EVIL THINGS COME IN
SMALL PACKAGES Jousting
contests, human chess

matches, lords and ladies
and beggars...a traveling
Renaissance fair has
come to Sunnydale. The
fair may seem terminally

uncool, but Buffy and her friends are charmed anyway. Especially by a sad-eyed boy named Roland, who serves as the court jester.

Unfortunately, the people from the fair are not the only visitors in Sunnydale. Roaming the countryside are nasty little creatures with a taste for flesh: the dark faerie. They are minions of the Wild Hunt, servants of the evil Erl King. Buffy's challenge is to annihilate the king and his murderous horde. But the path to his destruction leads straight to Roland,

who is not quite human...and destined to become the Slayer's mortal adversary.

Mentoring in Action

Bernan Press

Summary Liferay in Action is a comprehensive and authoritative guide to building portals on the Liferay 6 platform. Fully supported and authorized by Liferay, this book guides you smoothly from your first exposure to Liferay through the crucial day-to-day tasks of building and maintaining an enterprise portal that works well within your

existing IT infrastructure. About the Technology A portal is a website built around a collection of components that request, display, and share information. Liferay Portal 6, an enterprise-ready development platform, makes it a snap to build portals that integrate with your existing backend systems and provide a rich interactive user experience. Because Liferay uses standard Java and JavaScript, along with built-in SOAP and JSON support for web services, developers can be

productive immediately. And since it's available in both a free, open source version as well as a fully-supported commercial edition, it's an affordable solution for almost any business or organization. About the Book Liferay in Action is the official guide to building Liferay portal applications using Java and JavaScript. If you've never used Liferay before, don't worry. This book starts with the basics: setting up your development environment and creating a working portal. Then, it builds on

that foundation to help you discover social features, tagging, ratings, and more. You'll also explore the Portlet 2.0 API, and learn to create custom themes and reusable templates. Experienced developers will learn how to use new Liferay APIs to build social and collaborative sites, use the message bus and workflow, implement indexing and search, and more. This book was developed in close collaboration with Liferay engineers, so it answers the right questions, and

answers them in depth. No experience with Liferay or the Portlets API is required, but basic knowledge of Java and web technology is assumed. Purchase of the print book comes with an offer of a free PDF, ePub, and Kindle eBook from Manning. Also available is all code from the book. What's Inside Complete coverage of Liferay Portal 6 Covers both the commercial and open source versions Custom portlet development using the Portlet 2.0 spec Liferay's social network

 Useful business analysis requires you to effectively transform data into actionable information.
 This book helps you use SQL and Excel to extract business information from relational databases and use that data to define business dimensions, store transactions about

customers, produce results, and more. Each chapter explains when and why to perform a particular type of business analysis in order to obtain useful results, how to design and perform the analysis using SQL and Excel, and what the results should look like.

Original Series Winner of the 2016 Pulitzer Prize for Fiction Winner of the 2016 Edgar Award for Best First Novel Winner of the 2016 Andrew Carnegie Medal for Excellence in Fiction “[A] remarkable debut novel.” —Philip Caputo, New York Times Book Review (cover review) Winner of the 2016 Pulitzer Prize, a startling debut novel from a powerful new voice featuring one of the most remarkable narrators of recent fiction: a conflicted subversive and idealist working as a double agent

in the aftermath of the Vietnam War. The winner of the 2016 Pulitzer Prize for Fiction, as well as seven other awards, *The Sympathizer* is the breakthrough novel of the year. With the pace and suspense of a thriller and prose that has been compared to Graham Greene and Saul Bellow, *The Sympathizer* is a sweeping epic of love and betrayal. The narrator, a communist double agent, is a “man of two minds,” a half-French, half-Vietnamese army captain who arranges to come to

America after the Fall of Saigon, and while building a new life with other Vietnamese refugees in Los Angeles is secretly reporting back to his communist superiors in Vietnam. *The Sympathizer* is a blistering exploration of identity and America, a gripping espionage novel, and a powerful story of love and friendship.

Chase's Calendar of Events 2013 DC Comics Basic guide to mentoring in business. Examines a variety of mentoring schemes through case studies and examples.

Animal Man (1988-1995)
#5 Bloomsbury Publishing
USA

The first full-fledged history not just of the Man of Steel but of the creators, designers, owners, and performers who made him the icon he is today, from the New York Times bestselling author of Satchel and Bobby Kennedy “A story as American as Superman himself.”—The Washington Post
Legions of fans from Boston to Buenos Aires can recite the story of the child born Kal-El, scion of the

doomed planet Krypton, who was rocketed to Earth as an infant, raised by humble Kansas farmers, and rechristened Clark Kent. Known to law-abiders and evildoers alike as Superman, he was destined to become the invincible champion of all that is good and just—and a star in every medium from comic books and comic strips to radio, TV, and film. But behind the high-flying legend lies a true-to-life saga every bit as compelling, one that begins not in the far reaches of outer space

but in the middle of America’s heartland. During the depths of the Great Depression, Jerry Siegel was a shy, awkward teenager in Cleveland. Raised on adventure tales and robbed of his father at a young age, Jerry dreamed of a hero for a boy and a world that desperately needed one. Together with neighborhood chum and kindred spirit Joe Shuster, young Siegel conjured a human-sized god who was everything his creators yearned to be: handsome, stalwart,

