Carpenter MCQ is a simple e-Book for ITI & Engineering Course Carpenter, Revised NSQF Syllabus , It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about the latest & Important about makes, assembles, alters and repairs wooden structures and articles according to sample or drawing using hand or power tools or both. Studies drawing on sample to understand type of structure or article to be made and calculates quantity of timber required. Selects timber to suit requirements. Marks them to size using square, scribe etc. Saws, chisels and planes wooden pieces to required sizes and makes necessary joints such as half lap, Tenonmortise, dovetail etc. using saws, planes, mortising, chisels, drills and other carpentry hand or power tools as required. Checks parts frequently with square, foot rule, measuring tape etc. to ensure correctness. Assembles parts and secures them in position by screwing, nailing or doweling. Checks assembled structure with drawing or sample; rectifies defects, if any, and finishes it to required specifications. Alters, repairs or replaces components in case of old structures or articles in similar manner. May glue parts together. May smoothen and finish surface with sandpaper and polish. May fix metal fittings to structure and polish. May fix metal fittings to structure or article made. May calculate cost of furniture. May sharpen his own tools. Carpenter, Construction; Carpenter Building makes, assembles, alters and repairs doors, windows, frames and other wooden fixtures of building using hand or power tools or both. Studies drawings or samples and calculates quantity of timber required. Saws oversize pieces by power or hand tools or collects lumbers for making various components. Plans two sides of above pieces, marks off dimensions using tri-square, scribe, pencil etc., and reduces them to required sizes by adzing, sawing and planning. Marks off different members cuts them as required and shapes and makes Tenon and mortise, half lap and other joints by sawing, chiselling, drilling and filling. Checks pieces frequently while sizing and shaping to ensure correctness. Assembles framework step by step by gluing, cramping, dowelling, nailing and screwing as required. Examines finished article for accuracy. Fits metal rods, hinges etc., to wood work where necessary and rectifies defects in fittings if any. Sharpens his own tools. May erect scaffoldings if necessary. and lots more.

ITI Electrician is a simple e-Book for ITI Electrician JOB Interview & Exam. It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about the latest & Important about safety and environment, use of fire extinguishers, trade tools & its standardization, identifies different types of conductors, cables & their skinning & joint making, Kirchhoff's law, ohm's law, laws of resistances, single phase and poly-phase circuits for 3 wire /4 wire balanced & unbalanced loads, ICDP switch, distribution fuse box and mounting energy meters, HP/LP mercury vapour and sodium vapour light, measuring instruments like multimeter.

**Wood Work Technician MCQ** Manoj Dole

ITI Mechanic Mining Machinery is a simple e-Book for ITI Mining Machinery JOB Interview & Apprentice Exam. It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about safety aspect related to the trade, basic fitting operations viz., making, filing, sawing, chiseling, drilling, tapping, grinding, sliding, T-fit and square fit, Lathe operation, different turning operation including thread cutting and relevant job on Shaper and Milling Machine, preventive maintenance of pumps and compressors, different types of engines and their parts, measurement of voltage, current, power factor and other components of electrical.

*ITI Spinning Technician* Manoj Dole

ITI Textile Wet Processing Technician is a simple e-Book for ITI Textile Wet Processing Technician JOB Interview & Apprentice Exam. It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about safety precautions during filing, marking, punching and drilling, various types' gauges, types of lathes and its functions, Turning tool grinding, tool setting and job setting, facing and chamfering, plain turning, various types of welding and welding process, carpentry work, different electrical and electronic measuring instruments, types of fibres and various lubricants.

