From the New York Times–bestselling coauthors: A “fascinating . . . unrivaled” history of the B-29 and its fateful mission to drop the atomic bomb on Hiroshima (The New York Times Book Review). Painstakingly researched, the story behind the decision to send the Enola Gay to bomb Hiroshima is told through firsthand sources. From diplomatic moves behind the scenes to Japanese actions and the US Army Air Force’s call to action, no detail is left untold. Touching on the early days of the Manhattan Project and the first inkling of an atomic bomb, investigative journalist Gordon Thomas and his writing partner Max Morgan-Witts, take WWII enthusiasts through the training of the crew of the Enola Gay and the challenges faced by pilot Paul Tibbets. A page-turner that offers “minute-by-minute coverage of the critical periods” surrounding the mission, Enola Gay finally separates myth and

reality from the planning of the flight to the moment over Hiroshima when the atomic age was born (Library Journal).

El Romanç d’Evast e Blaquerna és l’obra de Lull més fàcilment homologable amb una novel·la. De fet, el seu títol remet a la voluntat de l’autor d’entroncar amb la tradició narrativa romànica. La present edició crítica és la primera que té en compte la totalitat de la tradició manuscrita i impresa, en català, occità, francès i llatí.
