A Handbook for Travellers in Syria and Palestine Annick Press	
This book provides a demographic profile of the Syrian diaspora into Europe and identifies the issue of forced migration as a separate and increasingly salient topic within the more general field of migration research. It describes the progressive increase in numbers of Syrian refugees in different European countries during recent years and gives a demographic profile of the Syrian refugee population. The book also compares and synthesizes the demographic profiles presented, to show how the population of Syrian refugees differs from country to county in terms of age structure, sex ratio, family status, educational attainment and other social and economic characteristics. By providing a solid empirical portrait based on national and international statistics, this book will be a great resource to students, academics in migration and refugee studies as well as social scientists and policy-makers in European countries.

The Syria Dilemma Hurst	
Syria has been at the center of world news since 2011, following the beginnings of a popular uprising in the country and its subsequent violent and murderous repression by the Assad regime. Eight years on, Joseph Daher analyzes the resilience of the regime and the failings of the uprising, while also taking a closer look at the counter revolutionary processes that have been undermining the uprising from without and within. Joseph Daher is the author of Hezbollah: The Political Economy of the Party of God, and founder of the blog Syria Freedom Forever.	
Syria Land Ownership and Agricultural Laws Handbook Volume 1 Strategic Information and Basic Regulations Modern English Publishing	
Syria has long presented a serious problem for the Middle East region and U.S. policy. With its mix of competing religious and ethnic groups, radical ideologies, and political repression, it is a 72,000-square-mile time bomb waiting to go off. Yet surprisingly, very little is known about this country and the role it has played in shaping the destiny of the Middle East. In The Truth about Syria, Middle East expert Barry Rubin looks at the critical issues that have made the country the powderkeg of the Middle East and offers an insightful analysis of the effects of recent developments.	
Syria Export-Import, Trade and Business Directory Volume 1 Strategic Information and Contacts Walter de Gruyter GmbH & Co KG	
In the early 1980's, Syria's powerful army and pervasive security apparatus crushed opposition to the regime of Hafez Asad with great violence, killing at least 10,000 citizens and jailing thousands more. This report charges that in the intervening years, the government's respect for fundamental human rights has barely improved.

An unprecedented analysis of the crucial but underexplored roles the United States and other nations have played in shaping Syria's ongoing civil war "One of the best informed and non-partisan accounts of the Syrian tragedy yet published."—Patrick Cockburn, Independent Syria's brutal, long-lasting civil war is widely viewed as a domestic contest that began in 2011 and only later drew foreign nations into the fray. But in this book Christopher Phillips shows the crucial roles that were played by the United States, Russia, Iran, Saudi Arabia, Turkey, and Qatar in Syria's war right from the start. Phillips untangles the international influences on the tragic conflict and illuminates the West's strategy against ISIS, the decline of U.S. power in the region, and much more. Originally published in 2016, the book has been updated with two new chapters.	
A Hebrew and English Lexicon of the Old Testament Jeffrey Frank Jones	
Syria is now one of the most important countries in the world for the documentary film industry. Since the 1970s, Syrian cinema masters played a defining role in avant-garde filmmaking and political dissent against authoritarianism. After the outbreak of violence in 2011, an estimated 500,000 video clips were uploaded making it one of the first YouTubed revolutions in history. This book is the first history of documentary filmmaking in Syria. Based on extensive media ethnography and in-depth interviews with Syrian filmmakers in exile, the book offers an archival analysis of the documentary work by masters of Syrian cinema, such as Nabil Maleh, Ossama Mohammed, Mohammed Malas, Hala Al Abdallah, Hanna Ward, Ali Atassi and Omar Amiralay. Joshka Wessels traces how the works of these filmmakers became iconic for a new generation of filmmakers at the beginning of the 21st century and maps the radical change in the documentary landscape after the revolution of 2011. Special attention is paid to the late Syrian filmmaker and pro-democracy activist, Bassel Shehadeh, and the video-resistance from Aleppo and Raqqa against the regime of President Bashar al-Assad and the Islamic State. An essential resource for scholars of Syrian Studies, this book will also be highly relevant to the fields of media & conflict research, anthropology and political science.	
<i>The Muslim Brotherhood in Syria</i> Springer Nature	
Throughout the turbulent history of the Levant the 'Alawis - a secretive, resilient and ancient Muslim sect - have aroused suspicion and animosity, including accusations of religious heresy. More recently they have been tarred with the brush of political separatism and complicity in the excesses of the Assad regime, claims that have gained greater traction since the onset of the Syrian uprising and subsequent devastating civil war. The contributors to this book provide a complex and nuanced reading of Syria's 'Alawi communities -from loyalist gangs (Shabiha) to outspoken critics of the regime. Drawing upon wide-ranging research that examines the historic, political and social dynamics of the 'Alawi and the Syrian state, the current tensions are scrutinised and fresh insights offered. Among the themes addressed are religious practice, social identities, and relations to the Ba'ath party, the Syrian state and the military apparatus. The analysis also extends to Lebanon with a focus on the embattled 'Alawi community of Jabal Mohsen in Tripoli and state relations with Hizballah amid the current crisis.