and brave, able to protect the innocent, punish the wicked, save the day, and win the girl. It was on Superman's muscle-bound back that the comic book and the very idea of the superhero took flight. Tye chronicles the adventures of the men and women who kept Siegel and Shuster's "Man of Tomorrow" aloft and vitally alive through seven decades and counting. Here are the savvy publishers and visionary writers and artists of comics' Golden Age who ushered the red-and-blue-

clad titan through changing eras and evolving incarnations; and the actors—including George Reeves and Christopher Reeve—who brought the Man of Steel to life on screen, only to succumb themselves to all-too-human tragedy in the mortal world. Here too is the poignant and compelling history of Siegel and Shuster's lifelong struggle for the recognition and rewards rightly due to the architects of a genuine cultural phenomenon. From two-fisted

crimebuster to über-patriot, social crusader to spiritual savior, Superman—perhaps like no other mythical character before or since—has evolved in a way that offers a Rorschach test of his times and our aspirations. In this deftly realized appreciation, Larry Tye reveals a portrait of America over seventy years through the lens of that otherworldly hero who continues to embody our best selves.

Jim Butcher's The Dresden Files: Down

Town #1 McGraw Hill Professional
Names in Focus delves deep into the vast field of Finnish onomastics, covering place names, personal names, animal names, commercial names and names in literature. It provides the history and current trends in this area of research, and also supplements international terminology with the Finnish point of view on the subject. Brimming with examples and clear explanations, the book can be enjoyed by the most studious of

researchers as well as the casual reader who has a genuine interest in the study of names.
Superman: The Man of Steel Vol. 5 Bloomsbury Publishing USA

and why we wore it in The Greenwood Encyclopedia of Clothing in American History-Twentieth Century to the Present. This fascinating reference set provides two levels of information: descriptions of styles of clothes that Americans have worn and, as important, why they wore those types of clothes. With volume one covering 1900-1949 and volume two covering 1950 to the present, the first half of each volume provides four chapters that each examine the impact that political and

cultural events, arts and entertainment, daily life, and family structures have on fashion. The second half of each volume describes the important and everyday fashion and styles of the period, decade by decade, for women, men, and children. The set also includes helpful timelines; resource guides listing web sites, videos, and print publications; an extensive glossary; and illustrations. Fashion influences how we view other people and how we view ourselves. Find out

what we wore and why we wore it in *The Greenwood Encyclopedia of Clothing in American History - Twentieth Century to the Present*. This fascinating reference set provides descriptions of styles of clothes that men, women, and children have worn in the U.S. since 1900, and, as important, why they wore them. In addition to chapters describing fashion trends and types of clothes, this work examines the impact that cultural history has on fashion and how fashion may serve as an impetus

for change in society. With volume one covering 1900-1949 and volume two covering 1950 to the present, the first half of each volume provides four chapters that examine the impact that political and cultural events, arts and entertainment, daily life, and family structures have on cultural life and fashion. The second half of each volume describes the important and everyday fashion and styles of the period, decade by decade, for women, men, and

children. The set also includes helpful timelines; resource guides of web sites, videos, and print publications; an extensive glossary; and illustrations. Fashion is not for the exclusive use of the social elite and the rich, nor can it be simply dismissed as just showing off. We use fashion to express who we are and what we think, to project an image, to bolster our confidence, and to attract partners. [Songwriting For Dummies](#) McGraw Hill Professional "Pompian is handing you the magic book, the one

that reveals your behavioral flaws and shows you how to avoid them. The tricks to success are here. Read and do not stop until you are one of very few magicians." —Arnold S. Wood, President and Chief Executive Officer, Martingale Asset Management Fear and greed drive markets, as well as good and bad investment decision-making. In [Behavioral Finance and Wealth Management](#), financial expert Michael Pompian shows you, whether

you're an investor or a financial advisor, how to make better investment decisions by employing behavioral finance research. Pompian takes a practical approach to the science of behavioral finance and puts it to use in the real world. He reveals 20 of the most prominent individual investor biases and helps you properly modify your asset allocation decisions based on the latest research on behavioral anomalies of individual investors. [Chase's Calendar of](#)

Events 2018 DC Comics Bringing together the most popular genres of the 21st century, this book argues that Americans have entered a new era of narrative dominated by the fear—and wish fulfillment—of the breakdown of authority and terror itself. Bringing together disparate and popular genres of the 21st century, American Popular Culture in the Era of Terror: Falling Skies, Dark Knights Rising, and Collapsing Cultures argues that popular

culture has been preoccupied by fantasies and narratives dominated by the anxiety—and, strangely, the wish fulfillment—that comes from the breakdowns of morality, family, law and order, and storytelling itself. From aging superheroes to young adult dystopias, heroic killers to lustrous vampires, the figures of our fiction, film, and television again and again reveal and revel in the imagery of terror. Kavadlo's single-author, thesis-driven book makes

the case that many of the novels and films about September 11, 2001, have been about much more than terrorism alone, while popular stories that may not seem related to September 11 are deeply connected to it. The book examines New York novels written in response to September 11 along with the anti-heroes of television and the resurgence of zombies and vampires in film and fiction to draw a correlation between Kavadlo's "Era of Terror" and the events of

September 11, 2001. Geared toward college students, graduate students, and academics interested in popular culture, the book connects multiple topics to appeal to a wide audience.
