MONROE TRINITY

Zero Hour Simon and Schuster

A cargo ship is apprehended by the authorities off the coast of Spain, packed with enough arms and ammunition to start a war. Twenty years later, an unknown aggressor seems intent on taking out those responsible for the treachery - one by one. The last victim was brutally tortured with a Black & Decker drill and then shot through the head at point-blank range. And Nick Stone - ex-SAS, tough, resourceful, ruthless, highly trained - is next on the killer's list. He has only two options - fight or flight - but which do you choose when you don't know who you are up against?

Brute Force Bantam Press

Ex-SAS, ex-Black Ops, Nick Stone is back in action in his most heart-stopping adventure yet. When a young trooper is shot in the head at the Regiment's renowned Killing House, Nick Stone is perfectly qualified to investigate the mysterious circumstances more deeply. He has just returned from Moscow -- still trying to come to terms with the fact that his girlfriend and baby son are safer there without him -- so combines an unrivalled understanding of the Special Forces landscape with a detachment that should allow him to remain in cover. But less than forty-eight hours later, a second death catapults him back into the firing line -- into the telescopic sights of an unknown assassin bent on protecting a secret that could strike at the heart of the establishment that Stone has, in his maverick fashion, spent most of his life fighting to protect. And now the clock is ticking, Stone hurtles from the solitude of a remote Welsh confession to Glencoe -- whose shadows still whisper of murder and betrayal -- and on to Southern Spain, in an increasingly desperate quest to uncover the truth about a chain of events that began in the darkness of an Afghan hillside, and left a young man haunted by the never-ending screams of a friend the Taliban skinned alive. Nick Stone's most heart-stopping adventure yet will force the reader to recognise the thinness of the line that separates sacrifice from suicide, to share the nightmares that walk hand in hand with heroism -- and to count the real cost of actions taken in the name of loyalty.

Zero Hour Penguin

Ex-deniable operator Nick Stone has spent a lifetime in harm's way - but when someone he cares for very deeply is murdered in cold blood, he can no longer just take the pain. A high-level internecine conflict at the dark heart of the resurgent Russian Empire and an assassin's bullet on an isolated Alpine pass propel him from an apparently run-of-the-mill close-protection task into his most brutal and challenging mission yet. As the body count increases, Stone becomes one of Europe's Most Wanted. He must evade the elite police forces of three nations in his pursuit of faceless men who trade in human misery, and a lone wolf terrorist who threatens to unleash the Western World's worst nightmare. Vengeance of the most explosive kind is top of Stone's agenda. The fuse has been ignited - but who really holds the detonator?

Road to Revolution Mountain Leopard Press

Nick Stone's future looks bleak. The only person he's ever loved is dead. The only people who might save him have turned their backs. What seems a simple quest in Baghdad takes Stone into the heart of a chilling conspiracy, from violent Bosnia, through lightning-paced action in Iraq. But too late, he realizes that he is being used as bait to lure into the open a man he believes can offer some salvation. A man whom the darker forces of the West will stop at nothing to destroy.

The Blitz Companion offers a unique overview of a century of aerial warfare, its impact on cities and the people who lived in them. It tells the story of aerial warfare from the earliest bombing raids and in World War I through to the London Blitz and Allied bombings of Europe and Japan. These are compared with more recent American air campaigns over Cambodia and Vietnam in the 1960s and 1970s, the NATO bombings during the Balkan Wars of the 1990s, and subsequent bombings in the aftermath of 9/11. Beginning with the premonitions and predictions of air warfare and its terrible consequences, the book focuses on air raids precautions, evacuation and preparations for total war, and resilience, both of citizens and of cities. The legacies of air raids, from reconstruction to commemoration, are also discussed. While a key theme of the book is the futility of many air campaigns, care is taken to situate them in their historical context. *The Blitz Companion* also includes a guide to documentary and visual resources for students and general readers. Uniquely accessible, comparative and broad in scope this book draws key conclusions about civilian experience in the twentieth century and what these might mean for military engagement and civil reconstruction processes once conflicts have been resolved.
