Nothing Happened Hachette UK
New technologies are changing our reading habits. Laptops, e-readers, tablets and other handheld devices supply new platforms for reading, and we must learn to manage them by scrolling, clicking or tapping. Reading Today places reading in current literary and cultural contexts in order to analyse how these contexts challenge our conceptions of who reads, what reading is, how we read, where we read, and for what purposes – and then responds to the questions this analysis raises. Is our reading experience becoming a ‘flat’ one? And does reading in a media environment favour quick reading? Alongside these questions, the contributors unpack emerging strategies of reading. They consider, for example, how paying attention to readers’ emotional reactions as an indispensable component of reading affects our conception of the reading process. Other chapters consider how reading can be explored through such topics as experimental literature, the

contemporary encyclopedic novel and the healing power of books.

University of Westminster Press

Animal death is a complex, uncomfortable, depressing, motivating and sensitive topic.

Reimagining Child Soldiers in International Law and Policy

Angélique MALAKH

Provides help for educators in meeting the challenge of involving parents and extended families of at-risk children with ideas on how to communicate with low-income, nonwhite, and non-English-speaking parents.

5 - Nouvel Air Oxford University Press

A Berlin Republic brings together writings on the new, united Germany by one of their most original and trenchant commentators, Jürgen Habermas.

Among other topics, he addresses the consequences of German history, the challenges and perils of the post-Wall era, and Germany's place in contemporary Europe. Here, as in his earlier *The Past as Future*, Habermas emerges as an inspired analyst of contemporary German political and intellectual life. He repeatedly criticizes recent efforts by historical and political

commentators to 'normalize' and, in part, to understate the horrors of modern German history. He insists that 1945 - not 1989 - was the crucial turning point in German history, since it was then that West Germany decisively repudiated certain aspects of its cultural and political past (nationalism and antisemitism in particular) and turned towards Western Traditions of democracy: free and open discussion, and respect for the civil rights of all individuals. Similarly, Habermas deplors the renewal of nationalist sentiment in Germany and throughout Europe. Drawing upon his vast historical knowledge and contemporary insight, Habermas argues for heightened emphasis on trans-European and global democratic institutions - institutions far better suited to meet the challenges (and dangers) of the next century.

2 - *Amère vengeance* Angélique MALAKH "Saints, Scholars, and Schizophrenics, in its original form--now integrally reproduced in the new edition--is a most important seminal study of an Irish community."—Conor Cruise O'Brien

L'annonce UCL Press

"ONE OF THE BEST BOOKS I'VE READ IN RECENT YEARS. THOUGHT PROVOKING, IMAGINATIVE AND PACKS A HELL OF AN EMOTIONAL PUNCH." —Adrian Tchaikovsky, author of *Children of Time* From one of the most imaginative writers of her generation comes an extraordinary vision of the future... Ven was once a holy man, a keeper of ancient archives. It was his duty to interpret archaic texts, sorting useful knowledge from the heretical ideas of the Burning Age—a time of excess and climate disaster. For in Ven's world, such material must be closely guarded so that the ills that led to that cataclysmic era can never be repeated. But when the

revolutionary Brotherhood approaches Ven, pressuring him to translate stolen writings that threaten everything he once held dear, his life will be turned upside down. Torn between friendship and faith, Ven must decide how far he's willing to go to save this new world—and how much he is willing to lose. "A riveting tale of subterfuge and deadly self-indulgence" (Publishers Weekly, starred review) from award-winning author Claire North, *Notes from the Burning Age* puts dystopian fiction in a whole new light. Also by Claire North: *The First Fifteen Lives of Harry August* *Touch The Sudden Appearance of Hope* *The End of the Day* 84K *The Gameshouse* *The Pursuit of William Abbey*

Wine and Society University of Oregon
ERIC Clearinghouse on Educational Management

Child soldiers are generally perceived as faultless, passive victims. This ignores that the roles of child soldiers vary, from innocent abductee to wilful perpetrator. This book argues that child soldiers should be judged on their actions and that treating them like a homogenous group prevents them from taking responsibility for their acts.

Mordante rencontre Orbit

In *Black Madness :: Mad Blackness* Therí Alyce Pickens rethinks the relationship between Blackness and disability, unsettling the common theorization that they are mutually constitutive. Pickens shows how Black speculative and science fiction authors such as Octavia Butler, Nalo Hopkinson, and Tananarive Due craft new worlds that reimagine the intersection of Blackness and madness. These creative writer-theorists formulate new parameters for thinking through Blackness and madness. Pickens considers Butler's *Fledgling* as an

archive of Black madness that demonstrates how race and ability shape subjectivity while constructing the building blocks for antiracist and anti-ableist futures. She examines how Hopkinson's *Midnight Robber* theorizes mad Blackness and how Due's African Immortals series contests dominant definitions of the human. The theorizations of race and disability that emerge from these works, Pickens demonstrates, challenge the paradigms of subjectivity that white supremacy and ableism enforce, thereby pointing to the potential for new forms of radical politics.

