Today, jazz history is dominated by iconic figures who have taken on an almost God-like status. From Satchmo to Duke, Bird to Trane, these legendary jazzmen form the backbone of the jazz tradition. Jazz icons not only provide musicians and audiences with

figureheads to revere but have also come to stand for a number of values and beliefs that shape our view of the music itself. *Jazz Icons* explores the growing significance of icons in jazz and discusses the reasons why the music's history is increasingly dependent on the legacies of 'great men'. Using a series of individual case studies, *Whyton* examines the influence of jazz icons through different forms of historical mediation, including the recording, language, image and myth. The book encourages readers to take a fresh look at their relationship with iconic figures of the past and challenges many of the dominant narratives in jazz today.

Have you ever wondered how guitarists like Joe Pass, Jim Hall and Wes

Montgomery find such full, luscious voicings for their chord melody playing? Well, much of that sound is based on the "Drop 2" principle of chord voicings. In this book, veteran guitarist Randy Vincent explains exactly how you can get that same sound too. Endorsed by Julian Lage, John Stowell, Larry Koonse, etc.

The Jazz Language: A Theory Text for Jazz Composition and Improvisation Hal Leonard Corporation

For many, the story of jazz guitar begins with Charlie Christian. In 1939, at 23 years old, Charlie joined the Benny Goodman Sextet, already one of the most famous jazz bands in the world. Over the next two years of his all-too-brief life Charlie redefined the role of jazz guitar, expanding it from its role in

the rhythm section to that of lead instrument on par with the great horn players. Simultaneously, his late-night jam sessions alongside Thelonious Monk, Dizzy Gillespie, Charlie Parker, and Kenny Clarke at Harlem's renowned Minton's jazz club led to a revolutionary new jazz called Bebop. To best understand Charlie Christian's approach to improvising, for each song this book provides multiple examples of his soloing. Comparing and contrasting these different solos---taken from alternate takes, various recording sessions, and live radio broadcasts---will give you a better sense of not only Charlie's core concepts, but also how he developed a variety of ideas out of them. Each song is presented with performance notes that include

information about the recordings (date, place, personnel, etc.), a lead sheet for the composition, and transcriptions of the live and studio performances placed in chronological order---in both standard notation and tablature. In addition, there is a full analysis of his improvisation style to give you ideas on what to look out for. We've also included a bio, a discussion of his gear, and tributes from over 30 jazz greats. Featuring multiple solos from: * As Long as I Live * Benny's Bugle * Boy Meets Goy (Grand Slam) * Flying Home * Gone with "What" Wind * Good Enough to Keep (Air Mail Special) * Honeysuckle Rose * I've Found a New Baby * Rose Room * The Sheik of Araby
