension brings Marguerite one step closer to rescuing Paul. But with every trial she faces, she begins to question the one constant she's found between the worlds: their love for each other.

Firebird Valkyrie Spirit Publishing

"The fierce close combat in the remote areas of South Vietnam's northern provinces in 1967-1968 -- the battles of Hiep Duc, March 11, Nhi Ha, and Hill 406 -- has been strangely under-reported slice of the Vietnam War. Through the valley brings those battles into ... focus, chronicling the efforts of the ... Americal Division and the 196th Light Infantry Brigade ... Colonel Humphries draws on both his own combat experience and the eyewitness reports of fifty former veterans"--Jacket.

The Definitive Firebird and Trans Am Guide Text Publishing (Guitar Reference). Until the launch of the Flying V and Explorer in 1958, electric guitars were supposed to look like...guitars. Suddenly, Gibson turned conventional design upside down, almost literally, by using straight lines and angular body shapes, changing the way electrics could look and, in the process,

creating a set of rare future collectables. Flying V, Explorer, Firebird tells the story of those first peculiar instruments and goes on to describe Gibson's second attempt at nonstandard designs with the Firebird of the early '60s. The book shows how most of these were a commercial failure at first and goes on to detail the influence of the designs on guitar-makers such as Hamer, Jackson, Dean, Ibanez, and BC Rich, all of whom embraced Gibson's original weird-is-good design ethic. In parallel with the story of the makers is an absorbing account of the players who discovered these odd-shaped instruments, including Zakk Wylde (Black Label Society), the Edge (U2), and Rick Nielsen (Cheap Trick). Interviews with players and makers illuminate the story of this fascinating assortment of electric guitar innovations, alongside specially commissioned images of every key model and brand and an enviable collection of guitar memorabilia, plus a gallery of leading guitarists photographed in action with their instruments. If it's weird and has strings, it's in Flying V, Explorer, Firebird .

Lesser Flamingos Simon & Schuster

"For Tate-last name unknown-everything prior to being found by pirates on an isolated piece of land is a blank. Her only clue to the person she was-a dragon tattoo capable of moving under its own will. Brought to the city of Aurelia, Tate is forced to abandon the few people she knows to make her way alone. When a momentary impulse forces her to intervene in a situation she does not understand, she'll find that the reckless actions have unintended consequences."--Page [4] of cover.

The Firebird Firebird

Ethan Brown is a gentleman rancher - a lawyer who is as

comfortable amongst his books as he is at ease in the company of cowboys. Engaged to the daughter of the wealthiest landowner in the county, he is within reach of the life he has worked so hard to achieve. Annette Zeldin enters Ethan's life when she returns from Europe to settle her mother's estate. A concert violinist, she feels every inch the outsider and clings to her young daughter, her lifeline. The time Annette spends with Ethan in his office offers her moments of comfort and communion, and before long, both must acknowledge the passion growing between them. Annette and Ethan begin a clandestine affair that promises (or threatens) to change their lives - but it is soon to be torn apart by tragedy...

Through the Valley Teen

What if God's love were like the sun, constant and unchanging? What if one day you realized nothing could take that away? Firebird is a bright orange baby oriole who just loves the sunshine. But whenever a storm blows in, he frets and asks Mama why God allows the rain to take the sun away. When Firebird is finally old enough, his mother gently instructs him to fly up through the thunder and lightning to see what's on the other side. It's a rough flight, and just when he's about to give up, Firebird rises above the storm to discover the sun shining where it always had been. God never lets the storm take the sun away. With that truth in his heart, Firebird continues to bask in the sunshine, but just as important, he learns to rejoice in the rain. Firebird is a children's book that parallels the life of Samantha Crawford, a storybook artist in the inspiring new film Unconditional (scheduled for a theatrical launch in fall 2012) who has lost sight of God's love.

Threshold of Annihilation Penguin

"One of fantasy's best series." —Booklist, starred review Game of Thrones meets Fourth Wing in a debut young adult fantasy that's full of rivalry, romance . . . and dragons. Annie and Lee were just children when a brutal revolution changed their world, giving everyone—even the lowborn—a chance to test into the governing class of dragonriders. Now they are both rising stars in the new regime, despite backgrounds that couldn't be more different. Annie's lowborn family was executed by dragonfire, while Lee's aristocratic family was murdered by revolutionaries. Growing up in the same orphanage forged their friendship, and seven years of training have made them rivals for the top position in the dragonriding fleet. But everything changes when survivors from the old regime surface, bent on reclaiming the city. With war on the horizon and his relationship with Annie changing fast, Lee must choose to kill the only family he has left or to betray everything he's come to believe in. And Annie must decide whether to protect the boy she loves . . . or step up to be the champion her city needs. From debut author Rosaria Munda comes a gripping adventure that calls into question which matters most: the family you were born into, or the one you've chosen.

The Firebird Simon and Schuster

This book provides insights into the fascinating life of the Lesser Flamingo (*Phoeniconaias minor*) and describes how this enigmatic bird has adapted to the extreme conditions of tropical soda lakes and can even withstand the caustic effects of brine. However, humans are increasingly disrupting the natural cycles of these wetlands, and for these pink birds characteristic of these salt

lakes, it is becoming more and more difficult to find suitable habitats, food and breeding grounds. Their fate is considered a cautionary example of man's dealings with nature. Will the Lesser Flamingo survive in a man-made world? Flamingos are considered to be an embodiment of the Phoenix, and the author interweaves his personal experiences with and observations of the flamingos' unusual habitats with the Phoenix motif in order to stimulate reflection on the circle of life. Written in an accessible style that combines science, biological information and the author's own travels and fieldwork, the book also includes a wealth of captivating images. As such, it offers a unique resource for biologists and nature-loving Africa and Asia enthusiasts alike.

Firebird Macmillan

Following Ford and Chevrolet, Pontiac entered the pony car market in 1967 and came up with one of the best and most successful muscle cars ever produced. Though based on the Camaro chassis, the Firebird offered unique features and high performance, and over its nearly 40 years of production it continued to wow drivers—as it does today. This book details the Firebird's long and illustrious career. With high-quality, detailed color photographs of some of the finer models—both originals and faithful restorations—the book is at once a unique history and a restoration guide to all four generations of the Firebird. Pictures and text profile the correct parts, finishes, options, and trim pieces for various models. The book also covers the vehicle's wide variety of engine options, along with all special editions and model variations from the Firebird's introduction in 1967 to the final model in 2002.

The Tale of the Firebird Wizards of the Coast

Flight of the Firebird: Slavic Magical Wisdom & Lore by Kenneth Johnson is an incredible guide into the folk magical traditions of the Slavic peoples. Documenting his time spent studying with the magical practitioners abroad, Flight of the Firebird offers a unique perspective into the magical practices of an incredibly beautiful culture. The book is filled with the author's real-world experiences alongside the wisdom and teachings of the Slavic magical elders to create a highly engaging and quite operative book of magic and folklore.

Mossflower B&H Publishing Group
Fantasy-roman.

Fireborne Macmillan

War cares little for the troubles of the aristocracy. As a terrible new weapon obliterates the age of courtly battle, an intelligent but plain princess and her companions--an addled young inventor and a kleptomaniac firebird--find themselves forced into a battle for survival in a suddenly very deadly world.