The Bible in Music Rowman & Littlefield

An Iraq war comedy that “is everything that terrible conflict was not: beautifully planned and perfectly executed; funny and smart and lyrical; a triumph” (Darin Strauss, author of *Half a Life*). *Fobbit* ‘fä-bit, noun. Definition: A US soldier stationed at a Forward Operating Base who avoids combat by remaining at the base, esp. during Operation Iraqi Freedom (2003–2011). Pejorative. In the satirical tradition of *Catch-22* and *M*A*S*H*, *Fobbit*, a New York Times Notable Book, takes us into the chaotic world of Baghdad’s Forward Operating Base Triumph. The Forward Operating base, or FOB, is like the back-office of the battlefield—where people eat and sleep, and where a lot of soldiers have what looks suspiciously like a desk job. Male and female soldiers are trying to find an empty Porta Potty in which to get acquainted, grunts are playing Xbox and watching NASCAR between missions, and a lot of the senior staff are more concerned about getting to the chow hall in time for the Friday night all-you-can-eat seafood special than worrying about little things like military strategy. Darkly

humorous and based on the author’s own experiences in Iraq, *Fobbit* is a fantastic debut that shows us a behind-the-scenes portrait of the real Iraq war. “This novel nails the comedy and the pathos, the boredom and the dread, crafting the Iraq War’s answer to *Catch-22*.” —Publishers Weekly, starred review

Fobbit Peter Lang

Je suis Siobhan, une sorcière Fille d'Odin, le Fléau. Tueuse à gages froide et insensible, personne n'a envie de croiser mon chemin. On me paye cher pour débarrasser la Terre des monstres. Et je ne boude pas mon plaisir, surtout quand ce sont des vampires ! Ma dernière mission avant de raccrocher : obtenir ma vengeance. Les macchabées sanguinaires qui ont assassiné ma mère lorsque je n'étais qu'un bébé ne resteront pas impunis ! Pour ça, je dois infiltrer leur repaire. Ce n'est plus un souci quand mon chemin croise Corbeau, le numéro deux du district de Rodez. Pourquoi cette rencontre bouleverse-t-elle complètement mes repères ? Je dois pourtant rester ferme pour parvenir à mes fins et enfin tourner la page ! Siobhan, Fille d'Odin est une série d'Urban fantasy où l'héroïne devra abandonner ses croyances et ses préjugés afin de se transcender et de devenir une grande prêtresse. Le tome 2 - Amère vengeance sortira en octobre 2019.

They Aren't, Until I Call Them John Wiley & Sons

If you lost a piece of your memory...Would you trust yourself to have made the right choices...In the moments you can't remember.The Ferox assault has been escalating, drawing Jonathan into combat more and more frequently. With each passing day, he's grown stronger. He can't be certain, but

his attackers seem to be getting... more dangerous'...and, of course, Heyer is gone, again. Then came the glitch. Unexpectedly pulled from battle, Jonathan finds he cannot recall the final moments of his last confrontation. Convinced that his memory loss was no accident, he must uncover the truth. His only leads are a less than helpful artificial alien intelligence, and Rylee, a mysterious and possibly crazy woman, who seems to think they share a history he doesn't remember. With no means to contact the only being who can give him answers, and knowing he has gaps in his memory, Jonathan must make every move uncertain of the consequences. The blond man better show up soon, because events hidden in Jonathan's lost memories may trigger a war humanity isn't ready to fight. *The Never Paradox* is book two in *The Chronicles of Jonathan Tibbs*, readers who have not yet completed book one, *The Never Hero*, will have difficulty following. Parental Warning: This series attempts to keep swearing to a minimum. However, the sequel has one unavoidable usage of the F-word. This is due to its presence in a direct quote taken from another piece of fiction.

The Never Paradox Pluto Press
Jessamy Harrison is eight years old. Sensitive, whimsical, possessed of a powerful imagination, she spends hours writing, reading or simply hiding in the dark warmth of the airing cupboard. As the half-and-half child of an English father and a Nigerian mother, Jess just

can't shake off the feeling of being alone wherever she goes, and other kids are wary of her terrified fits of screaming. When she is taken to her mother's family compound in Nigeria, she encounters Titiola, a ragged little girl her own age. It seems that at last Jess has found someone who will understand her. TillyTilly knows secrets both big and small. But as she shows Jess just how easy it is to hurt those around her, Jess begins to realise that she doesn't know who TillyTilly is at all.

