Positively Unstoppable CreateSpace

“The happiest, saddest, sweetest book about rock ‘n’ roll that I’ve ever experienced.”—Chuck Klosterman Mix tapes: We all have our favorites. Stick one into a deck, press play, and you’re instantly transported to another time in your life. For Rob Sheffield, that time was one of miraculous love and unbearable grief. A time that spanned seven years, it started when he met the girl of his dreams, and ended when he watched her die in his arms. Using the listings of fifteen of his favorite mix tapes, Rob shows that the power of music to build a bridge between people is stronger than death. You’ll read these words, perhaps surprisingly, with joy in your heart and a song in your head—the one that comes to mind when you think of the love of your life. Praise for Love is a Mixtape “A memoir that manages, no small feat, to be funny and beautifully forlorn at the same time.”—The New York Times Book Review “Humorous, heartbreaking, and heroic.”—Entertainment Weekly “The finest lines ever written about rock ‘n’ roll . . . Like that song on the radio, every word of Rob’s book is true. Love is a mix tape.”—Rolling Stone “Many of us use pop culture as a mirror of our emotional lives, but Sheffield happily walks right through the looking glass.”—Los Angeles Times “Sheffield writes with such aching remembering, you feel like you are invading his privacy . . . and it’s the truth of those details that make this memoir so touching.”—Newsweek

Love Is a Mix Tape Frontiers Media SA

Los Angeles poet/spoken word artist, Jason Brain, delivers 100% inspiration, introspection, and intrepidation with his first book of poetry, MIX TAPE COLLECTION: ORIGINAL POETRY, from Poetry In Motion Publishing House.A compilation of four "Mix Tape" chapbooks, the collection is an expression of maturation, love, discontent, and the divine. Jason’s unique voice speaks with age-old wisdom while embodying a modern passion rivaling his contemporaries.From resolutions to save the world and laments on lost love, to the necessity of morning coffee and the beauty found within every living being, the Mix Tape Collection covers the spectrum of emotions and insights from a young man understanding and coming to terms with the world around and within himself.The Mix Tape Collection includes:Greatest Hits, Volume IA Day in the Life of Another True StorySexy RomantixEthereal ThingsWritten, revised, and organized between 2009-2012, the Mix Tape Collection: Original Poetry is a great addition to your modern poetry bookshelf.- - - -Jason Brain has been writing poetry since 2003, performing Spoken Word since 2005, and was a member of the California State University, Northridge Slam Poetry team in 2007. Jason is also the author of AMERIKANA 365, an anthology of 365 One-Acts written in 365 days. He is a native of Los Angeles, CA and looks forward to meeting you soon.Poetry In Motion Publishing House, 2012

Mix Tape Collection Crown Archetype

An art form combining the skills of a DJ with the intimacy of a letter, a good mixtape was the ultimate audio valentine. Today, when the iPod and playlists reign supreme, the cassette has been rendered obsolete, and the art of crafting these sonic calling cards has been relegated to back-of-the-closet, thirty-something nostalgia. Now, thanks to Jason Bitner, we can relive our lost youth and lost loves. In Cassette from My Ex, sixty noted writers and musicians wax poetic about their own experiences with these charming artifacts and the relationships that inspired them. Contributors include: Maxim editor Joe Levy Author Rick Moody Former Rolling Stone writer and MTV2 veejay Jancee Dunn The Magnetic Fields' Claudia Gonson Stories range from the irreverently sweet, such as the doomed love affair between a Deadhead and a Goth, to the touching, such as the heartbreaking discovery of a former love passing away. Everyone will find a story or a song to relate to. Just hit play.

Mixed Tape Rodale Books

As European colonies in Asia and Africa became independent nations, as the United States engaged in war in Southeast Asia and in covert operations in South America, anthropologists

