series from

Renee Jones,
we meet
Amy’s brother
Chad—and the
woman who

either loves
him or wants
him dead. Six
years ago,
Chad’s hunt
for a
dangerous
treasure
turned deadly
when his
family home
was set on
fire, his

parents killed. Faking his and his sister Amy's death to protect her from further retaliation, he set her up in a new life with a friend's help, letting her believe he'd died. But now the men who hired Chad to find the treasure have found him, imprisoning and torturing him to learn where it's hidden. A dark-haired beauty named Gia helps him escape, promising him access to his worst enemy. And as he tries to

unravel the deep secrets of the past, he starts falling for her...only to discover she's not what she seems. Unable to trust anyone, Chad focuses on only two things: protecting his sister Amy and getting revenge. Is love even possible in the midst of heartache? **Fighting to Breathe** Simon and Schuster She believes he betrayed her. To him, her lack of trust is her betrayal. But now someone

wants her dead. He won't ever let anything happen to her. Now he plans to show her enemies he can live up to his name, he is the devil. She already believes it. They will, too. A sexy eight-chapter sneak peek into Luke's Sin, book one in the Lucifer Trilogy. **When I Say Yes** Julie Patra Publishing Ex-special forces, Jacob King, is a man who keeps to himself, having learned the hard way that

letting people close to you, trusting them, might just get you killed. A lesson he learned when members of his Special Ops team turned dirty, while others, men he considered friends, died. He made them pay. He made them hurt. He put them in jail. And so he doesn't trust anyone anymore. He keeps his women hot and fast, his friends few to none, and his clients through the elite Walker

Security at a professional distance, but safe. It works for him. Until it doesn't. His newest job should be simple and cut and dry. Jewel Carpenter, the daughter of the CEO of Carpenter Enterprises, is receiving death threats. He's to protect her and find out who is issuing the threats. Simple. Cut and Dry. Until it's not. Until the chemistry between he and Jewel is all about love, hate, and sex. But even as he fights the

attraction to Jewel and discovers there is more to her than meets the eye, the real threat comes not from the threats she's receiving, but the connection she has to him. Because his past has come full circle, and those men he's made pay for their sins now want him to pay. And what better way than the woman in his bed? Bad Deeds Sourcebooks, Inc. The next installment in

the steamy and alpha-packed Walker Security series by New York Times Bestselling Author Lisa Renee Jones. He is blond, tattooed, and dangerous. She's beautiful with a penchant for leather and lace and could be his destruction... Asher wasn't always a member of the elite Walker Security team, he was a billionaire's son, who rebelled against his father's controlling

hand, and ended up in New York City's underground of drugs, rock n roll, and danger. But that is long behind him, and while his tattoos and long blond hair remain, he's now a chameleon, far more comfortable in a suit and tie than a leather jacket. Or so he likes to tell himself. But now Walker Security needs him back inside the underground club scene for a police case they're working.

Women are dying, and a new drug on the streets is the cause. When Asher is pulled back into this toxic world he meets Sierra, who is as beautiful as she is mysterious. A woman who calls to a darker side of him, long suppressed, unleashing it in what becomes wicked hot passion and obsession. But Sierra has a secret, one that leads her, and Asher, to a dangerous place, and game, with

dangerous players, and the game is about life or death. *Pulled Under* Bantam A YA romance—with a sparkling commercial voice and a dash of science—that explores a relationship over six years. The moment Spencer meets Hope the summer before seventh grade, it's something at first sight. The pair become fast friends, climbing trees and planning world travels. After years of

being outshone by his older brother and teased because of his Tourette syndrome, Spencer finally feels like he belongs. But as Hope and Spencer get older and life gets messier, the clear label of “friend” gets messier, too. Through sibling feuds and family tragedies, new relationships and broken hearts, the two grow together and apart, and Spencer, an aspiring scientist, tries to map it all

out using his trusty system of taxonomy. He wants to identify and classify their relationship, but in the end, he finds that life doesn't always fit into easy-to-manage boxes, and it's this messy complexity that makes life so rich and beautiful. **Love, Lucas** St. Martin's Griffin Harper and Eric are now faced with trust issues. Can they survive their enemies and find a path to love and forever?

