**EMQ's for the MRCOG Part 2 in Gynaecology** Springer Nature

Trainees in Obstetrics and Gynaecology require robust operative skills, yet factors such as the implementation of structured training and increased litigation concerns have significantly limited training time. Whilst conventional textbooks are sufficient for presenting theoretical knowledge, they are inadequate in explaining practical procedures. *How to Perform Operative Procedures in Obstetrics and Gynaecology* thoroughly describes many key index operations in the Royal College of Obstetricians and Gynaecologists training syllabus, offering an innovative, media-rich approach to the subject. Written by a team of O&G practitioners, this unique resource combines concise written instructions, full-colour pictures and diagrams, and hours of high-quality video footage of real-life operations, narrated by experienced NHS consultants. Specialty trainees, MRCOG candidates and post-MRCOG doctors are provided clear, easy-to-follow guidance on procedures including assisted vaginal delivery, Caesarean section, abdominal hysterectomy, diagnostic and operative laparoscopy, cone biopsy, rigid cystoscopy and many others. Features a companion website containing more than six hours of video tutorials, vignettes and personal experiences Includes a colour WHO Surgical Safety Checklist Discusses non-technical aspects such as consent and understanding human factors Covers surgical instruments, surgical positioning, and sutures and needles Offers introductions, overviews, and "Top Tips" for each procedure to highlight important learning points An ideal study guide and reference for individual and group work alike, *How to Perform Operative Procedures in Obstetrics and Gynaecology* is indispensable for specialty trainees and those preparing for MRCOG examinations.

**SBA Questions for the Part 2 MRCOG** CreateSpace

The examination for Membership of the Royal College of Obstetricians and Gynaecologists (MRCOG) remains one of the most internationally recognised postgraduate examinations in the specialty. Over the years, the examination has evolved in keeping with changes in medical education; the Part 2 examination now consists of two papers made up of Single Best Answer (SBA) questions and Extended Matching Questions (EMQ). This invaluable resource consists of 400 SBA questions (200 in Obstetrics and 200 in Gynaecology), followed by 400 EMQs (200 in Obstetrics and 200 in Gynaecology), grouped into papers, to provide enough material to guide preparations and to give some practice experience of the examination formats. All the questions have answers with explanations and sources of evidence. In preparing for the examination, candidates should make repeated references to these sources of evidence. There is also general advice on how to prepare for the examination and discussion of the reasons why trainees fail the examination.

#### SBAs and EMQs for the MRCOG Part 2 CRC Press

This title includes Foreword by David Taylor, Professor and Vice Dean of Leicester Medical School. Preparing for the Part 2 MRCOG examination remains a daunting and complex task, particularly as learning and revision often need to fit around clinical commitments. Much has been written about how to prepare for and pass exams, yet it remains surprising how often well-read candidates provide unsatisfactory answers in areas which they know well. Clearly, a sound understanding of the topic area is essential, but deeper knowledge also increases uncertainty, and the vast developments in the field mean that proficiency in all areas is next to impossible. Thus a critical point for postgraduate candidates, who more often than not will prepare for the examination in isolation, is to develop a real understanding of what the examination is meant to assess...This revision aid in obstetrics and gynaecology is based on the Extended Matching Question format (EMQ). It contains forty-two questions of varying degrees of difficulty, along with detailed answers. "MRCOG Part 2 Essential EMQs" is an indispensable study and revision aid for postgraduate medical students preparing for Part 2 of the Membership of the Royal College of Gynaecologists (MRCOG) examination

or equivalent. "The number of published revision aids including this question format in postgraduate Obstetrics and Gynaecology remains limited. With this book we wanted to produce a comprehensive selection of EMQ, covering broad areas relevant to the speciality, which would be useful those preparing for postgraduate examinations at Part 2 MRCOG level or equivalent." - Marwan Habiba, Andrea Akkad, Justin Konje.