4- Nouvelle ère Sydney University Press

What if when you died, no one would ever know you were all that stood between man and the enemy? When Jonathan Tibbs awakes in a puddle of his own blood, there isn't a scratch on him to explain it. In the weeks to follow, he comes to find he's been drafted for a war with a violent otherworldly species. A war that only he can remember. Now, the man Jonathan imagined himself becoming is no longer the man who can endure his future. The first installment in this science fiction action adventure series, *The Never Hero* is a gritty and honest look at the psychological journey of a man forced to forge himself into a weapon. Abandoned with little guidance, and at the mercy of a bargain struck far outside his reach, Jonathan races to unlock the means to surmount the odds, and understand the mystery behind a conflict raging outside of time and memory. In the end, the real question is what Jonathan is willing to become to save a planet that will never see his sacrifice.

Illustrated Textbook of Paediatrics
Angélique MALAKH

Thoroughly revised and updated, the fifth edition of this prize-winning title retains the high level of illustration and

accessibility that has made it so popular worldwide with medical students and trainees approaching clinical specialty exams. Illustrated Textbook of Paediatrics has been translated into eight languages over its life. Case studies. Summary boxes. Tips for patient education. Highly illustrated with 100s of colour images. Diseases consistently presented by Clinical features; Investigations; Management; Prognosis; and, where appropriate, Prevention. Separate chapters on Accidents Child protection Diabetes and endocrinology Inborn Errors of Metabolism New chapter on Global child health New co-editor, Will Carroll, Chair of MRCPCH Theory Examinations.

Animal Death Bloomsbury Publishing Open publication This unique volume offers an overview of the diversity in research on communication: including perspectives from biology, sociality, economics, norms and human development. It includes general social science and humanities approaches to communication, from systems theory to cultural theory, as well as perspectives more specifically related to communication acts, such as linguistics and cognition. The volume also features chapters on the participants and various elements in communication processes, on possible effects and on wider consequences of mediation [with technical media]. The scope of the contributions is global, and the volume is relevant to both the empirical and the philosophical traditions in human sciences. Designed as a stand-alone collection to engage undergraduates as well as postgraduates and academics, this is also the first book in, and an introduction to, the de Gruyter Mouton multi-volume Handbooks of Communication Science.

Reading Today Angélique MALAKH

The past is what happened. History is what we remember and write about that past, the narratives we craft to make sense out of our memories and their sources. But what does it mean to look at the past and to remember that "nothing happened"? Why might we feel as if "nothing is the way it was"? This book transforms these utterly ordinary observations and redefines "Nothing" as something we have known and can remember. "Nothing" has been a catch-all term for everything that is supposedly uninteresting or is just not there. It will take some—possibly considerable—mental adjustment before we can see Nothing as Susan A. Crane does here, with a capital "n." But Nothing has actually been happening all along. As Crane shows in her witty and provocative discussion, Nothing is nothing less than fascinating. When Nothing has changed but we think that it should have, we might call that injustice; when Nothing has happened over a long, slow period of time, we might call that boring. Justice and boredom have histories. So too does being relieved or disappointed when Nothing happens—for instance, when a forecasted end of the world does not occur, and millennial movements have to regroup. By paying attention to how we understand Nothing to be happening in the present, what it means to "know Nothing" or to "do Nothing," we can begin to ask how those experiences will be remembered. Susan A. Crane moves effortlessly between different modes of seeing Nothing, drawing on visual analysis and cultural studies to suggest a new way of thinking about history. By remembering how Nothing happened, or how Nothing is the way it was, or how Nothing has changed, we can recover histories that were there

all along.

A Box of Darkness Duke University Press
There have been numerous publications in the last decades on the Bible in literature, film, and art. But until now, no reference work has yet appeared on the Bible as it appears in Western music. In *The Bible in Music: A Dictionary of Songs, Works, and More*, scholars Siobhán Dowling Long and John F. A. Sawyer correct this gap in Biblical reference literature, providing for the first time a convenient guide to musical interpretations of the Bible. Alongside examples of classical music from the Middle Ages through modern times, Dowling Long and Sawyer also bring attention to the Bible's impact on popular culture with numerous entries on hymns, spirituals, musicals, film music, and contemporary popular music. Each entry contains essential information about the original context of the work (date, composer, etc.) and, where relevant, its afterlife in literature, film, politics, and liturgy. It includes an index of biblical references and an index of biblical names, as well as a detailed timeline that brings to the fore key events, works, and publications, placing them in their historical context. There is also a bibliography, a glossary of technical terms, and an index of artists, authors, and composers. *The Bible in Music* will fascinate anyone familiar with the Bible, but it is also designed to encourage choirs, musicians, musicologists, lecturers, teachers, and students of music and religious education to discover and perform some less well-known pieces, as well as helping them to listen to familiar music with a fresh awareness of what it is

about.

The New York Times Index Angélique MALAKH

Divided into four parts, this book examines the context of wine production, the wine consumer, and the social context of wine. It discusses themes like the historical, geographical, and cultural factors and the way they shape wine production and consumption, wine production, marketing differentiation, the contemporary wine consumer and lifestyle factors, and politics and the economics of wine. (Midwest).