questioned their interactions with their subjects and worried about the political consequences of government-supported research. By 1970, some spoke of anthropology as “the child of Western imperialism” and as “scientific colonialism.” Ironically, as the link between anthropology and colonialism became more widely accepted within the discipline, serious interest in examining the history of anthropology in colonial contexts diminished. This volume is an effort to initiate a critical historical consideration of the varying “colonial situations” in which (and out of which) ethnographic knowledge essential to anthropology has been produced. The essays comment on ethnographic work from the middle of the nineteenth century to nearly the end of the twentieth, in regions from Oceania through southeast Asia, the Andaman Islands, and southern Africa to North and South America. The “colonial situations” also cover a broad range, from first contact through the establishment of colonial power, from District Officer administrations through white settler regimes, from internal colonialism to international mandates, from early “pacification” to wars of colonial liberation, from the expropriation of land to the defense of ecology. The motivations and responses of the anthropologists discussed are equally varied: the romantic resistance of Maclay and the complicity of Kubary in early colonialism; Malinowski’s salesmanship of academic anthropology; Speck’s advocacy of Indian land rights; Schneider’s grappling with the ambiguities of rapport; and Turner’s facilitation of Kaiapo cinematic activism. “Provides fresh insights for those who care about the history of science in general and that of anthropology in particular, and a valuable reference for professionals and graduate students.”—Choice “Among the most distinguished publications in anthropology, as well as in the history of social sciences.”—George Marcus, *Anthropologica*

This handbook is intended to assist nongovernmental organizations, community-based organizations, and groups of people living with HIV/AIDS in finding ways of understanding, planning, and undertaking work on HIV/AIDS-related treatment. It builds on practical skills by using participatory activities and sharing experiences; provides a training resource for NGO support programs, training organizations and individuals; and facilitates ongoing learning about the treatment work being carried out by the various groups involved. Applicable at all levels of experience, the handbook offers flexibility to facilitators who need to gear their work towards specific schedules or situations.

Cracking the Cube CRC Press

World-renowned WWE Hall of Famer turned fitness guru Diamond Dallas Page wants to transform your life. After decades of helping others make radical transformations in health and fitness, Diamond Dallas knows what is really holding you back from profound life change. He has watched countless people take ownership of their lives, physically, mentally, and emotionally—and he has witnessed, time and again, the precise instant when a real and massive shift occurs in a person’s attitude. In *Positively Unstoppable*, he brings his understanding of what really moves people to change and own their lives. It begins when we discover what we really want, and then commit to follow the steps that will turn that goal into a reality. Regardless of where we are at in our lives, it’s possible to have a breakthrough. Filled with lessons from Page’s life that share his own struggle to find his calling, overcoming one obstacle after another, *Positively Unstoppable* is a bible for anyone who needs to be re-inspired to follow their dreams and take real action towards the things that matter most to them. Page’s gift of authenticity has helped him motivate those who may have lost hope, because he truly understands the incredible power of self-belief. Page includes powerful transformation stories, goal-setting guides, as well as a sample workout, eating plans and delicious gluten-free, non-GMO recipes from his wildly popular fitness program, DDPY. *Positively Unstoppable* is your roadmap to getting “unstuck” and taking the steps needed to create a healthy, magnificent life.

Skills and Jobs Mismatches in Low- and Middle-income Countries Simon and Schuster

"In the vein of Charles Bukowski, Augusten Burroughs and Hunter S. Thompson is Jude Angelini, host of Sirius Radio's wildly popular "The All Out Show", and his collection of brutally honest and

blackly comical autobiographical essays"--

Muscle Wires Project Book Independently Published

In the 1980s there was a kind of magic to the mixtape. They could be anything its creator wanted. The mixtape was like a letter, but it was also a personal soundtrack. You wanted it to say something about you - to express in some abstract way how you felt about the world, life, hopes, dreams and love. This book is like a mixtape because it is a mixture of things, all of them touching in one way or another on life in the 1980s and music. Through a series of funny, heart-warming and incisive memoir pieces, stories and essays, the 1980s are brought back to life - the last decade before personal computers, the internet and mobile phones came along and changed everything. So hit rewind and then press play...

The Workwoman's Guide Rizzoli Publications

SOUND OF THE CROWD: A DISCOGRAPHY OF THE '80s is the ultimate record collector's guide to the 1980s. In the era of multi-formatting, picture discs, coloured vinyl, multiple remixes, funny shaped records and tiny CDs you could lose down the back of the sofa, this book lists every format of every single, EP and album released in the UK in the 1980s by over 140 of the decade's biggest acts, from ABBA to Paul Young. This fourth edition has been fully revised and expanded to include even more acts than ever before, with additional sections to cover Band Aid-style charity congregations and compilation albums from the early '80s K-Tel efforts through to the Now That's What I Call Music series and its competitors. Compiled by Steve Binnie, editor of the '80s music website Sound of the Crowd and writer, producer and co-host of the unconventional '80s chart show *Off The Chart*, broadcast weekly on Mad Wasp Radio.

