My iPhone Hal Leonard Corporation Christian interpretations of the Song of Songs have long depended upon the allegorical reading developed by Origen

of Alexandria (c.185-c.254). This study aims to show that Origen's Commentary and two Homilies on the Song of Songs clearly portray the Song of Songs as the biblical book that, as the Bridegroom's perfect marriage-song, reveals the 'spirit' of Scripture with greater intensity and immediacy than any other.

The convergence of rock music, counterculture politics and avant-garde aesthetics in the late 1960s underscored the careers of the Beatles, Frank Zappa and the Mothers of Invention, and the Velvet Underground. This book examines these artists' relationships to the historical avant-garde (Artaud, Brecht, Dada) and neo-avant-garde (Warhol, Pop Art, minimalism), considering their work

in light of debates about modernism versus postmodernism. The author analyzes the performers' use of dissonance and noise within popular music, the role of social commentary and controversial topics in songs, and the experiments with concert and studio performance. Albums discussed include Sgt. Pepper's Lonely Hearts Club Band, The White Album, Freak Out!, We're Only in It for the Money, The Velvet Underground and Nico and White Light/White Heat, as well as John Lennon's collaborations with Yoko Ono, the Zappa-produced Trout Mask Replica by Captain Beefheart and the Magic Band, and Nico's The Marble Index.
