UP FROM SLAVERY The autobiography of Booker T Washington is a startling portrait of one of the great Americans of the late nineteenth and early twentieth century. The illegitimate son of a white man and a Negro slave, Washington, a man who struggled for his education, would go on to struggle for the dignity of all his

people in a hostile and alien society. THE SOULS OF BLACK FOLK W.E.B. DuBois's classic is a major sociological document and one of the momentous books in the mosaic of American literature. No other work has had greater influence on black thinking, and nowhere is the African-American's unique heritage and his kinship with all men so passionately described. THE AUTOBIOGRAPHY OF AN EX-COLORED MAN Originally published anonymously, James Weldon Johnson's penetrating work is a remarkable human account of the life of black Americans in the early twentieth century and a profound interpretation of his feelings towards the white man and towards members of his own race. No other book touches with such understanding and objectivity on the phenomenon once called "passing" in a white society. These three narratives, gathered together in Three Negro Classics chronicle the remarkable evolution of African-American consciousness on both a personal and social level. Profound, intelligent, and insightful, they are as relevant today as they have ever been. The Autobiography of Booker T. NEW YORK TIMES BESTSELLER • Tarana Burke and Dr. Brené Brown bring together a dynamic group of Black writers,

organizers, artists, academics, and cultural figures to discuss the topics the two have dedicated their lives to understanding and teaching: vulnerability and shame resilience. Contributions by Kiese Laymon, Imani Perry, Laverne Cox, Jason Reynolds, Austin Channing Brown, and more NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE AND BOOKRIOT It started as a text between two friends. Tarana Burke, founder of the 'me too.' Movement, texted researcher and writer Brené Brown to see if she was free to jump on a call. Brené assumed that Tarana wanted to talk about wallpaper. They had been trading home decorating inspiration boards in their last text conversation so Brené started scrolling to find her latest Pinterest pictures when the phone rang. But it was immediately clear to Brené that the conversation wasn't going to be about wallpaper. Tarana's hello was serious and she hesitated for a bit before saying, "Brené, you know your work affected me so deeply, but as a Black woman, I've sometimes had to feel like I have to contort myself to fit into some of your words. The core of it rings so true for me, but the application has been harder." Brené replied, "I'm so glad we're talking about this. It makes sense to me. Especially in terms of vulnerability. How do you take the armor off in a country where you're not physically or emotionally safe?" Long pause. "That's why I'm calling," said Tarana. "What do you think about working together on a book about the Black experience with vulnerability and shame resilience?" There was no hesitation. Burke and Brown are the perfect pair to usher in this stark, potent collection of essays on Black shame and healing. Along with the anthology contributors, they create a space to recognize and process the trauma of white supremacy, a space to be vulnerable and affirm

the fullness of Black love and Black life.

This autobiography of Booker T. Washington is unabridged, and contains an additional annotation at the start of the book. This section aims to give the reader an historical context, and contains a brief History of Slavery in America, and the Abolishment of Slavery. This will help set the stage for this autobiography by Booker T. Washington: "I was born a slave on a plantation in Franklin County, Virginia. I am not quite sure of the exact place or exact date of my birth, but at any rate I suspect I must have been born somewhere and at some time. As nearly as I have been able to learn, I was born near a cross-roads post-office called Hale's Ford, and the year was 1858 or 1859. I do not know the month or the day. The earliest impressions I can now recall are of the plantation and the slave quarters--the latter being the part of the plantation where the slaves had their cabins. My life had its beginning in the midst of the most miserable, desolate, and discouraging surroundings. This was so, however, not because my owners were especially cruel, for they were not, as compared with many others. I was born in a typical

log cabin, about fourteen by sixteen feet square. In this cabin I lived with my mother and a brother and sister till after the Civil War, when we were all declared free. This volume is the outgrowth of a series of articles, dealing with incidents in my life, which were published consecutively in the Outlook. I have tried to tell a simple, straightforward story, with no attempt at embellishment. The greater part of my time and strength is required for the executive work connected with the Tuskegee Normal and Industrial Institute, and in securing the money necessary for the support of the institution. Much of what I have said has been written on board trains, or at hotels or railroad stations while I have been waiting for trains, or during the moments that I could spare from my work while at Tuskegee." -- Booker T. Washington "