 Girl Online meets Wild in this emotionally charged story of girl who takes to the wilderness to rediscover herself and escape the superficial persona she created on social media.
 Mari Turner’s life is perfect. That is, at least, to her thousands of followers who have helped her become

an internet starlet. But when she breaks down and posts a video confessing she’s been living a lie—that she isn’t the happy, in love, inspirational online personality she’s been trying so hard to portray—it goes viral and she receives a major backlash. To get away from it all, she makes an impulsive decision: to hike the entire John Muir Trail. Mari and her late cousin Bri were

supposed to do it together, to celebrate their shared eighteenth birthday. But that was before Mari got so wrapped up in her online world that she shut anyone out who questioned its worth—like Bri. With Bri's boots and trail diary, a heart full of regret, and a group of strangers that she meets along the way, Mari tries to navigate the difficult terrain of the hike. But the true challenge lies within, as she searches for

the way back from to the girl she fears may be too lost to find: herself.

A detective with a dark secret... Samantha Jazz used to be one of the top profilers in the Austin PD, living for the chase of hunting down a killer and bringing him to justice. That is, until one bad case

nearly destroyed her. A killer with a hidden agenda... There's a new kind of serial killer on the loose--and people are turning up dead. The only clues to their murders lie in the riddles the killer leaves behind. A mystery with more questions than answers, and a suspicion that he's taunting Samantha. A dead body wrapped in a riddle... Samantha will have to use all her wits to solve each

new puzzle before the killer can strike again. But the closer she gets to the killer, the more she draws him to her as well. And in this thrilling game of cat and mouse--only one of them will survive. *One Woman* Julie Patra Publishing I believe that there is one person in this world that can both break us and make us whole. One person who can love us more than life can hurt us. With this comes deep,

intense passion, and a burning connection. But in turn, that person can destroy us, cut us, make us bleed in ways no other ever could. They have power over us. For me, that one person is Dash Black. He walked into my life in a rush of sunshine, in the darkness of heartache and uncertainty. We were broken apart, and whole together. He healed me. I believed I did the same for

him. Until the past became the present, and every moment of suffering in his life consumed him. Instead of seeking refuge in me, he pushed me away. As the famous quote from an unknown author says, "If you love something, set it free. If it comes back, it's yours; if it doesn't, it never was." I've set Dash Black free. Now, I wait. When I Say Yes is the third and final book in the Necklace Trilogy.

 World and

featuring Julie Lennart-Olsen, Kate and Curran's ward. Atlanta was always a dangerous city. Now, as waves of magic and technology compete for supremacy, it's a place caught in a slow apocalypse, where monsters spawn among the crumbling skyscrapers and supernatural factions struggle for power and survival. Eight years ago, Julie Lennart left Atlanta to find out who

she was. Now she's back with a new face, a new magic, and a new name—Aurelia Ryder—drawn by the urgent need to protect the family she left behind. An ancient power is stalking her adopted mother, Kate Daniels, an enemy unlike any other, and a string of horrifying murders is its opening gambit. If Aurelia's true identity is discovered, those closest to her will die. So her plan is simple: get in,

solve the murders, prevent the prophecy from being fulfilled, and get out without being recognized. She expected danger, but she never anticipated that the only man she'd ever loved could threaten everything. One small misstep could lead to disaster. But for Aurelia, facing disaster is easy; it's relationships that are hard. *Falling Under* HarperCollins Lea Lamb and Austin Wolf were young when they fell

in love. They never imagined the future could hold anything other than together-forever. When Lea's father dies in a tragic fishing accident, she's crushed under the weight of her grief and catches a glimpse of another type of future, one she knows she's not strong enough to face. Austin is angry. For the past fifteen years, he's believed the woman he loved with every ounce of his soul left

him without so much as a backwards glance. When Lea unexpectedly returns to their hometown, all the years of heartache inside Austin bubbles to the surface and presents itself as blinding rage. Faced with the truth about the past, a newly discovered secret, these former lovers will learn that if they want to have any chance at the future they'd given up on all those years ago, they will have to rescue

one another from drowning in pain so debilitating it will leave them both fighting to breathe. Warning this book is intended for mature audiences and may contain triggers for some.
