Hack your antivirus software to stamp out future vulnerabilities The Antivirus Hacker's Handbook guides you through the process of reverse engineering antivirus software. You explore how to detect and exploit vulnerabilities that can be leveraged to improve future software design, protect your network, and anticipate attacks that may sneak through your antivirus' line of defense. You'll begin building your knowledge by diving into the reverse engineering process, which details how to start from a finished antivirus software program and work your way back through its development using the functions and other key elements of the software. Next, you leverage your new knowledge about software development to evade, attack, and exploit antivirus software—all of which can help you strengthen your network and protect your data. While not all viruses are damaging, understanding how to better protect your computer against them can help you maintain the integrity of your network. Discover how to reverse engineer your antivirus software Explore methods of antivirus software evasion Consider different ways to attack and exploit antivirus software Understand the current state of the antivirus software market, and get recommendations for users and vendors who are leveraging this software The Antivirus Hacker's Handbook is the essential reference for software reverse engineers, penetration testers, security researchers, exploit writers, antivirus vendors, and software engineers who want to understand how to leverage current antivirus software to improve future applications.

It's time to DELETE your anxiety, Don't you think? In today's bombardment of bad news, those big

feelings of sadness, anger, and guilt can become all-too overwhelming. That feeling of hopelessness can feel like a 10-tonne weight on your chest; Especially in today's busy digital world. But... I'll let you in on a little secret...you don't need to meditate at 5 AM to get the relaxation you crave. And you don't need anything fancy... That is because coloring puts your brain in the same state as meditation! Even 10 minutes a day with this coloring book will help melt your anxieties away ☺ Here's Why You Will Love This Coloring Book: ☺There are 30 high-resolution designs with white space (so you can remove & frame your masterpieces easily). ☺It is filled with a mixture of both detailed and simple designs. Whether you have a 20-minutes or 2 hours to color, you are guaranteed to find a page that suits both your needs and skill level. ☺Black-backed pages, giving you the option to draw directly inside the book without that annoying color bleed. ☺16 color palates on the back cover of the book to help you get coloring in minutes. Do you know which colors will you use? You will Love this Coloring Book. Maybe even enough to frame a piece or two... Click "Add to Cart" now. P.S. There is a surprise at the end of this book, so don't miss out!

3D Fluro Adventure Penguin

It's time to sharpen your mind, Don't you think? In today's bombardment of simple coloring books, you probably see the same designs over and over again. The same elephants... Same flowers... Same butterflies... You crave something different--something more detailed--but you can't seem to find it. And since advanced coloring books enhance memory and fine motor skills, we can

understand why you would be looking for something that's more detailed. This 3D coloring book will both challenge your mind and improve your drawing skills. And just 10 minutes a day is all you need! Here's Why You Will Love This Coloring Book: ☺There are over 30 high-resolution designs with white space (so you can remove & frame your masterpieces easily). ☺Detailed designs will keep your mind sharp. Whether you have a 20-minutes or 2 hours to color, you are guaranteed to find a page that exercises your brain. ☺Black-backed pages, giving you the option to draw directly inside the book without that annoying color bleed. ☺16 color palates on the back cover of the book to help you get coloring in minutes. Do you know which colors will you use? You will Love this Coloring Book. Maybe even enough to frame a piece or two... Click "Add to Cart" now.