Sound of the Crowd: a Discography of the '80s (Fourth Edition) Otto Harrassowitz Verlag

A stunning four-color biography of Congresswoman Alexandria Ocasio-Cortez in the bestselling tradition of Notorious RBG and Pelosi that explores her explosive rise and impact on the future of American culture and politics. The candidate was young—twenty-eight years old, a child of Puerto Rico, the Bronx, and Yorktown Heights. She was working as a waitress and bartender. She was completely unknown, and taking on a ten-term incumbent in a city famous for protecting its political institutions. “Women like me aren’t supposed to run for office,” Alexandria Ocasio-Cortez said in a video launching her campaign, the camera following her as she hastily pulled her hair into a bun. But she did. And in perhaps the most stunning upset in recent memory, she won. At twenty-nine, she was sworn in as the youngest member of the 116th Congress and became the youngest woman to serve as a representative in United States history. Before long, Ocasio-Cortez had earned her own shorthand title—AOC—and was one of the most talked-about public figures (loved and loathed) in the world. Her natural ability to connect with everyday people through the social media feeds grew her following into the multimillions. Every statement she made, every tweet and Instagram Live, went viral, and her term had barely begun before people were speculating that she could one day be president. The question seemed to be on everyone’s mind: How did this woman come from nowhere to acquire such influence, and so fast? Now, in *Take Up Space*, that question is answered through a kaleidoscopic biography by the editors of *New York* magazine that features the riveting account of her rise by Lisa Miller, an essay by Rebecca Traister that explains why she is an unprecedented figure in American politics, and multiform explorations (reportage, comic, history, analysis, photography) of AOC’s outsize impact on American culture and politics. Throughout, AOC is revealed in all her power and vulnerability, and understood in the context of the fast-changing America that made her possible—and perhaps even inevitable.

Cassette From My Ex Routledge

Mixtape Nostalgia analyzes the role of the mixtape as a site of collective memory tied to youth culture, community identity, and sharing music. The author looks at the history of the mixtape from the early 1980s and the rise of the cassette as a fundamental aspect of the music industry. *Mixtape 4* Piatkus Books

A fair question to ask of an advocate of subjective Bayesianism (which the author is) is "how would you model uncertainty?" In this book, the author writes about how he has done it using real

problems from the past, and offers additional comments about the context in which he was working.

All's Fair In Love And Mix-Tapes Simon and Schuster

In his debut chapbook mxd kd mix tape, Malcolm Friend offers us a speaker on the fringe of becoming. If he were a superhero this would be his origin story. The musicality & rhythm that is promised in the title more than delivers, but what Friend also delivers on are poems forged within the many rooms of his identity. & these rooms are decorated with poetic craft & a keen knowledge of the songs that have shaped him. This collection, & Friend are a valuable addition to America's poetic landscape. I look forward to many more work from this fresh new voice.- Yesenia Montilla, author of *The Pink Box*

A Manual of Pahlavi Thorsons Publishers

This book facilitates an integrative understanding of the development, genetics and evolution of butterfly wing patterns. To develop a deep and realistic understanding of the diversity and evolution of butterfly wing patterns, it is essential and necessary to approach the problem from various kinds of key research fields such as “evo-devo,” “eco-devo,” “developmental genetics,” “ecology and adaptation,” “food plants,” and “theoretical modeling.” The past decade-and-a-half has seen a veritable revolution in our understanding of the development, genetics and evolution of butterfly wing patterns. In addition, studies of how environmental and climatic factors affect the expression of color patterns has led to increasingly deeper understanding of the pervasiveness and underlying mechanisms of phenotypic plasticity. In recognition of the great progress in research on the biology, an international meeting titled “Integrative Approach to Understanding the Diversity of Butterfly Wing Patterns (IABP-2016)” was held at Chubu University, Japan in August 2016. This book consists of selected contributions from the meeting. Authors include main active researchers of new findings of corresponding genes as well as world leaders in both experimental and theoretical approaches to wing color patterns. The book provides excellent case studies for graduate and undergraduate classes in evolution, genetics/genomics, developmental biology, ecology, biochemistry, and also theoretical biology, opening the door to a new era in the integrative approach to the analysis of biological problems. This book is open access under a CC BY 4.0 license.