Mason (Building Constructor) MCQ is a simple Book for ITI & Engineering Course Mason (Building Constructor). It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about the latest & Important about Mason (Building Constructor) trade is trained on subjects Professional Skill, Professional Knowledge and Employability Skills related to job role. In addition to this a candidate is entrusted to make/do project work and Extra Curricular Activities to build up confidence. The practical skills are imparted in simple to complex manner & simultaneously theory subject is taught in the same fashion to apply cognitive knowledge while executing task. The practical part starts with basic constructional work viz. cutting of bricks / stones, Masonry (brick/stone), Cutting of rods, R.C.C work, etc. and finally to constructing building, finishing work, centering shuttering for R.C.C beams, column, lintels etc. at the end of the course. The broad components covered under Professional Skill subject are as below: The practical part starts with basic constructional parts (Masonry) and the candidate imparted training on allied trades viz., carpenter (which leads to multi-skilling). In the basic carpentry the skills imparted are marking, sawing, Planning, chiseling, measurement, drilling, grinding of tools and observation of all safety aspects is mandatory. The safety aspects cover components like OSH&E, PPE, Fire extinguisher, First Aid etc. Masonry deals with making masonry brick wall as per drawing leaving space for door & window opening, Preparation of R.C.C casting, Construction of cavity wall, Laying out of building plan, diagonal check-up, fixing up of excavation lines, Wall & ceiling plastering, Making of different types of floor determining and Formation of Slope. Further, laying of drain pipe, jointing, fittings & fixing of W.C. pan, urinals, gully trap. Construction of manhole etc., Construction of septic tank, Fixing& fittings of wash basin, flushing cistern, sink, vent pipe, etc., Construction of stone wall, Laying of marble on floor & stair, Construction of circular brick & hollow block walls, Preparing & mixing of concrete, formwork, casting of roof slab, beams, lintels, stair, column etc., cutting & setting of glazed tiles to walls, Laying of mosaic, terrazzo & tile flooring, Construction of R.C.C. & Brick stairs are being taught in the practical. Professional Knowledge subject is simultaneously taught in the same fashion to apply cognitive knowledge while executing task. In addition components like Physical properties of materials, different types of constructional materials such as bricks, properties of good bricks, various types of cement with their properties, types of bonding in masonry work, foundation related knowledge, about R.C.Care also covered under theory part.

**ITI Mechanic Motor Vehicle MMV** by Mocktime Publication

ITI Maintenance Mechanic is a simple e-Book for ITI Maintenance Mechanic (Chemical Plant) JOB Interview & Apprentice Exam. It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about the latest & Important about safety and environment, use of fire extinguishers, basics of electricity, test the cable and measure the electrical parameter, filling adjoining sides/surfaces maintain the right angle between the sides. Making the job on the step fitting (male & female), drill holes, countersinking.

*ITI Textile Wet Processing Technician* Manoj Dole

ITI Attendant Operator is a simple e-Book for ITI Attendant Operator (Chemical Plant) JOB Interview & Exam. It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about the latest & Important about Hack-sawing, marking, punching, Chiseling, Filing, Drilling, countersinking, counter boring, reaming, Taping, melting point, boiling point, compare properties of metals & alloys, Fire extinguisher, pipe joints, fittings valves on pipes, dismantling, overhauling, cleaning & assembling valves, centrifugal pump, gear pump, metering pump, screw pump, multistage compressor.

*ITI Mechanic Tractor* Manoj Dole

Electrician ITI is a simple e-Book for ITI Engineering Course Electrician, First & Second Year, Sem-1,2,3 & 4, Revised Syllabus in 2018, It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about the latest & Important about safety and environment, use of fire extinguishers, trade tools & its standardization, identifies different types of conductors, cables & their skinning & joint making, Kirchhoff's law, ohm's law, laws of resistances, single phase and poly-phase circuits for 3 wire /4 wire balanced & unbalanced loads, ICDP switch, distribution fuse box and mounting energy meters, HP/LP mercury vapour and sodium vapour light, measuring instruments like multimeter, wattmeter, energy meter, phase sequences meter, frequency meter, for measurement of electrical parameters in single & three phase circuits, heating element equipment, induction heating equipment, grinding machines and washing machines, rotating machines: DC machines, induction motors, alternators & MG sets, DC machine and induction motors, diodes for bridge rectifier, switching devices & amplifiers by electronic components, control cabinet, assembling control elements and their wiring, Speed control of AC/DC motors by electronic controller, voltage stabilizer, emergency light, battery charger, UPS and inverter, thermal, hydel, solar & wind energy systems, relay and circuit breaker and lots more.

