The Humble Argument Speedy Publishing LLC

Beyond Argument offers an in-depth examination of how current ways of thinking about the writer-page relation in personal essays can be reconceived according to practices in the “care of the self” — an ethic by which writers such as Seneca, Montaigne, and Nietzsche lived. This approach promises to revitalize the form and address many of the concerns expressed by essay scholars and writers regarding the lack of rigorous exploration we see in our students’ personal essays — and sometimes, even, in our own. In pursuing this approach, Sarah Allen presents a version of subjectivity that enables productive debate in the essay, among essays, and beyond.

Argumentative Essay (Speedy Study Guides) John Wiley & Sons

George Orwell set out ‘to make political writing into an art’, and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell’s essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell’s Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the ‘four great motives for writing’ – ‘sheer egoism’, ‘aesthetic enthusiasm’, ‘historical impulse’ and ‘political purpose’ – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell’s mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer’s oeuvre. ‘A writer who can – and must – be rediscovered with every age.’ — Irish Times

Teaching Argument Writing, Grades 6-12 Taylor & Francis

Academic Writing, Real World Topics fills a void in the writing-across-the-curriculum textbook market. It draws together articles and essays of actual academic prose as opposed to journalism; it arranges material topically as opposed to by discipline or academic division; and it approaches topics from multiple disciplinary and critical perspectives. With extensive introductions, rhetorical instruction, and suggested additional resources accompanying each chapter, Academic Writing, Real World Topics introduces students to the kinds of research and writing that they will be expected to undertake throughout their college careers and beyond. Readings are drawn from various disciplines across the major divisions of the university and focus on issues of real import to students today, including such topics as living in a digital culture, learning from games, learning in a digital age, living in a global culture, our post-human future, surviving economic crisis, and assessing armed global conflict. The book provides students with an introduction to the diversity, complexity and connectedness of writing in higher education today. Part I, a short Guide to Academic Writing, teaches rhetorical strategies and approaches to academic writing within and across the major divisions of the academy. For each writing strategy or essay element treated in the Guide, the authors provide examples from the reader, or from one of many resources included in each chapter’s Suggested Additional Resources. Part II, Real World Topics, also refers extensively to the Guide. Thus, the Guide shows student writers how to employ scholarly writing practices as demonstrated by the readings, while the readings invite students to engage with scholarly content.

A Guide to Writing Argumentative Essays 2E (Custom for Usc) Firsthand Books

Written as an essential guide for first-year university students, A Guide to University Assessment provides explanation and strategies for the successful completion of popular forms of assessment. This book takes the unique approach of catering for reading learners through definition and clarification of key aspects in essay writing (telling them how to write an essay), before focusing on visual learners with a sample essay that is deconstructed with the use of detailed figures (showing

them how to write the essay). This is followed with a guide for public speaking, and a section outlining how to approach group work. This easy-to-follow method not only increases student understanding of the different aspects of university assessment, but demonstrates the purpose and function of these aspects in a working sample. From the earliest stages of generating ideas, through brainstorming, to the final development of argument, this resource will promote essay writing, public speaking and group work skills and assist in consistently achieving higher marks. **Argumentative Essays: A Step-by-Step Guide** Quickstudy Reference Guides This Argumentative Essay study guide is created by Pamphlet Master for students everywhere. This tool has a comprehensive variety of college and graduate school topics/subjects which can give you what it takes to achieve success not only in school but beyond. Academic Writing, Real World Topics Equinox Publishing (UK)

In order for students to write effective arguments, they need to read good arguments. In this practical book, you’ll find out how to use mentor texts to make writing instruction more meaningful, authentic, and successful. Author Sean Ruday demonstrates how you can teach middle school students to analyze the qualities of effective arguments and then help them think of those qualities as tools to improve their own writing. You’ll learn how to: Introduce high-interest topics to students to get them interested and engaged in argument writing. Teach students to look at multiple sides of an issue and critically evaluate evidence to construct informed, defensible arguments. Make argument writing an interactive, student-driven exercise in which students pursue their own writing projects. Use mentor texts to help students learn the core concepts of argument writing and apply those skills across the curriculum. The book is filled with examples and templates you can bring back to the classroom immediately, as well as an annotated bibliography which links the concepts in this book to the corresponding Common Core State Standards. Blank templates are also available as printable eResources on our website (<http://www.routledge.com/9781138924390>).

Writing Argumentative Essays Renard Press Ltd

The Humble Argument is so much more than a writing textbook. It gives you tools, tips, and tricks that actually explain what a writer does. It doesn’t sugarcoat the process or dumb down the very real challenges that entering a college writing space requires. This book is more like a friend. It’s the kind of friend that will coach you through a tough time and encourage you, and it will make you laugh while you go through it. It’s the kind of friend who holds your hair back when you’re sick of writing and gives you the courage to try again. Roy K. Humble is the kind of writing teacher who understands the struggle of learning how to write arguments like a college student and doesn’t just tell you what you want to hear. His lessons here are profound, but in the sense that they are delivered by someone who wants you to feel included in the conversation about what good college writing should be. He writes to students in language they can understand without becoming English majors, and with just enough humor to keep them reading. He writes for faculty, moving step by step through the unadorned guiding principles of effective formal writing so that faculty have a great framework on which to build their classes. Perhaps most importantly, Humble understands that the price of a book matters to students, so his books are affordable. From every perspective, Humble gets it. The Humble Argument has students covered on these important topics: Understanding argument as an idea Grasping the stages of the writing process Organizing an argument around rhetorical principles Thinking for yourself as a college student Crafting a careful and clear thesis Gathering and synthesizing evidence to support a thesis Guiding readers through a thoughtful persuasive essay

The Core Six Routledge

No more low scores in the GRE Analytical Writing section! Writing Better Essays SAGE Publications

Understanding and Evaluating Research: A Critical Guide aims to sensitize students to the necessity of learning how not to defer to the mysterious authority of the experts, but rather to learn how to be a critical consumer of others' research, and to gain confidence in their ability to be producers of research. Sue McGregor shows students how to be research literate, and how to find, critique and apply other people's scholarship. This textbook is grounded in a solid understanding of the prevailing research methodologies for creating new knowledge (philosophical underpinnings), which in turn dictate problem posing, theory selection, and research methods (tasks for sampling, collecting and analyzing data, and reporting results).

How to Write an Essay Parlor Press LLC

This is the chapter slice "Writing a Persuasive Essay" from the full lesson plan "How to Write an Essay". Take the fear out of writing essays and empower your students by giving them the tools to comprehensively express their point of view. Our workbook provides clear and concise lessons about every stage of the writing process.