<i>The Alawis of Syria</i> Oxford University Press	
The current Syrian crisis has its roots in the sectarian nature of the country's multi-religious society. Since Ottoman times, the different religious communities have enjoyed the right to regulate and administer their own family relations. Matters of personal status including marriage, divorce, child custody and inheritance continue to be managed by a variety of religious laws and courts operating simultaneously within the legal system of the state. However, this complex system of competing jurisdictions has also affected inter-communal relations and has been used to deepen communal divides. Esther van Eijk discusses socio-legal practices in Syria by focusing on three courts: a shar'iyya, a Catholic court and a Greek-Orthodox court. While the plurality of Syrian family law is clear, she shows how - irrespective of religious affiliation - it is nevertheless characterised by the prevalence of shared cultural or patriarchal views and norms on marital relations, family and gender. Based on extensive fieldwork, Family Law in Syria offers a detailed analysis of a country that has in recent years been inaccessible to researchers.The book is a vital contribution to the growing literature on personal status laws in the Middle East and sheds light on the historical, socio-political and religious complexities and fault-lines that mark contemporary Syria.	
Arabic Self-taught (Syrian) with English Phonetic Pronunciation Human Rights Watch	
The current conflict in Syria has killed more than 80,000 people and displaced four million, yet most observers predict that the worst is still to come. And for two years, the international community has failed to take action. World leaders have repeatedly resolved not to let atrocities happen in plain view, but the legacy of the bloody and costly intervention in Iraq has left policymakers with little appetite for more military operations. So we find ourselves in the grip of a double burden: the urge to stop the bleeding in Syria, and the fear that attempting to do so would be Iraq redux. What should be done about the apparently intractable Syrian conflict? This book focuses on the ethical and political dilemmas at the heart of the debate about Syria and the possibility of humanitarian intervention in today's world. The contributors--Syria experts, international relations theorists, human rights activists, and scholars of humanitarian intervention--don't always agree, but together they represent the best political thinking on the issue. The Syria Dilemma includes original pieces from Michael Ignatieff, Mary Kaldor, Radwan Ziadeh, Thomas Pierret, Afra Jalabi, and others. Contributors: Asli Bâli, Richard Falk, Tom Farer, Charles Glass, Shadi Hamid, Nader Hashemi, Christopher Hill, Michael Ignatieff, Afra Jalabi, Raff Jouejati, Mary Kaldor, MarLynch, Vali Nasr, Thomas Pierret, Danny Postel, Aziz Rana, Christoph Reuter, Kenneth Roth, Anne-Marie Slaughter, Fareed Zakaria, Radwan Ziadeh, Stephen Zunes

Newcomer Salma and friends cook up a heartwarming dish to cheer up Mama. All Salma wants is to make her mama smile again. Between English	

classes, job interviews, and missing Papa back in Syria, Mama always seems busy or sad. A homemade Syrian meal might cheer her up, but Salma doesn't know the recipe, or what to call the vegetables in English, or where to find the right spices! Luckily, the staff and other newcomers at the Welcome Center are happy to lend a hand—and a sprinkle of sumac. With creativity, determination, and charm, Salma brings her new friends together to show Mama that even though things aren't perfect, there is cause for hope and celebration. Syrian culture is beautifully represented through the meal Salma prepares and Anna Bron's vibrant illustrations, while the diverse cast of characters speaks to the power of cultivating community in challenging circumstances.

