Those stories you hear? The ones about things that only come out at night? Things that feed on blood, feed on us? Got news for you: they're true. Only it's not like the movies or old man Stoker's storybook. It's worse. Especially if you happen to be one of them. Just ask Joe Pitt. There's a shambler on the loose. Some fool who got himself infected with a flesh-eating bacteria is lurching around, trying to munch on folks' brains. Joe hates shamblers, but he's still the one who has to deal with them. That's just the kind of life he has. Except afterlife might be better word. From the Battery to the Bronx, and from river to river, Manhattan is crawling with Vampyres. Joe is one of them, and he's not happy about it. Yeah, he gets to be stronger and faster than you, and he's tough as nails and hard to kill. But spending his nights trying to score a pint of blood to feed the Vyrus that's eating at him isn't his idea of a good time. And Joe doesn't make it any easier on himself. Going his own way, refusing to ally with the Clans that run the undead underside of Manhattan—it ain't easy. It's worse once he gets mixed up with the Coalition—the city's most powerful Clan—and finds himself searching for a poor little rich girl who's gone missing in Alphabet City. Now the Coalition and the girl's high-society parents are breathing down his neck, anarchist Vampyres are pushing him around, and a crazy Vampyre cult is stalking him. No time to complain, though. Got to find that girl and kill that shambler before the whip comes down . . . and before the sun comes up.

In her new novel, perennial bestseller Anne Rice fuses her two uniquely seductive strains of narrative -- her Vampire legend and her lore of the Mayfair witches -- to give us a world of classic deep-south luxury and ancestral secrets. Welcome to Blackwood Farm: soaring white columns, spacious drawing rooms, bright, sun-drenched gardens, and a dark strip of the dense Sugar Devil Swamp. This is the world of Quinn Blackwood, a brilliant young man haunted since birth by a mysterious doppelgänger, "Goblin," a spirit from a dream world that Quinn can't escape and that prevents him from belonging anywhere. When Quinn is made a Vampire, losing all that is rightfully his and gaining an unwanted immortality, his doppelgänger becomes even more vampiric and terrifying than Quinn himself. As the novel moves backwards and forwards in time, from Quinn's boyhood on Blackwood Farm to present day New Orleans, from ancient Athens to 19th-century Naples, Quinn seeks out the legendary Vampire Lestat in the hope of freeing himself from the spectre that draws him inexorably back to Sugar Devil Swamp and the explosive secrets it holds. A story of youth and promise, of loss and the search for love, of secrets and destiny, Blackwood Farm is Anne Rice at her mesmerizing best.

When I get email regarding my books, more often than not that mail consists of a single question: Who's Fang? Fang, for those of you who have not read my vampire mystery novel, MOON

DANCE, is Samantha Moon's online confidant. Although I always suspected his role would expand in future books, little is explained about who Fang is or where he comes from. Well, considered his role expanded. At least for the time being. "Teeth" is his story. Or, rather, his backstory, in which the question is asked: What happens when a child is born with a rare throwback gene, a gene that produces two exceptionally long teeth? Also included in the collection: "My Father's Eyes" - Death comes to a small bar in Los Angeles...and orders a beer. "The Fridge" - A man buying a state-of-the-art refrigerator gets much more than he bargained for. "Die Spy" - A spy very much comes out of the cold. "Step On a Crack" - An old curse with a modern twist. "Two Ghosts" - Two lost souls come together at last.