Inspired by the centenary of the publication of Washington's autobiography, *Up From Slavery*, this collection of essays reinterprets Washington's career and self-presentation. As the most visible and widely acclaimed black leader of his era, Washington played a pivotal role in advocating a strategy for the racial uplift of African Americans in an age of intensifying racism and discrimination. This collection insists that in order to understand the era of Jim Crow, we must come to terms with Washington and his autobiography. It uses Washington, his autobiography, and his program to consider the meanings of *Up From Slavery*, the plight of African Americans, and possible responses by blacks in the United States and elsewhere to the highest stage of white supremacy. Collectively and individually, these essays shed light on aspects of Washington and his life that

have been poorly understood. Neither a critique nor an apologia, Booker T. Washington and Black Progress offers fresh perspectives by leading scholars on one of the most remarkable and influential figures in turn-of-the-century America, providing a new appreciation of both the man and his times.

Up From Slavery: An Autobiography by Booker T. Washington on his task as an economic one instead of a theological one." I wrote

him an apology for mistaking him for a preacher. The first time that I went to Tuskegee I was asked to make an address to the school on Sunday evening. I sat upon the platform of the large chapel and looked forth on a thousand coloured faces, and the choir of a hundred or more behind me sang a familiar religious melody, and the whole company joined in the chorus with uncton. I was the only white man under the roof, and the scene and the songs made an impression on me that I shall never forget. Mr. Washington arose and asked them to sing one after another of the old melodies that I had heard all my life; but I had never before heard them sung by a thousand voices nor by the voices of educated Negroes. I had associated them with the Negro of the past, not with the Negro who was struggling upward. They brought to my mind the plantation, the cabin, the slave, not the freedman in quest of education. But on the plantation and in the cabin th We are delighted to publish this classic book as part of our extensive Classic Library collection. The Souls of Black Folk is a classic work of American literature by W. E. B. Du Bois. It is a seminal work in the history of sociology, and a cornerstone of African-American literary history. To develop this groundbreaking work, Du Bois drew from his own experiences as an African-American in the American society.

In this groundbreaking modern slave narrative, Francis Bok shares his remarkable story with grace, honesty, and a wisdom gained from surviving ten years in captivity. May, 1986: Selling his mother's eggs and peanuts near his village in southern Sudan, seven year old Francis Bok's life was shattered when Arab raiders on horseback, armed with rifles and long knives, burst into the quiet marketplace, murdering men and women and gathering the young children into a group. Strapped to horses and donkeys, Francis and others were taken north, into lives of slavery under

wealthy Muslim farmers. For ten years, Francis lived alone in a shed near the goats and cattle that were his responsibility. Fed with scraps from the table, slowly learning bits of an unfamiliar language and religion, the boy had almost no human contact other than his captor's family. After two failed attempts to escape-each bringing severe beatings and death threats-Francis finally escaped at age seventeen, a dramatic breakaway on foot that was his final chance. Yet his slavery did not end there, for even as he made his way toward the capital city of Khartoum, others sought to deprive him of his freedom. Determined to avoid that fate and discover what had happened to his family on that terrible day in 1986, the teenager persevered through prison and refugee camps for three more years, winning the attention of United Nations officials and being granted passage to America. Now a student and an anti-slavery activist, Francis Bok has made it his life mission to combat world slavery. His is the first voice to speak for an estimated twenty seven million people held against their will in nearly every nation, including our own. Escape from Slavery is at once a riveting adventure, a story of desperation and triumph, and a window revealing a world that few have survived to tell.