An Old Testament Commentary for English Readers: Deuteronomy, Joshua, Judges, Ruth, Samuel St. Martin's Press

While the Arab revolutions have obviously triggered extensive social and political changes, the far-reaching consequences of the cultural and discursive changes have yet to be adequately considered. For activists, researchers and journalists, the revolution was primarily a revolution in language; a break with the linguistic oppression and the rigidity of the old regimes. This break was accompanied by the emergence of new languages, which made it possible to inform, tell and translate the ongoing events and transformations. This language of the revolution was carried out into the world by competing voices from Syria (by local and foreign researchers, activists, and journalists). The core of this project is to find the various translations of the language of the Syrian revolution (2011 -2012) from Arabic to English to study and analyze. In addition, the discursive and non-discursive dimensions of the revolution are to be seen as another act of translation, including the language of the banners, slogans, graffiti, songs and their representation in English. This research aims, in addition to contextualizing the language of the revolution, to demonstrate how this language was translated into English through three levels of translation. The first explores the context of translations from Arabic into English and examines three English books written about Syria. The second level sees translation as an act of importation into the dominant discourse and is exemplified with three books representing the revolutionary language. The third, and last, level looks at translation from the margin to the center, represented by activist translations from Arabic into English. The research tries to study how translations of the language of the Syrian revolution are reshaped after leaving their originating discourse and entering the English one

Syrian Anatomy, Pathology and Therapeutics: English translation and index Haymarket Books

The eruption of the anti-Assad revolution in Syria has had many unintended consequences, among which is the opportunity it offered Sunni jihadists to establish a foothold in the heart of the Middle East. That Syria's ongoing civil war is so brutal and protracted has only compounded the situation, as have developments in Iraq and Lebanon. Ranging across the battlefields and international borders have been dozens of jihadi Islamist fighting groups, of which some coalesced into significant factions such as Jabhat al Nusra and the Islamic State. This book assesses and explains the emergence since 2011 of Sunni jihadist organizations in Syria's fledgling insurgency, charts their evolution and situates them within the global Islamist project.

Unprecedented numbers of foreign fighters have joined such groups, who will almost certainly continue to host them. Thus, external factors in their emergence are scrutinized, including the strategic and tactical lessons learned from other jihadist conflict zones and the complex interplay between Al-Qaeda and the Islamic State and how it has influenced the jihadist sphere in Syria. Tensions between and conflict within such groups also feature in

this indispensable volume.

The Truth about Syria Bradt Travel Guides

Syrian foreign policy, always opaque, has become an even greater puzzle during the Syrian revolt. Irrespective of the regime's international isolation in the wake of its violent response to domestic protest, it has paid lip-service to international peace plans while unperturbedly crushing the rebellion. The rare televised appearances of President Assad have shown a leader detached from reality. Has he-in his own words-'gone crazy'? In this book long-time Syria analyst and former diplomat Bente Scheller contends that Bashar Assad's deadly waiting game is following its own logic: whatever difficulties the Syrian regime has faced, its previous experience has been that it can simply sit out the current crisis. The difference this time is that Syria faces a double crisis-internal and external. While Hafez Assad, renowned as an astute politician, adapted to new challenges, his son, Bashar, seems to have no alternative plan of action. Scheller's timely book analyses Syrian foreign policy after the global upheavals of 1989, which was at the time a glorious new beginning for the regime. She shows how Bashar Assad, by ignoring change both inside Syria and in the region, has sacrificed his father's focus on national security in favour of a policy of regime survival and offers a candid analysis of the successes and shortcomings of Syrian foreign policy in recent years.

A Hebrew and English Lexicon of the Old Testament, Including the Biblical Chaldee Lulu.com

A look at the history of the Muslim Brotherhood in Syria, examining why the group failed to capitalise on its political advantage during the Syrian uprising and civil war.

Syria After the Uprisings MIT Press

Ephrem the Syrian (d. 373) has often been taken to represent an unhellenized Semitic form of Christianity in unbroken continuity with the tradition of Jesus and the apostles. This somewhat romanticized view of Ephrem disregards the fact that Syria had been subject to Greek influence since its conquest centuries earlier by Alexander the Great. Ephrem's own writings however frequently betray a familiarity with Greek philosophical ideas. This book first introduces Ephrem's intellectual context and his attitude towards learning. It then systematically analyzes parallels between Ephrem and Greek writers on the subjects of atomism, space, on corporeals, vision, and the four elements. This study thereby demonstrates that Ephrem draws not only on Semitic cultural traditions, but also on Greek philosophical thought.
