“Slam-bang... superb... masterful... gripping... marvelous.”—Washington Post How is tonight different from all other nights? For Jacob Rappaport, a Jewish soldier in the Union Army, it is a question his commanders have answered for him: on Passover, 1862, he is ordered to murder his own uncle, who is plotting to assassinate Abraham Lincoln. After this harrowing mission, Jacob is recruited to pursue another enemy agent—this time not to murder the spy, but to marry her. Based on real historical figures, this eagerly awaited novel from award-winning author Dara Horn delivers multilayered, page-turning storytelling at its best.

All Other Nights: A Novel Clipper Audio

The first-ever book to tell Nelson Mandela's life through the eyes of the grandson who was raised by him, chronicling Ndaba Mandela's life living with, and learning from, one of the greatest leaders and humanitarians the world has ever known. To the rest of the world, Nelson Mandela was a giant: an anti-apartheid revolutionary, a world-renowned humanitarian, and South Africa's first black president. To Ndaba Mandela, he was simply "Granddad." In *Going to the Mountain*, Ndaba tells how he came to live with Mandela shortly after he turned eleven--having met each other only once, years before, when Mandela was imprisoned at Victor Verster Prison--and how the two of them slowly, cautiously built a relationship that would affect both their lives in extraordinary ways. It wasn't an easy transition. Mandela had high expectations for those around him, especially his family, and Ndaba chafed at the strict rules and exacting guidelines in his grandfather's home. But at the same time--through overheard calls from foreign dignitaries as well as the Xhosa folk wisdom that his grandfather shared with him at every opportunity--Ndaba was learning how to be a man. On a scale both personal and epic, Ndaba's extraordinary journey mirrors that of South Africa's coming of age--from the segregated Soweto ghettos into which he was born to the privileged life in which he grew up and the turbulent yet exciting times in which he carries on his grandfather's legacy. Going to the Mountain is, in the end, a story about unlocking the power within each of us. It's a cautionary tale about how a child's life can go one way or the other, depending upon the intervention of a caring soul--and about the awesome power of love to serve as a catalyst for change.

In this “slyly subversive, semi-autobiographical” novel “of Arab Israeli life,” a Palestinian man struggles against the strict confines of identity (Publishers Weekly). In Sayed Kashua’s debut novel, a nameless anti-hero contends with the legacy of a grandfather who died fighting the Zionists in 1948, and a father who was jailed for blowing up a school cafeteria in the name of freedom. When the narrator is granted a scholarship to an elite Jewish boarding school, his family rejoices, dreaming that he will grow up to be the first Arab to build an atom bomb. But to their dismay, he turns out to be a coward devoid of any national pride; his only ambition is to fit in with his Jewish peers who reject him. He changes his clothes, his accent, his eating habits, and becomes an expert at faking identities, sliding between different cultures, schools, and languages, and eventually a Jewish lover and an Arab wife. With refreshing candor and self-deprecating wit, *Dancing Arabs* is a “chilling, convincing tale” of one man’s struggle to disentangle his personal and national identities, only to tragically and inevitably forfeit both (Publishers Weekly). “Rings out on every page with a compelling sense of human truth” —Kirkus Reviews “Despite its dark prognosis, there is a lightness and dry humor that lifts it with the kind of wings its protagonist once hoped for.” —Booklist

Nero Wolfe was almost as famous for his wealthy clients and extravagant fees as for his genius at detection. So why has he accepted a case for \$4.30? Princess Mirror-Belle and Snow White Little, Brown Books for Young Readers

Fears, anxieties, traumas, and physical and emotional shocks imprint on the body and remain dormant in its vast memory store until they are roused by an event or encounter. They may manifest in a different form or place—a fearful incident may transform itself into a stomachache or a headache, or even a chronic disease. Pain creates its own path. In particular, psychological and emotional stresses affect the functioning of the internal organs. In *Understanding the Messages of Your Body*, Dr. Jean-Pierre Barral explains the relationships that exist between internal organs and emotions, to allow us to free ourselves from the effects of present and past tensions and traumas. The book opens with an explanation of the body-mind relationship and goes on to show how physical-emotional therapy works based on examples from Dr. Barral's clinical practice. The second part of the book offers detailed analyses of various "types" of human personality and the physical-emotional complexes and related organ dysfunctions that accompany them. The author offers advice and encouragement to improve physical, psychological, and emotional health, and recommends physical exercises, psychotherapeutic approaches, and dietary plans that can be used by both professional therapists and the average reader.