Mixtape Titan Comics

Today, information and the technologies that store and disseminate it are producing deep-rooted

and widespread changes in society - changes of the same magnitude as those that occurred during the Industrial Revolution. The purpose of this book is to give a complete picture of the information society by examining in detail the social, economic, political, and cultural roles of information and information technology. This book is effectively a second edition of the author's classic *The Information Society*. In it, the author illustrates the major trends in and inter-relationships between information, information and communication technologies, and the global economy and society. In tracing the direction of information-based change he reveals the implications for ordinary citizens, for the quality of everyday life, for economic and social activity, and examines the prospects of nations and trading blocs. This book provides a new way of looking at society, one that is essential for understanding social and economic structures and processes in the information age.

Yoga for Regular Guys Wildside Press LLC

This book describes the fundamentals of data acquisition systems, how they enable users to sample signals that measure real physical conditions and convert the resulting samples into digital, numeric values that can be analyzed by a computer. The author takes a problem-solving approach to data acquisition, providing the tools engineers need to use the concepts introduced. Coverage includes sensors that convert physical parameters to electrical signals, signal conditioning circuitry to convert sensor signals into a form that can be converted to digital values and analog-to-digital converters, which convert conditioned sensor signals to digital values. Readers will benefit from the hands-on approach, culminating with data acquisition projects, including hardware and software needed to build data acquisition systems.

Mixtape Springer Science & Business Media

Do Remember! The Golden Era of NYC Hip-Hop Mixtapes is the first comprehensive deep-dive oral and visual history of the golden era of hip-hop mixtape culture in New York City. From street corners to corner offices, mixtapes made a huge impact on the music industry and hip-hop culture in New York City during the late '80s, '90s, and early 2000s. Mixtapes helped dictate what rap songs were hot in the clubs, on the radio, and in the streets, and they influenced which artists would get signed to record deals. Mixtapes also showcased which DJs had the most skills and creativity, and who had the juice to pull the illest exclusives. *Do Remember!* combines the best elements of oral and pictorial histories to explore the evolution of mixtapes as a crucial component of New York City hip-hop culture. Featuring a comprehensive collection of rare mixtape cover art,

never-before-seen images, vintage tracklists, and exclusive interviews with Kid Capri, Brucie B, Mister Cee, Ron G, S&S, Doo Wop, Green Lantern, Lord Finesse, Clark Kent, Bobbito, Cipa Sounds, Havoc of Mobb Deep, the late, great DJ Kay Slay, and many more, including a special foreword by Fab 5 Freddy, *Do Remember!* captures an era in New York City that went on to inspire future hip-hop generations all over the world.

Mixtape Volume 1 Rowman & Littlefield

First published in the eighteenth century, *Dee Goong An* chronicles three of Judge Dee's celebrated cases, woven together into a novel. A double murder among merchants, the fatal poisoning of a new bride, and an unsolved murder in a small town — these crimes launch Judge Dee down the great silk routes and even into graveyards to consult the spirits of the dead. With his keen analytical wit, can he discover the killers? First of the Judge Dee books, translated by Robert van Gulik.

Hyena Springer

This volume further complicates and advances the contemporary perspective on language endangerment by examining the outcomes of the most commonly cited responses to language endangerment, i.e. language documentation, language revitalization, and training. The present collection takes stock of many complex and pressing issues, such as the assessment of the degree of language endangerment, the contribution of linguistic scholarship to language revitalization programs, the creation of successful language reclamation programs, the emergence of languages that arise as a result of revitalization efforts after interrupted transmission, the ethics of fieldwork, and the training of field linguists and language educators. The volume's case studies provide detailed personal accounts of fieldworkers and language activists who are grappling with issues of language documentation and revitalization in the concrete physical and socio-cultural settings of native speaker communities in different regions of the world.

Responses to Language Endangerment Simon and Schuster

The Nelson George Mixtape gathers together articles by George from 1978-1993. Early articles for publications such as *Record World* and the *Village Voice* chronicle the birth of hip hop in New York City, leading to features on some of the biggest names in music, including Marvin Gaye, Michael Jackson, and Quincy Jones. The publication presents many reproductions of out of print articles, unpublished interviews with Bob Marley and James Jamerson, and early pieces on Whitney Houston and Prince.
