**The Mental Game Of Baseball** Simon and Schuster

Baseball Hacks isn't your typical baseball book--it's a book about how to watch, research, and understand baseball. It's an instruction manual for the free baseball databases. It's a cookbook for baseball research. Every part of this book is designed to teach baseball fans how to do something. In short, it's a how-to book--one that will increase your enjoyment and knowledge of the game. So much of the way baseball is played today hinges upon interpreting statistical data. Players are acquired based on their performance in statistical categories that ownership deems most important. Managers make in-game decisions based not on instincts, but on probability - how a particular batter might fare against

left-handedpitching, for instance. The goal of this unique book is to show fans all the baseball-related stuff that they can do for free (or close to free). Just as open source projects have made great software freely available, collaborative projects such as Retrosheet and Baseball DataBank have made great data freely available. You can use these data sources to research your favorite players, win your fantasy league, or appreciate the game of baseball even more than you do now. Baseball Hacks shows how easy it is to get data, process it, and use it to truly understand baseball. The book lists a number of sources for current and historical baseball data, and explains how to load it into a database for analysis. It then introduces several powerful statistical tools for understanding data and forecasting results. For the uninitiated baseball fan, author Joseph Adler walks readers through the core statistical

categories for hitters (batting average, on-base percentage, etc.), pitchers (earned run average, strikeout-to-walk ratio, etc.), and fielders (putouts, errors, etc.). He then extrapolates upon these numbers to examine more advanced data groups like career averages, team stats, season-by-season comparisons, and more. Whether you're a mathematician, scientist, or season-ticket holder to your favorite team, *Baseball Hacks* is sure to have something for you. Advance praise for *Baseball Hacks*: "Baseball Hacks is the best book ever written for understanding and practicing baseball analytics. A must-read for baseball professionals and enthusiasts alike." -- Ari Kaplan, database consultant to the Montreal Expos, San Diego Padres, and Baltimore Orioles "The game was born in the 19th century, but the passion for its analysis continues to grow into the 21st. In *Baseball Hacks*, Joe Adler not only demonstrates that the latest data-mining technologies have useful application to the study of baseball statistics, he also teaches the reader how to do the analysis himself, arming the dedicated baseball fan with tools to take his understanding of the game to a higher level." -- Mark E. Johnson, Ph.D., Founder, SportMetrika, Inc. and Baseball Analyst for the 2004 St. Louis Cardinals

**My Favorite Sport: Football** Lerner Publishing Group  
 New York Public Library Best Books for Kids 2016 2017 Storytelling World Resource Award Honor Book 2017 Best Children's Books of the Year, Bank Street College "[Churnin] tells William's story patiently and clearly, with a wonderfully matter-of-fact tone about the ways a deaf person navigates life."—New York Times Book Review "A rewarding read-aloud choice for baseball fans."—Booklist

"A moving tribute to a hero."—Kirkus Reviews William Hoy's love for baseball changed the sport forever. All William Ellsworth Hoy wanted to do was play baseball. After losing out on a spot on the local deaf team, William practiced even harder—eventually earning a position on a professional team. But his struggle was far from over. In addition to the prejudice Hoy faced, he could not hear the umpires' calls. One day he asked the umpire to use hand signals: strike, ball, out. That day he not only got on base but also changed the way the game was played forever. William "Dummy" Hoy became one of the greatest and most beloved players of his time.

*Make Me the Best Baseball Player* John Wiley & Sons

"Author Ken Mochizuki reads his award-winning book. There is some soft background music, and a few gentle sound effects, but the power of the words need little embellishment...This treasure of a book is well-treated in this format." - School Library Journal

My First Baseball Book Vintage

Named a Best Book of 2020 by NPR and Lit Hub. A Los Angeles Times Bestseller. A New York Times Book Review Editors' Choice "In *The Cactus League* [Emily Nemens] provides her readers with what amounts to a miniature, self-enclosed world that is funny and poignant and lovingly observed." --Charles McGrath, *The New York Times Book Review* An explosive, character-driven odyssey through the world of baseball Jason Goodyear is the star outfielder for the Los Angeles Lions, stationed with the rest of his team in the punishingly hot Arizona desert for their annual spring training. Handsome, famous, and talented, Goodyear is nonetheless coming apart at the seams. And the coaches, writers, wives, girlfriends, petty criminals, and diehard fans following his every move are eager to find out why—as they hide secrets of their own. Humming with the energy of a ballpark before the first pitch, Emily Nemens's *The Cactus League* unravels the tightly

connected web of people behind a seemingly linear game. Narrated by a sportscaster, Goodyear's story is interspersed with tales of Michael Taylor, a batting coach trying to stay relevant; Tamara Rowland, a resourceful spring-training paramour, looking for one last catch; Herb Allison, a legendary sports agent grappling with his decline; and a plethora of other richly drawn characters, all striving to be seen as the season approaches. It's a journey that, like the Arizona desert, brims with both possibility and destruction. Anchored by an expert knowledge of baseball's inner workings, Emily Nemens's *The Cactus League* is a propulsive and deeply human debut that captures a strange desert world that is both exciting and unforgiving, where the most crucial games are the ones played off the field.

