From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know

what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party

**Praise for Ask a Manager** “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By* and *Get Your Financial Life*

Finally a novel that puts the “pissed” back into “epistolary.” Jason Fitger is a beleaguered professor of creative writing and literature at Payne University, a small and not very distinguished liberal arts college in the midwest. His department is facing draconian cuts and squalid quarters, while one floor above them the Economics Department is getting lavishly remodeled offices. His once-promising writing career is in the doldrums, as is his romantic life, in part as the result of his unwise use of his private affairs for his novels. His star (he thinks) student can't catch a break with his brilliant (he thinks) work *Accountant in a Bordello*, based on Melville's *Bartleby*. In short, his life is a tale of woe, and the vehicle this droll and inventive novel uses to tell that tale is a series of hilarious letters of recommendation that Fitger is endlessly called upon by his students and colleagues to produce, each one of which is a small masterpiece of high dudgeon, low spirits, and passive-aggressive strategies. We recommend *Dear Committee Members* to you in the strongest possible terms. Don't miss Julie Schumacher's new novel, *The English Experience*, coming soon.

This volume accentuates how ELT materials can be a mediation of capitalizing on moral and cultural values, which are more locally-grounded in respective Southeast Asia (SEA) countries. It features critical studies on locally-produced ELT materials (textbooks) situated in the following SEA countries: Timor-Leste, The Philippines, Singapore, Malaysia, Cambodia, Vietnam, Indonesia, and Thailand. The chapters, written by experts who know the ELT context of their respective SEA country, critically examine the design and use of ELT materials widely used in local and national contexts. Thus, the volume provides fresh insight into how values are uniquely manifested in language classroom materials. The present text also brings together empirical, conceptual and practical grounds for incorporating moral and cultural values into ELT materials development in such a way that it views morality and culture as a mutually complementing entity. This much-needed volume will be a valuable resource for those interested in the design and use of language materials in culturally and linguistically diverse contexts, such as in the Asia Pacific, America, Africa, and Europe.

A comprehensive guide to the medical, emotional, and social issues of trans kids. These days, it is practically impossible not to hear about some aspect of transgender life. Whether it is the bathroom issue in North Carolina, trans people in the military, or on television, trans life has become front and center after years of marginalization. And kids are coming out as trans at younger and younger ages, which is a good thing for them. But what written resources are available to parents, teachers, and mental health professionals who need to support these children? Elijah C. Nealy, a therapist and former deputy executive director of New York City's LGBT Community Center, and himself a trans man, has written the first-ever comprehensive guide to understanding, supporting, and welcoming trans kids. Covering everything from family life to school and mental health issues, as well as the physical, social, and emotional aspects of transition, this book is full of best practices to support trans kids.

After-school programs, scout groups, community service activities, religious youth groups, and other community-based activities have long been thought to play a key role in the lives of adolescents. But what do we know about the role of such programs for today's adolescents? How can we ensure that programs are designed to successfully meet young people's developmental needs and help them become healthy, happy, and productive adults?

Community Programs to Promote Youth Development explores these questions, focusing on essential elements of adolescent well-being and healthy development. It offers recommendations for policy, practice, and research to ensure that programs are well designed to meet young people's developmental needs. The book also discusses the features of programs that can contribute to a successful transition from adolescence to adulthood. It examines what we know about the current landscape of youth development programs for America's youth, as well as how these programs are meeting their diverse needs. Recognizing the importance of adolescence as a period of transition to adulthood, Community Programs to Promote Youth Development offers authoritative guidance to policy makers, practitioners, researchers, and other key stakeholders on the role of youth development programs to promote the healthy development and well-being of the nation's youth.

### How to Write Powerful Letters of Recommendation Macmillan

In the past decade, American and Canadian pediatric societies have recommended that pediatric care clinicians follow a schedule of routine surveillance and screening for young children to detect conditions such as developmental delay, speech and language delays and disorders, and

autism spectrum disorder. The goal of these recommendations is to ensure that children with these developmental issues receive appropriate referrals for evaluation and intervention. However, in 2015 and 2016, the US Preventive Services Task Force (USPSTF) and the Canadian Task Force on Preventive Health Care issued recommendations that did not support universal screening for these conditions. This occasional paper is designed to help make sense of the discrepancy between Task Force recommendations and those of the pediatric community in light of research and practice. To clarify the issues, this paper reviews the distinction between screening and surveillance; the benefits of screening and early identification; how the USPSTF makes its recommendations; and what the implications of not supporting screening are for research, clinical practice, and families.