*ITI Marine Engine Fitter* Manoj Dole

Successful speaking and understanding requires mechanisms for reliably encoding structured linguistic representations in memory and for effectively accessing information in those representations later. Studying the time-course of real-time linguistic dependency formation provides a valuable tool for uncovering the cognitive and neural basis of these mechanisms. This volume draws together multiple perspectives on encoding and navigating structured linguistic representations, to highlight important empirical insights, and to identify key priorities for new

research in this area.

**Mechanix Illustrated** Manoj Dole

ITI Electroplater is a simple e-Book for ITI Electroplater JOB Interview & Apprentice Exam. It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about the latest & Important about trade tools & machineries, practices on filing, hack sawing, planning, drilling, marking, cutting and chipping etc. Identifies different types of conductors, cables, prepare wire joints and learns crimping and soldering. Knowledge of basic electrical laws like Kirchhoff's law, ohm's law, laws of resistances and their applications

**Automobile Trade Solved Papers** Manoj Dole

ITI Electronics Mechanic is a simple e-Book for ITI Electronics Mechanic JOB Interview & Exam. It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about the latest & Important about fire extinguishers, artificial respiratory resuscitation, trade tools & its standardization, basics of electricity, test the cable and measure the electrical parameter, active electronic components, soldering and de-soldering, PCBs, computer system, install OS, Practice with MS office. Use the internet, browse, create mail IDs, download desired data from internet using search engines, amplifier, oscillator and wave shaping circuits, SMD Soldering and De-soldering.

**ITI Maintenance Mechanic Chemical Plant** Manoj Dole

ITI Operator Advance Machine Tool is a simple e-Book for ITI Advance Machine Tool JOB Interview & Apprentice Exam. It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about operation of grinding machine, different special machines, advanced turning and milling machines operation, taper turning, eccentric turning, boring, screw thread, multi start thread, gang milling, splines & different gears, using different instruments & gauges and testing geometrical accuracy of machines, all aspect of CNC turning covered starting from machine.

**Carpenter MCQ** Frontiers Media SA

ITI Mechanic Motor Vehicle (MMV) is a simple e-Book for ITI Mechanic Motor Vehicle (MMV) JOB

Interview & Apprentice Exam. It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about safety aspect in general and specific to the trade, tools & equipment, raw materials, Measuring & marking by using various Measuring & Marking tools, basic fastening and fitting operations, basics of electricity, electrical parameter, maintenance of batteries, various welding joints by using Arc and gas welding, hydraulics and pneumatics components.

**ITI Mechanic Mining Machinery** Manoj Dole

ITI Mechanic Auto Electrical & Electronics is a simple e-Book for ITI Mechanic Auto Electrical & Electronics (MAEE) JOB Interview & Apprentice Exam. It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about the latest & Important about Apply safe working practices in an automotive work shop. environment regulations and housekeeping in the work shop. Perform precision measurements on the components and compare parameters with specifications used in automotive work shop practices.

**ITI Mechanic Auto Body Repair** Manoj Dole

ITI Plumber is a simple e-Book for ITI Plumber JOB Interview & Apprentice Exam. It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about basic fitting the skills imparted are marking, sawing, chipping, filing, measurement, soldering, brazing, drilling, grinding, safety aspects covers components like OSH&E, PPE, Fire extinguisher, First Aid, gas welding, thread cutting on different types of pipes & fittings accessories, Brick wall cutting for concealing pipe line. Bending of Pipes, Making of pipe line circuit for water distribution, fixing Cocks & valve, Water analysis test, Water Pressure test, asbestos.

**Mason (Building Constructor) MCQ** Manoj Dole

ITI Tool & Die Maker (Dies & Moulds) is a simple e-Book for ITI Tool & Die Maker (Dies & Moulds) JOB Interview & Apprentice Exam. It contains objective questions with underlined & bold correct answers MCQ covering all topics including all about basic fitting covering components like filing, sawing, drilling, tapping, chipping, grinding and different fits, Different turning operations on lathe viz., plain, facing, boring, grooving, step turning, parting, chamfering, knurling and different thread cutting by setting the different parameter, Different milling operations.