**A Big Day for Baseball** Capstone

From the arrival at the stadium to the last goodnight, *Goodnight Baseball* is a sweet, nostalgic tale—told in gentle, fun rhyme—about the thrill of a baseball game.

*The Best of Everything Baseball Book*

Albert Whitman & Company

A great overview for novices and a precise reference guide for devoted fans! Admit it: Even if you're a die-hard fan of our national pastime, sometimes an umpire's call can be baffling. And for newer fans, Major League Baseball's nuanced rules—developed and revised over many decades—can be downright perplexing. Now updated throughout with the latest changes, including specifications about the universal designated hitter and limits on defensive shifts, the *Baseball Field Guide* lays out every rule in plain English. You'll learn to answer all these questions and more: Do you know the twenty-two ways a pitcher can be charged with a balk? Can you list

all seven ways a batter can safely get to first base? Obstruction or interference—who's at fault when things get rough? What are the rules that apply before and after a game? What happens when spectators are the ones who misbehave? How well do you understand the infamous Infield Fly Rule (and why does it exist)? This is the clearest explanation anywhere of the rules of baseball. Designed for quick and intuitive searches, this entertaining reference will help you understand every aspect of the game and add to your enjoyment of the sport.

**We Are the Ship** Rowman & Littlefield  
Propounding his "small ball theory" of sports literature, George Plimpton proposed that "the smaller the ball, the more formidable the literature." Of course he had the relatively small baseball in mind, because its literature is formidable--vast and varied, instructive, often wildly entertaining, and occasionally brilliant. From this bewildering array of baseball books, Ron Kaplan has chosen 501 of the best, making it easier for fans to find just the books to suit them (or to know what they're missing). From biography, history, fiction, and instruction to books about ballparks, business, and rules, anyone who loves to read about baseball will find in this book a companionable guide, far more fun than a reference work has any right to be.

**The Everything Kids' Baseball Book**

Baseball. Bat. Glove. Catch. This First Book is a home run!

**Baseball Hacks** John Wiley & Sons  
THE ULTIMATE BASEBALL BOOK has more than lived up to its name.

Spanning the complete history of the sport from the fledgling leagues in the late 1870s to the powerhouses of the 1990s and revealing in the process what a remarkable effect baseball has had on our collective experience, this is THE book for any and all baseball fans, certain to grace coffee and bedside tables alike. Designed with that wonderful nostalgia that the sport itself so often evokes, THE ULTIMATE BASEBALL BOOK combines timeless images with a sweeping narrative history as well as essays on various idols and icons by such heavy hitters as Red Smith, Wilfrid Sheed, Roy Blount, Jr., Tom Wicker, and George Will. This new edition covers baseball through the nineties, the decade when home run records fell and the sport reclaimed its hold on America, and celebrates the national game in ultimate style.

Rob Neyer's Big Book of Baseball

Blunders Charlesbridge Publishing

If you are a baseball fan, then coaching youth baseball is one the most enjoyable and rewarding activities you'll

experience. But what if you've never coached before? Or you haven't played the game in a while and have forgot some key points to the sport? No worries! Coaching Baseball for Dummies guides you through the rules of the game, explaining all the essential skills and the best ways to teach them to your players. Covering different age groups and great practice routines, this guide is

all you need to have a fun-filled season. You'll discover how to: Fulfill the role of being a coach and parent Develop a coaching philosophy Understand how your league works Evaluate your team Teach your players fundamentals Understand all kinds of children Create your practice plan Prepare for game day Overcome challenges and problems This plain-English guide also shows you how to run all kinds of drills, from hitting and pitching to fielding and base running. And when your team is tense or low on morale, it shows you how to relax your players and keep them focused on the game. There are also suggestions for making your season, and theirs, a memorable one. *Coaching Baseball for Dummies* shows you how much fun it can be to train kids to be athletes, have good sportsmanship, and work together as a team.

**Barbed Wire Baseball For Dummies** So you're thinking about volunteering to coach youth basketball? Great! You're in for a fun, rewarding experience. Whether you're new to the sport and looking for some guidance or you're a seasoned coach hunting for some fresh tips, *Coaching Basketball For Dummies* will help you command the court with confidence. Each friendly chapter is packed with expert advice on teaching the basics of basketball—from dribbling and shooting to rebounding and defending—and guiding your kids to a fun-filled, stress-free season. You get a crash course in the rules and regulations of the game, as well as clear explanations of what all those lines, circles, and half-circle markings mean on the court. You'll assign team positions, run great practices, and work with both beginning and intermediate players of different age groups. You'll also see how to ramp up your players' skills and lead

your team effectively during a game. This book will also help you discover how to: Develop your coaching philosophy Understand your league's rules Conduct a preseason parents' meeting—crucial for opening the lines of communication Teach offensive and defensive strategies Keep your kids healthy and injury-free Encourage good sportsmanship Make critical half-time adjustments during a game Help struggling players Address discipline problems and handle difficult parents Coach an All-Star or Travel team Complete with numerous offensive and defensive drills and tips for helping your kids relax before a game, *Coaching Basketball For Dummies* is the fun and easy way to get the score on this worthwhile endeavor!
